### NOTES TO THE FINANCIAL STATEMENTS For the 52 weeks ended 1 January 2023

#### 2. ACCOUNTING POLICIES (CONTINUED)

##### 2.3 Intercompany balances

Amounts owed by or to group undertakings are classified as short term assets or liabilities unless there is a formal loan arrangement in place that specifies repayment over a period longer than one year at the balance sheet date or they are intended for long-term funding purposes in which case they are held as fixed asset investments.

The company recognises a loss allowance for expected credit losses on amounts due from group undertakings. The methodology used to determine the amount of the expected credit loss is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. For those financial assets where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses are recognised. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset.

For those financial assets where the credit risk has increased significantly (or determined to be credit impaired), lifetime expected credit losses are recognised. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset (or for credit impaired assets, to the net carrying amount of the financial asset).

#### 3. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect reported amounts of assets and liabilities, income and expense. The company bases its estimates and judgments on historical experience and other factors deemed reasonable under the circumstances, including any expectations of future events. Actual results may differ from these estimates.

There are no estimates and judgments made in the company that are considered to be significant.
