STRATEGIC REPORT FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Introduction

The directors present their Strategic Report on the affairs of the Company for the period to 27 March 2021. The Company's business activities together with the factors likely to affect its future development, performance and position are set out in this Strategic Report. The directors, in preparing this Strategic Report, have complied with s414C of the Companies Act 2006.

Business review

The results for the year, which are set out on page 7, were considered satisfactory by the Directors. Further analysis is presented below.

Detailed results for the Group are included in the consolidated accounts of the Company's parent, International Entertainment Holdings Limited.

Key performance indicators

Due to the closure of venues throughout FY21, the non-financial key performance indicators usually used to monitor the business have not been considered by management, with focus instead on cash management and cost reduction.

The financial key performance indicators are disclosed in the consolidated Group Annual Report and Accounts. For this reason, the Company's directors believe that analysis using key performance indicators for the Company is not necessary or appropriate for an understanding of the development, performance or position of the Company. The performance of the Group's central functions, which includes the Company, is discussed in the Business Review sections of the Group Annual Report.

Principal risks and uncertainties

The principal risk of the business is a downturn in theatre attendance. There are potential factors outside the Group's control that might impact theatre attendance such as economic slowdowns or recessions or other extraordinary events like a global pandemic or terrorist attacks. Historically, the theatre industry has proven to be resilient in the wake of unexpected events over previous periods.

The risk of a downturn in theatre attendance has increased due to the impact of COVID-19 on consumer confidence and the government' restrictions on mass gatherings.

The company's commitment is to attract customers with new material and manage dark periods through nurturing strong relationships with show producers. Along with Group investment in new shows this helps to reduce the impact of uncertainties in the market and enables the company, along with the rest of the Group, to take a long-term view.

To reduce the risk of lower attendance due to the COVID-19 pandemic, we will ensure that all efforts to make our venues as safe as possible have been met so that visitors are comfortable and safe when returning to our venues.

Due to the nature of the Company's business and the assets and liabilities contained within the company's balance sheet, the only significant financial risk that the Directors consider relevant to this company is credit risk. This risk is mitigated through long-standing relationships with large ticketing agents and close monitoring of debtors who fail to pay within the Company's standard payment terms which are set under contract up front. Liquidity risk is mitigated through Group funding arrangements.

STRATEGIC REPORT (CONTINUED) FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

Environmental Matters

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements appropriate policies to minimise any damage that might be caused by the Group's activities.

The Group seeks to reduce the environmental impact of its operations through responsible resource procurement and consistently thrives to eliminate waste with our supply chain partners. Specifically, we are driving efficient energy procurement, diverting all of our waste from landfill and where possible, installing energy efficient systems in our venues. As an organisation our environmental impact is a key pillar of our overarching Corporate Social Responsibility strategy.

The closure of the Group's venues throughout the year caused the majority of its ongoing environmental impact initiatives to be paused. However, the closure of all venues and offices has in itself reduced the Group's environmental impact.

Our People

The Group complies with all relevant legislation including those specifically targeted at preventing discrimination. Such principles are embedded through the organisation by the requisite policies. The Group is committed to ensuring the health, safety and welfare of its employees as far as is reasonably practicable. The Group seeks to ensure that statutory duties are met at all times and that it operates effective health and safety management policies and procedures.

The Group's policy is to consult and discuss with employees, through unions, staff councils, meetings and company-wide surveys, matters likely to affect employees' interests. Information on matters of concern to employees is given through information bulletins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Group's performance.

J N Oldcorn Director

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

CHARTERED ACCOUNTANTS' REPORT TO THE BOARD OF DIRECTORS ON THE PREPARATION OF THE UNAUDITED STATUTORY FINANCIAL STATEMENTS OF SAVOY THEATRE LIMITED FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the financial statements of Savoy Theatre Limited for the 52 week period ended 27 March 2021 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and the related notes from the Company's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed at https://www.icaew.com/regulation.

This report is made solely to the Board of Directors of Savoy Theatre Limited, as a body, in accordance with the terms of our engagement letter dated 10 August 2021. Our work has been undertaken solely to prepare for your approval the financial statements of Savoy Theatre Limited and state those matters that we have agreed to state to the Board of Directors of Savoy Theatre Limited, as a body, in this report in accordance with ICAEW Technical Release TECH07/16AAF. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Savoy Theatre Limited and its Board of Directors, as a body, for our work or for this report.

It is your duty to ensure that Savoy Theatre Limited has kept adequate accounting records and to prepare statutory financial statements that give a true and fair view of the assets, liabilities, financial position and loss of Savoy Theatre Limited. You consider that Savoy Theatre Limited is exempt from the statutory audit requirement for the 52 week period.

We have not been instructed to carry out an audit or review of the financial statements of Savoy Theatre Limited. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

1. General information

Savoy Theatre Limited (the "Company") is a company limited by shares, incorporated in England and Wales. Details of the Company's principal activity, registered office and directors can be found in the Directors' Report and on the Company Information page.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The financial statements are presented in sterling, rounded to the nearest thousand, unless otherwise indicated.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

2.2 Financial reporting standard 101 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - paragraph 79(a)(iv) of IAS 1;
 - paragraph 73(e) of IAS 16 Property, Plant and Equipment;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

The Company's revenue primarily relates to the sale of tickets and from providing theatre related services including venue use, bar and merchandise sales and sponsorship, excluding value added tax, credit card commission and ticket agent commission. Ticket revenue is recognised on performance of the show to which tickets relate. Theatre related revenue are recognised in the period to which the services relate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

2. Accounting policies (continued)

2.4 Property, plant and equipment

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

The estimated useful lives range as follows:

Freehold property

- 50 years

Fixtures & fittings

- between 5 and 20 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.5 Revaluation of property, plant and equipment

Individual freehold and leasehold properties are carried at current year value at fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are undertaken with sufficient regularity to ensure the carrying amount does not differ materially from that which would be determined using fair value at the Statement of Financial Position date.

Fair values are determined from market based evidence normally undertaken by professionally qualified valuers.

Revaluation gains and losses are recognised in other comprehensive income unless losses exceed the previously recognised gains or reflect a clear consumption of economic benefits, in which case the excess losses are recognised in profit or loss.

2.6 Inventories

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.7 Trade and other receivables

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

NOTES TO THE FINANCIAL STATEMENTS FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

2. Accounting policies (continued)

2.8 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.9 Financial instruments

The Company recognises financial instruments when it becomes a party to the contractual arrangements of the instrument. Financial instruments are de-recognised when they are discharged or when the contractual terms expire. The Company's accounting policies in respect of financial instruments transactions are explained below:

Financial assets

The Company classifies all of its financial assets as loans and receivables.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of contractual monetary asset. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment.

Impairment provisions are recognised when there is objective evidence (such as significant financial difficulties on the part of the counterparty or default or significant delay in payment) that the Company will be unable to collect all of the amounts due under the terms receivable, the amount of such a provision being the difference between the net carrying amount and the present value of the future expected cash flows associated with the impaired receivable. For trade receivables, which are reported net, such provisions are recorded in a separate allowance account with the loss being recognised within administrative expenses in the Statement of Comprehensive Income. On confirmation that the trade receivable will not be collected, the gross carrying value of the asset is written off against the associated provision.

Financial liabilities

The Company classifies all of its financial liabilities as liabilities at amortised cost.

At amortised cost

Financial liabilities at amortised cost including bank borrowings are initially recognised at fair value net of any transaction costs directly attributable to the issue of the instrument. Such interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried into the Statement of Financial Position.

2.10 Trade and other payables

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

2. Accounting policies (continued)

2.11 Government grants

Government grants are measured at the fair value of the asset received or receivable. Grants are accounted under the accruals model as permitted by FRS 102. Grants of a revenue nature are recognised in the consolidated statement of comprehensive income in the same period as the related expenditure.

2.12 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.13 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

2.14 Borrowing costs

All borrowing costs are recognised in Statement of Comprehensive Income in the period in which they are incurred.

2.15 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the Statement of Financial Position date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of Financial Position.

NOTES TO THE FINANCIAL STATEMENTS FOR THE 52 WEEK PERIOD ENDED 27 MARCH 2021

2. Accounting policies (continued)

2.16 Current and deferred taxation

The tax expense for the 52 week period comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generales income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they
 will be recovered against the reversal of deferred tax liabilities or other future taxable
 profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

There are a limited number of judgements having a material impact on these financial statements. The primary judgements are as follows:

Useful economic lives

The useful economic lives applied when depreciating assets are derived from historical experience of replacement periods from comparable assets within the wider group, and are considered appropriate. The lives are revisited where, for example, significant gains or losses on disposal are expected or experienced. Where it becomes apparent that assets' book values are materially in excess of their market value, the assets would be assessed for impairment.

Recoverability of current assets

Current assets that are outstanding significantly after their expected recovery date are reviewed for evidence of irrecoverability. Where an asset is considered wholly or partially irrecoverable, a provision is made against the book value of the relevant asset. Where sufficient evidence of recoverability exists, no such provision is made.

4. Revenue

Materially the whole of revenue in the period was attributable to the company's principal activity, and arose within the United Kingdom.
