Directors' report

for the year ended 31st December, 2000

#### **Activities**

The Company held a share in an investment pool during the year.

#### Result

The result for the year is shown on page 6. The directors do not recommend the payment of a dividend (1999 £nil).

#### Euro currency

The impact the introduction of the Euro has had on the Company is minimal. However system and product changes required to achieve Euro capability by 1<sup>st</sup> January 1999 were successfully implemented and work to change over to the Euro by 2002 remains on target. The incremental costs of the current Euro projects, including future costs, will be borne by the Parent Company. Plans are also being developed to address the possible extended scope of the Euro, including the UK's potential entry.

#### **Directors**

P. Spencer and K.J. Powell have served throughout the year. The directors did not have any interest in the shares of the Company. The interest in the shares of Royal & Sun Alliance Insurance Group plc for Mr. Spencer is disclosed in the financial statements of that Company.

The interests of Mr Powell in the ordinary shares of Royal & Sun Alliance Insurance Group plc are as follows:-

Ordinary shares <sup>1</sup> held			Ordinary shares

#### Statement of Directors' Responsibilities and Auditors' Report

#### Directors' responsibilities

The directors are required by UK company law to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company as at the end of the financial year and of the profit or loss of the Company for that period.

The directors confirm that suitable accounting policies have been used and applied consistently, and reasonable and prudent judgements and estimates have been made in the preparation of the financial statements for the year ended 31st December 2000. The directors also confirm that applicable accounting standards have been followed and that the financial statements have been prepared on the going concern basis.

The directors have responsibility for ensuring that the Company keeps proper accounting records. The directors have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

#### Auditors' report to the members of Northern Maritime Insurance Company Limited

We have audited the financial statements on pages 5 to 9 which have been prepared in accordance with the accounting policies set out on page 5.

#### Respective responsibilities of directors and auditors

The directors are responsible for preparing the Annual Report. As described above, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

#### Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the Company's affairs at 31st December 2000 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

# The Northern Maritime Insurance Company Limited Accounting Policies

The financial statements are prepared in accordance with applicable United Kingdom accounting standards, the Statement of Recommended Practice (SORP) issued by the Association of British Insurers in December 1998 and the provisions of section 255 of, and schedule 9A to, the Companies Act 1985.

The financial statements have been prepared under the historical cost accounting rules.

#### 2 Investment return

Income from investments is included in the profit and loss account on an accruals basis. Realised and unrealised gains and losses are dealt with in the non-technical account. Realised gains and losses represent the net sale proceeds less the purchase price.

#### 3 Taxation

Taxation in the non-technical account is based on profits and income for the year as determined in accordance with the relevant tax legislation, together with adjustments to provisions for prior years.

Deferred taxation is calculated on the liability method and consists of the estimated taxation, or relief from taxation, which is expected to arise in the foreseeable future from material timing differences using expected future rates of tax where applicable. Credit is taken for relief for trading losses only to the extent that the directors anticipate that profits will absorb such losses in the foreseeable future.

#### 4 Investments

Investments are shown at market value. For listed securities the Stock Exchange values are used.
