# The Baltic Exchange Limited

## Strategic report

The directors present their Strategic Report for The Baltic Exchange Limited ("the Company") for the year ended 30 June 2023.

### Principal activities and review of the business

The Company's principal activities are the sale of membership to the Baltic Exchange. Performance of the underlying for the year ended 30 June 2023 has been satisfactory and the Directors expect to see an improvement during the next financial year.

### Financial key performance indicators

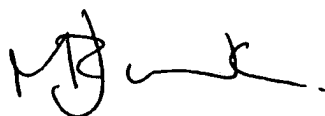

The directors consider the following measures as key performance indicators of the company's performance:

|                  | Year Ended<br>30 June 2023<br>£ | Year Ended<br>30 June 2022<br>£ |
|------------------|---------------------------------|---------------------------------|
| Turnover         | 6,791,948                       | 6,412,637                       |
| Operating Profit | 383,131                         | 253,405                         |

### Financial risk management

The Company is exposed to market risk (including currency risk, price risk and interest rate risk), credit risk and liquidity risk arising from its business activities. The Company's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the Company's financial performance.

By Order of the Board

## **Directors' Report**

The Directors of The Baltic Exchange Limited present their Annual Report, prepared in accordance with the provisions applicable to companies entitled to the small companies' exemption, together with the audited financial statements and auditor's report for the year ended 30 June 2023.

These financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101"). In so doing, the Company has applied the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the United Kingdom ("IFRSs"), but has made amendments, where necessary, in order to comply with the requirements of the Companies Act 2006.

The Company was incorporated on 17 January 1900 and is a private company limited by shares in accordance with the Companies Act 2006.

The Company is one of the subsidiaries of Singapore Exchange Limited.

### **Results**

The Company made a profit before taxation for the year ended 30 June 2023 of £466,192 (2022: profit £2,215,604).

### **Principal activities and review of the business**

The principal activities of the Company are set out in the Strategic Report on page 2.

### **Future developments**

The Company continues to look for new products and sources of revenue to help expand and diversify its present offering.

The Company continues to monitor the volatility in the global economy, including the conflicts in Eastern Europe and the Middle East, and sanctions in line with relevant regulation and government guidance. The Company is also assessing the potential effects it will have on its business, though this is currently seen as insignificant.

### **Dividends**

Dividends paid during the year of £7,214,477 (2022: £12,000,000).

### **Directors**

The Directors of the Company at 30 June 2023 are shown on page 1.

### **Political contributions**

The Company made no political donations or incurred any political expenditure in the year.

# **The Baltic Exchange Limited**

## **Directors' Report (continued)**

### **Qualifying third party indemnities**

The Company arranges third party indemnity insurance for the benefit of its directors and this remains in force at the date of this report. A qualifying third party indemnity provision as defined in Section 234 of the Companies Act 2006 is in force for the benefit of the directors in respect of liabilities incurred as a result of their office, to the extent permitted by law. In respect of those liabilities for which directors may not be indemnified, a directors' and officers' liability insurance policy was maintained by the ultimate parent undertaking throughout the financial year and up to the date of signing these financial statements.

### **Going concern**

The Directors of The Baltic Exchange Limited, have made an assessment in preparing these financial statement as to whether the group is a going concern, covering a period of at least 12 months from the date of approval of these financial statements. The Company is expected to generate positive cashflows and, in view of the current market conditions, the Directors have considered existing and future funding lines, as well as its short-term trading operations. The Directors have also stress tested the potential impact on the Company of several scenarios by quantifying their financial impact. These scenarios represent severe and plausible circumstances that the Company could experience. Therefore, based on this the Directors are satisfied about the Company's ability to meet obligations as they fall due.

The Directors confirm the use of the going concern basis of accounting is appropriate because there are no material uncertainties related to events or conditions that may cast significant doubt about the ability of the Company to continue as a going concern. Accordingly, the Company financial statements have been prepared on a going concern basis.

### **Disclosure of information to Auditor**

Each of the persons who is a Director at the date of the approval of this report confirms that:

- so far as the Director is aware, there is no relevant audit information of which the Company's Auditor is unaware; and
- the Director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the Company's Auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

### **Independent Auditor**

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

### **Approval of reduced disclosures**

The Company, as a qualifying entity, has taken advantage of the disclosure exemptions in FRS 101. The Company's shareholder has been notified in writing about the intention to take advantage of the disclosure exceptions and has no objections.

# **The Baltic Exchange Limited**

## **Directors' Report (continued)**

### **Domicile**

The Company is domiciled in England.

### **Legal form**

The Company is a private limited company.

### **Country of registration**

The Company is registered in England and Wales.

By Order of the Board

## Statement of Directors' Responsibilities in Respect of the Financial Statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulation.

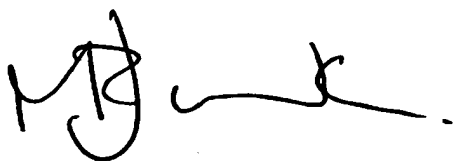

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Mark Jackson  
*Director*

# **Independent Auditor's report to the members of The Baltic Exchange Limited**

## **Opinion**

We have audited the financial statements of The Baltic Exchange Limited ("the Company") for the year ended 30 June 2023 which comprise the Balance Sheet as at 30 June 2023, the Profit and Loss Account and the Statement of Changes in Equity and related notes, including the accounting policies in note 2.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 June 2023 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 *Reduced Disclosure Framework*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

## **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

## **Going concern**

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the directors' conclusions, we considered the inherent risks to the Company's business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Company will continue in operation.

# **Independent Auditor's report to the members of The Baltic Exchange Limited**

## **Fraud and breaches of laws and regulations – ability to detect**

### *Identifying and responding to risks of material misstatement due to fraud*

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of senior management and inspection of policy documentation as to the Company's high-level policies and procedures to prevent and detect fraud as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Reading Board minutes.
- Using analytical procedures to identify any unusual or unexpected relationships.

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because revenue is non-complex, there is few, if any, judgmental aspects to revenue recognition, the entity is not a listed or public interest entity, and most revenue transactions can be traced to cash.

We did not identify any additional fraud risks. We performed procedures including:

- Identifying journal entries to test based on risk criteria and comparing the identified entries to supporting documentation. These included journal entries containing key words and numbering, and unusual journal entries to revenue.

### *Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations*

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience, through discussion with the management (as required by auditing standards) and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies' legislation), distributable profits legislation and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Company is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: health and safety, data protection laws, anti-bribery, employment law, regulatory capital and liquidity, recognising the nature of the Company's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the directors and inspection of regulatory and legal correspondence, if any. Therefore if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

# **Independent Auditor's report to the members of The Baltic Exchange Limited**

## *Context of the ability of the audit to detect fraud or breaches of law or regulation*

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

## **Strategic report and directors' report**

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

## **Matters on which we are required to report by exception**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

## **Directors' responsibilities**

As explained more fully in their statement set out on page 6, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

# The Baltic Exchange Limited

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### 1. General information

The Baltic Exchange Limited (the 'Company') is incorporated, registered and domiciled in England and Wales (UK) as a private limited company, limited by shares. The Company's principal activities are the sale of membership to the Baltic Exchange.

#### 2. Accounting policies

The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom and in accordance with the Companies Act on a going concern basis. The amounts presented in the financial statements are for the year ended 30 June 2023 with comparative figures for the year ended 30 June 2022. The principal accounting policies adopted are described below.

##### a) Basis of accounting

The financial statements are prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101).

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirement in paragraph 38 of IAS 1 Presentation of Financial Statements to present comparative information in respect of:
  - i. paragraph 73 (e) of IAS 16 Property, Plant and Equipment;
  - ii. paragraphs 76 and 79(d) of IAS 40 Investment Property; and
  - iii. paragraph 118 (e) of IAS 38 Intangible Assets.
- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirements of IAS 7 Statement of Cash Flows;
- the requirements of paragraphs 17 and 18A of IAS 24 Related Parties Disclosures; and
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more wholly owned members of the group.
- the effects of new but not yet effective IFRSs

##### b) Functional currency

The functional currency is pound sterling, being the currency of the primary economic environment in which the Company operates.

##### c) Exemption from the preparation of consolidated financial statements

The Company is a wholly-owned subsidiary of Singapore Exchange Limited (SGX) and is included in the consolidated financial statements of SGX which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of section 401 of Companies Act 2006.

# The Baltic Exchange Limited

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### d) Going concern

The Directors of The Baltic Exchange Limited, have made an assessment in preparing these financial statements as to whether the group is a going concern, covering a period of at least 12 months from the date of approval of these financial statements. The Company is expected to generate positive cashflows and, in view of the current market conditions, the Directors have considered existing and future funding lines, as well as its short-term trading operations. The Directors have also stress tested the potential impact on the Company of several scenarios by quantifying their financial impact. These scenarios represent severe and plausible circumstances that the Company could experience. Therefore, based on this the Directors are satisfied about the Company's ability to meet obligations as they fall due.

The Directors confirm the use of the going concern basis of accounting is appropriate because there are no material uncertainties related to events or conditions that may cast significant doubt about the ability of the Company to continue as a going concern. Accordingly, the Company financial statements have been prepared on a going concern basis.

#### e) Fixed assets

##### i. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost net of depreciation. No depreciation is provided on freehold land.

##### ii. Tangible assets

Tangible fixed assets are stated at cost net of depreciation and any provision for impairment. Depreciation is calculated to write off the assets to their residual value on a straight-line basis during their expected normal useful lives at varying rates depending on the type of asset.

The principal annual rates of depreciation used for this purpose are other plant and equipment 20% and furniture 25%.

##### iii. Intangible assets

Intangible fixed assets are stated at cost net less amortisation and any provision for impairment.

Amortisation is calculated to write off the assets on a straight-line basis over the period during which the Company is expected to benefit, typically over five years. The amortisation period and the amortisation method are reviewed at least at each financial year end.

The carrying values of fixed assets are reviewed for impairment and, if events or changes in circumstances indicate the carrying value may not be recoverable, are written down immediately to their recoverable amount. Useful lives and residual values are reviewed annually and where adjustments are required these are made prospectively.

# The Baltic Exchange Limited

## Notes to the Financial Statements For the year ended 30 June 2023

### f) Financial instruments

#### i. Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (normally the transaction price excluding transaction costs).

The Company makes an estimate of the recoverable value of trade and other debtors. When assessing impairment of trade and other receivables, management considers factors including the credit rating of the debtor, the ageing profile of receivables and historical experience. The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets.

Financial assets and liabilities are only offset in the balance sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Company transfers substantially all of the risks and rewards of ownership of the financial asset to another party, or c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

#### ii. Investments in subsidiaries

Investments in subsidiaries are measured at cost less any impairment.

#### iii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

#### iv. Derivative financial instruments

The Company uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The Company does not hold or issue derivative instruments for speculative purposes. Derivatives are recognised initially at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in profit or loss immediately.

# The Baltic Exchange Limited

## Notes to the Financial Statements

### For the year ended 30 June 2023

**g) Equity instruments**

Ordinary shares issued by the Company are recorded at the fair value of cash or other resources received or receivable, net of direct issue costs.

**h) Foreign currency**

The Company's financial statements are presented in pound sterling, which is also the Company's functional currency.

*Transactions and balances*

Transactions in foreign currencies are initially recorded in the entity's functional currency by applying the spot exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to the income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined.

**i) Turnover**

Turnover represents amounts receivable for the sale of membership to the Baltic Exchange and property income at invoiced amounts excluding value added tax. Turnover from memberships is recognised on a straight-line basis over the period to which it pertains. Property income is recognised in the Profit and Loss Account on a straight-line basis over the term of the lease. Amounts received in advance are included in deferred income.

**j) Employee benefits**

The Company operates a defined contribution pension scheme. The amount charged to the profit and loss account in respect of pension costs is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

**k) Taxation**

**i. Current tax**

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

# The Baltic Exchange Limited

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### ii. Deferred tax

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

#### i) Leases

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At inception or on modification of a contract that contains a lease component and one or more additional lease or non-lease components, the Company allocates the consideration in the contract applying IFRS 15.

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company applies the derecognition and impairment requirements in IFRS 9 to the net investment in the lease (see note 2f). The Company further regularly reviews estimated unguaranteed residual values used in calculating the gross investment in the lease.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other'.

# The Baltic Exchange Limited

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### 3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in Note 2, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. The effect of any revisions is recognised in the period in which estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Company makes an estimate of the recoverable value of trade and other debtors. When assessing impairment of trade and other receivables, management considers factors including the credit rating of the debtor, the ageing profile of receivables and historical experience. The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets and there are no critical estimates. See Note 14 for the net carrying amount of the receivables and associated impairment provision.

#### 4. Turnover

Turnover comprises of amounts receivable excluding Value Added Tax by the Company for services provided. All the turnover shown below was invoiced in the United Kingdom. Property income represents operating lease revenue recognition (see note 17) and also rent and service charges receivable from tenants at 38 St Mary Axe, London

Analysis of turnover by category:

|   | Year ended<br>30 June<br>2023<br>£ | Year ended<br>30 June<br>2022<br>£ |
|---|------------------------------------|------------------------------------|
| Membership fees                         | 1,420,335                          | 1,762,395                          |
| Service charge income from subsidiaries | 5,276,450                          | 4,208,971                          |
| Property income                         | 95,163                             | 441,271                            |
|   | <b>6,791,948</b>                   | <b>6,412,637</b>                   |

Membership also includes service charges income charged to the Company's subsidiaries which relate to a share of staff functions, external consultants, legal and professional services, governance councils, IT, marketing and corporate costs.

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and related revenue recognition policies:

| Nature of goods or services | Membership fees  |
|-----------------------------|--|
|                             | Members receive, over the subscription period, entry in the Members directory, invitations to global events, discounted Baltic Academy courses, discounted Escrow services, free debt resolution and debt recovery services, and access to postings, dry |

## Notes to the Financial Statements

### For the year ended 30 June 2023

and tanker reports, weekly fixture lists, circulars and the Baltic briefing.

#### When revenue is recognised

Revenue is recognised evenly over the subscription period and reported in the Profit and Loss Account for the period of subscription that has concluded in the financial period, recognising the services provided in that period.

#### 5. Operating expenses

|                                     | 2023<br>£        | 2022<br>£        |
|-------------------------------------|------------------|------------------|
| IT costs                            | 307,425          | 624,790          |
| Property costs                      | 577,616          | 720,054          |
| Professional fees                   | 497,246          | 796,920          |
| Amortisation                        | 288,043          | 252,296          |
| Depreciation                        | 15,230           | 77,207           |
| Travel and entertainment            | 634,730          | 520,150          |
| Communication, printing and postage | 60,872           | 47,451           |
| Insurances                          | 85,395           | 80,556           |
| Other                               | 246,019          | (198,952)        |
| <b>Operating Expenses</b>           | <b>2,712,576</b> | <b>2,920,472</b> |

Professional fees include fees payable to the Company's auditor for the audit of the Company's annual report and financial statements of £47,000 (2022: £30,000) and audit of the service charges £Nil (2022: £2,000).

#### 6. Exceptional items

On 10 November 2021 the Company made a long-leasehold disposal for the building only, while retaining the freehold and land. The transaction was allocated between an operating lease (see note 17) and a finance lease. The amount allocated to the finance lease resulted in an exceptional gain of £1,945,460.

#### 7. Income and returns from investments

|  | Year ended<br>30 June 2023<br>£ | Year ended<br>30 June 2022<br>£ |
|--|---------------------------------|---------------------------------|
| Interest on bank deposits                        | 83,061                          | 16,739                          |
| <b>Total income and returns from investments</b> | <b>83,061</b>                   | <b>16,739</b>                   |

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### 8. Employees and directors

##### Employees

The average number of people employed by the Company during the year was 26 (2022: 27).

Employment costs of all employees included above comprised:

|   | 2023             | 2022             |
|---|------------------|------------------|
|   | £                | £                |
| Gross wages and salaries                    | 2,165,243        | 2,006,631        |
| Discretionary bonuses                       | 986,276          | 821,766          |
| Employer's national insurance contributions | 275,647          | 229,491          |
| Employer's pension contributions            | 215,988          | 203,443          |
| Other employment costs                      | 53,087           | (22,571)         |
|   | <b>3,696,241</b> | <b>3,238,760</b> |

All directors serving during the period are either non-executive or are executives of other companies within the SGX group. None of the directors is remunerated for their services as directors of Company in the financial year (2022: £nil). The directors benefit from qualifying third party indemnity provisions in place during the financial year and at the date of this report. The full remuneration of the directors is borne by other group undertakings and the proportion of the directors remuneration allocated to the entity is immaterial.

Tax expense for the year is lower (2022: lower) than the standard rate of corporation tax applied in the UK for the year ended 30 June 2023 of 20.5% (2022: 19%). The differences are explained below:

|  | Year ended<br>30 June 2023<br>£ | Year ended<br>30 June 2022<br>£ |
|--|---------------------------------|---------------------------------|
| Profit before taxation   | 466,192                         | 2,215,604                       |
| Tax on profit before taxation at the standard                        |                                 |                                 |
| UK corporation tax rate 20.5% (2022: 19%)                            | 95,569                          | 420,965                         |
| Effects of:  |                                 |                                 |
| Expenses not deductible for tax purposes net of incentives           | 19,021                          | 31,947                          |
| Adjustments to tax charge in respect of previous years (and Note 18) | (64,741)                        | 28,953                          |
| Income not subject to tax  | -                               | (369,637)                       |
| Effect of changes in tax rates                                       | (4,901)                         | 31,859                          |
| Withholding tax  | -                               | 14,686                          |
| Group relief surrendered   | -                               | 6,490                           |
| Tax incentives and rebates   | (19,922)                        | -                               |
| <b>Total tax charge for the year</b>                                 | <b>25,026</b>                   | <b>165,263</b>                  |

A reduction in the UK corporation tax rate from 19% to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. The March 2020 Budget announced that a rate of 19% would continue to apply with effect from 1 April 2020, and this change was substantively enacted on 17 March 2020. An increase in the UK corporation rate from 19% to 25% (effective 1 April 2023) was substantively enacted on 24 May 2021. This will increase the company's future current tax charge accordingly. The deferred tax liability at 30 June 2023 has been calculated based on these rates, reflecting the expected timing of reversal of the related temporary differences (2022: 19%).

Assets under development represents work in progress of a capital nature on an ongoing project which is anticipated to go live during FY2024.

The Directors have identified during the current year that Computer software should be classified as Intangible assets rather than tangible fixed assets and therefore restated this in both current and prior year. This has no P&L or net asset impact.

## Notes to the Financial Statements

### For the year ended 30 June 2023

#### 17. Leases

On 10 November 2021 the Company made a long-leasehold disposal for the building only, allocated between a finance lease and an operating lease. The company retained the freehold and land. In June 2021 a valuation was prepared by an external valuer JLL, Walbrook Building, 25 Walbrook, London, EC4N 8AF in accordance with the current RICS Valuation – Global Standards 2017, incorporating the IVS, and the RICS Valuation – Global Standards 2017 – UK national supplement published by the RICS (the RICS Red Book). Based on the percentage split provided between building and land it was determined that the valuation of the land was £8,734,600 to be recognised as an operating lease over 153 years. Of this £57,089 has been reported within Turnover, £57,089 within Creditors: Amounts falling due within one year and £8,584,775 within Creditors: amounts falling due greater than one year.

#### 18. Deferred tax
