## NOTES TO THE ABBREVIATED ACCOUNTS - YEAR ENDED 31 DECEMBER 1998

### 1. ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts.

(a) Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets. The effects of events relating to the year ended 31 December 1998 which occurred before the date of approval of the financial statements by the board of directors have been included in the statements to the extent required to show a true and fair view of the state of affairs at 31 December 1998 and of the results for the year ended on that date.

(b) Depreciation

Depreciation has been computed to write off the cost of tangible fixed assets over their expected useful lives. The charge for the year for furniture, fixtures and fittings is estimated by the directors. Freehold land is not depreciated. Freehold buildings are not depreciated as the directors consider the residual value to be in excess of net book value.
