Strategic Report

The Directors present their Strategic report of Demon Music Group Limited (the "Company") for the year ending 31 March 2022.

Principal activity and business review

The principal activity of the Company is the publishing and marketing of music through compact discs, vinyl records, all digital formats and licensing of music rights.

The Directors consider that the Company's main performance indicator is profit. Profit on ordinary activities before taxation was £4.1m (2021: £1.3m). Turnover at £11.5m has increased slightly from the prior year (2021: £10.5m). Gross margin increased by 5% to 46% (2021: 41%) primarily as a result of the increase in turnover.

Principal risks and uncertainties

The physical music market, in which Demon Music Group Limited operates continues to decline both in volume and increased downward pressure on prices from retailers.

Market risks and uncertainties are mitigated by management controls around release schedules, through tracking weekly sales performance against forecast and monthly financial reviews.

Notes to the financial statements

1 Principal accounting policies

A summary of the Company's principal accounting policies is set out below. These accounting policies have been applied consistently throughout the current and preceding years to items considered material to the financial statements.

1a Basis of preparation

Demon Music Group Limited is a company incorporated in the United Kingdom under the Companies Act. The address of the registered office is given on page 3. The nature of the Company's operations and its principal activities are set out in the Strategic report on page 2.

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. The Company has applied the requirements of IFRS 1.6-33 and related appendices. These financial statements were prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

The financial statements have been prepared under the historical cost basis.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available in relation to business combinations, share-based payments, non-current assets held for sale, financial instruments, capital management, presentation of comparative information in respect of certain assets, presentation of a cash-flow statement, standards not yet effective, impairment of assets and related party transactions. Where required, equivalent disclosures for the exemption adopted are given in the Group accounts of BBC Commercial Limited. The Group accounts of BBC Commercial Holdings Limited are available to the public and can be obtained as set out in note 10.

1b Going concern

The Directors have considered the funding and liquidity position of the Company and of its intermediate parent company, 2 Entertain Limited. Following this review, the Directors consider it appropriate to continue to prepare the financial statements on the going concern basis.

1c Group financial statements

The financial statements present information about the Company as an individual undertaking and not about its group. The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare group financial statements on the grounds that it is a wholly owned subsidiary undertaking of BBC Commercial Limited, incorporated in Great Britain and registered in England and Wales.

1d Revenue

Company revenue represents wholesale sales to retailers, sub-licensing royalties, digital download, streaming and other income earned during the year. The basis upon which revenue is recognised is as follows:

Wholesale sales to retailers are recognised on delivery of the product and are recorded at the fair value of consideration receivable, net of discounts and after deduction of the sales value of actual and estimated returned goods.

Licensing royalties are recognised as revenue when the following criteria are all met:

- (i) the licence agreement has been executed by all parties;
- (ii) the licence term has commenced;
- (iii) the collection of licensing royalties is reasonably assured.

Notes to the financial statements (continued)

1d Revenue (continued)

All licensing royalties received in advance are included within deferred income until the above criteria are met. Other income, including sales commission, is recognised on an accruals basis to match the provision of the related goods or services. Revenue excludes value added tax and trade discounts and is recognised at the fair value of consideration receivable.

1e Foreign currency translation

Transactions in foreign currencies are translated into sterling using the rate of exchange ruling at the date of the transaction. Balances held at year-end in foreign currencies are translated at the balance sheet date.

1f Fixed asset investments

Fixed asset investments are recorded at cost less provision for impairment.

1g Stocks

Stocks are stated at the lower of cost and net realisable value.

1h Advance royalties

Advance royalties are stated at cost less amounts recouped against royalties payable on sales and provision for any anticipated un-recoupable amounts.

1i Taxation

The charge for taxation is based on the profit or loss for the year and takes into account taxation deferred because of temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Except where otherwise required by accounting standards full provision without discounting is made for all temporary differences that have arisen but not reversed at the balance sheet date.

Deferred tax assets are recognised to the extent that, on the basis of all available evidence, it is more likely than not that they will be recovered. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which temporary differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Notes to the financial statements (continued)

2 Staff Costs

The Company had no employees during the current or preceding year. No Director of the Company received any remuneration for qualifying services to the Company during the year (2021: £nil). All employee costs in relation to the Company are incurred and borne by the parent company, BBC Studios Distribution Limited.
