Directors' report

The directors present their annual report and the audited financial statements for the year ended 31 December 1999.

Principal activities

The principal activity of the company was the provision of group services, and no significant changes occurred during the year.

Dividend

The directors recommend a final dividend of £1,902,000 (1998: £1,590,000).

Directors and directors' interests

The directors who held office during the year were as follows:

IM Topping DR Shaw

Neither of the directors who held office at the end of the year had a beneficial interest in the share capital of the company.

Messrs Topping and Shaw are directors of Relyon Group p.l.c. and their beneficial interests in the ordinary shares and options to subscribe for the ordinary shares are included in the financial statements of that company.

No director had a financial interest in any contract to which the parent company or a subsidiary was a party during the financial year.

Creditor payment policy

The policy is to negotiate terms of payment with suppliers on an individual basis and that remittances should then be made within those mutually agreed terms.

Year 2000 compliance

A full review of the company's business critical systems and services was completed well in advance of the 1999 year end and included a full scale simulation of the 1 January 2000 date change. The total expenditure required to address this issue was not material to profitability and has been dealt with through the profit and loss account. Assurances were sought from our supplier base to confirm that they had taken appropriate steps to minimise disruption to our supplies. No system failures have been experienced following the year 2000 date change and we can be confident that systems are fully compliant.

Directors' report (continued)

Auditors

In accordance with S.385 of the Companies Act 1985, a resolution for the re-appointment of KPMG Audit Plc as auditors of the company at a fee to be fixed by the directors is to be proposed at the Annual General Meeting.

By order of the board

S Shipman (Mrs)

Secretary

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

KPMG Audit Plc 100 Temple Street BRISTOL BS1 6AG

Report of the auditors to the members of Relyon (Holdings) Limited

We have audited the financial statements on pages 5 to 14.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 3, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1999 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

These financial statements were approved by the board of directors on 13 March 2000 and were signed on its behalf by:

IM Topping

Director

The attached notes form part of these financial statements.

Notes

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared under the historical cost convention as modified by the revaluation of land and buildings and comply with applicable UK accounting standards.

Fixed assets and depreciation

Fixed assets are shown at cost less appropriate depreciation. Depreciation is provided to write off the cost less estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives within the following ranges:

Freehold buildings - 50 years

Long leasehold land and buildings - 50 years

Plant and equipment - 10 years

Fixtures and fittings - 3 to 5 years

No depreciation is provided on freehold land.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred or accelerated because of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise.

Cash flow statement

Under FRS 1, the company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary undertaking.

Group accounts

Group accounts are not submitted as the company is a wholly owned subsidiary undertaking of Relyon Group p.l.c., a company incorporated in Great Britain and registered in England and Wales. Accordingly these accounts present information about the company as an individual undertaking and not about its group.

Related party transactions

In accordance with FRS 8, the company is exempt from disclosure of related party transactions with other group companies as the company is wholly owned and a consolidated report and accounts are prepared by the ultimate holding company.
