# Directors' report For the Year Ended 31 December 2016

The directors present their report and the financial statements for the year ended 31 December 2016.

#### Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under Company law the directors must not approve the financial statements unless satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures
  disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### **Principal activity**

The Company ceased its main business of ship owning and passenger and freight ferry services on 11 November 2002. The Company also participates in three funded defined benefit pension schemes.

#### Results and dividends

The loss for the year, after taxation, amounted to £792 thousand (2015 - loss £856 thousand).

No dividends (2015 - £NIL) were declared or paid during the year.

## **Directors**

The directors who served during the year were:

S M Qureshi G R Jayaraman

# Directors' report For the Year Ended 31 December 2016

# Political contributions

During the year the Company has made no charitable or political donations (2015: £NIL).

This report was approved by the board on 25 September 2017 and signed on its behalf.

#### Notes to the financial statements For the Year Ended 31 December 2016

#### 1. Accounting policies

#### 1.1 Basis of preparation of financial statements

P&O Scottish Ferries Limited (the 'Company) is a company incorporated and domiciled in the UK.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the accounts of the Company except as noted below.

#### **Basis of Preparation**

The Company is itself a subsidiary company and is exempt from the requirement to prepare group accounts by virtue of section 400 of the Companies Act 2006. These financial statements therefore present information about the Company as an individual undertaking and not about its Group.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101"). The amendments to FRS 101 (2014/15 Cycle) issued in July 2015 have been applied.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken. In these financial statements, the Company has applied exemptions available under FRS 101 in respect of the following disclosures:

- A cash flow statement and related notes;
- Comparative period reconciliations for share capital, tangible fixed assets, and investments;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs; and
- Disclosures in respect of the compensation of key management personnel.

As the consolidated financial statements of Port & Free Zone World FZE ('ultimate parent undertaking') include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

#### 1.2 Going concern

The Company has net liabilities of £40,626 thousand. The parent company, The Peninsular and Oriental Steam Navigation Company, has given a written undertaking that it will continue to support the Company and its present activities. The directors acknowledge that there can be no certainty that this support will continue, although they have no reason to believe that it will not do so. Based on this undertaking, the directors consider it remains appropriate to prepare the financial statements on a going concern basis.

#### Notes to the financial statements For the Year Ended 31 December 2016

# 1. Accounting policies (continued)

#### 1.3 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

Other investments in debt and equity securities held by the Company are classified as being available-for-sale and are stated at fair value, with any resultant gain or loss being recognised directly in equity, except for impairment losses and, in the case of monetary items such as debt securities, foreign exchange gains and losses. When these investments are derecognised, the cumulative gain or loss previously recognised in equity is recognised in profit or loss.

#### 1.4 Debtors

Short term debtors are measured initially at fair value and subsequently at amortised cost less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

#### 1.5 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### Notes to the financial statements For the Year Ended 31 December 2016

#### Accounting policies (continued)

#### 1.6 Pensions

The Company's net obligation in respect of defined benefit pension plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine the present value, and the fair value of any plan assets is deducted. The calculation is performed by a qualified actuary using the projected unit credit method.

The discount rate is the yield at the balance sheet date on AA credit rated bonds that have maturity dates approximating to the terms of the Company's obligations.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense in the profit and loss account on a straight line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognised immediately in the profit and loss account.

When a settlement (eliminating all obligations for benefits already accrued) or a curtailment (reducing future obligations as a result of material reduction in the scheme membership or a reduction in future entitlement) occurs, the obligation and related plan assets are re-measured using actuarial assumptions and the resultant gain or loss recognised in the profit and loss account during the period in which the settlement or curtailment occurs.

Actuarial gains and losses that arise in calculating the Company's obligation in respect of a plan are recognised in the period in which they arise directly in other comprehensive income.

The operating and financing costs of defined benefit pension plans are recognised in the profit and loss account; current service cost is the increase in the present value of the defined benefit obligation resulting from employee service in the year and net financing costs are recognised in the finance income or expense in the periods within which they arise.

#### 1.7 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

# Notes to the financial statements For the Year Ended 31 December 2016

# 2. Employees

The Company has no employees other than the directors (see note 4).

## 3. Directors' remuneration

During the year, no director received any emoluments (2015:£N/L).

The directors do not believe that it is practicable to apportion these emoluments between their services as directors of the Company and their services as directors/employees of other group undertakings.

#### Notes to the financial statements For the Year Ended 31 December 2016

#### 5. Taxation (continued)

## Factors that may affect future tax charges

From 1 April 2015 the UK corporation tax rate was reduced from 21% to 20%.

A further reduction from 20% to 19% (effective from 1 April 2017) and to 18% (effective from 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective from 1 April 2020) was substantively enacted on 6 Sepember 2016.

The rate change will impact the amount of future tax recognised by the company. However it does not have any effect on the current year results.

#### Unrecognised deferred tax

No deferred tax has been recognised at the end of the year.

#### 9. Pension commitments

The Company participates in a number of pension schemes throughout the world.

#### Merchant Navy Officers' Pension Fund ("MNOPF")

The MNOPF Scheme is an industry wide multi-employer defined benefit scheme, in which officers employed by the Company have participated. The scheme is divided into two sections, the Old Section and the New Section, both of which are closed to new members.

The Old section completed a buy-out of all its members benefit obligations in July 2014, following which the Old Section was wound up. Therefore, no further liabilities were assigned to the Company in respect of the Old Section.

The most recent formal actuarial valuation of the New Section was carried out as at 31 March 2015. This resulted in a deficit of GBP 0.9 million. The Trustee Board believe their investment strategy will address this deficit and therefore has not issued deficit contribution notices to employers in respect of the 2015 actuarial valuation. The New Section closed to future accrual in April 2016. The Company's aggregated outstanding deficit contributions from 2009 and 2012 actuarial valuations (including an allowance for the impact of irrecoverable contributions in respect of companies no longer in existence or not able to pay their share) are £1.5 million per annum from 2017 to 2020 and £0.3 million per annum from 2021 to 2023.

The Trustee set the payment terms for each participating employer in accordance with the Trustee's Contribution Collection Policy which includes credit vetting.

The Company's share of the net deficit of the New Section at 10 February 2017 is estimated at 5.33%.

#### P&O UK Scheme

The P&O UK Scheme was closed to routine new members on 1 January 2002.

# Notes to the financial statements For the Year Ended 31 December 2016

#### 9. Pension commitments (continued)

The company made no contributions to the P&O UK Scheme, as The Peninsular and Oriental Steam Navigation Company, its immediate parent undertaking, agreed to take on the liability for any P&O UK Scheme deficit payments relating to P&O Scottish Ferries Limited from 30 March 2007, and the company is therefore accounting for the P&O UK Scheme under IAS 19.

## Merchant Navy Ratings' Pension Fund ("MNRPF")

The MNRPF Scheme is an industry wide multi-employer defined benefit pension scheme in which sea staff employed by the Company has participated. The scheme has a significant funding deficit and has been closed to further benefit accrual.

The most recent formal actuarial valuation was carried out as at 31 March 2014. The Company's deficit contributions arising from this valuation totalled £3.0 million (equating to 7.3% share of the net deficit). Outstanding deficit contributions of £0.4 million per annum have been agreed to be paid until and including 2022. The Company is awaiting the results of the Scheme's actuarial valuation as at 31 March 2017.

The Company which is no longer a current employer in the MNRPF had settled it's statutory debt obligation and was not considered to have any legal obligation with respect to the on-going deficit in the fund. However, following a legal challenge, by Stena Line Limited, the High Court decided that the Trustees could require all employers that had ever participated in the scheme to make contributions to fund the deficit. Although the Company appealed the decision, it was not overturned.

The amounts recognised in the balance sheet are as follows:

	2016 £000	2015 £000
Present value of obligations	(80,393)	(68,852)
Fair value of plan assets	48,580	<i>57,305</i>
	(31,813)	(11,547)

# Notes to the financial statements For the Year Ended 31 December 2016

### 9. Pension commitments (continued)

The re-measurements of the net defined benefit liability recognised in the statement of other comprehensive income is as follows:

	2016 £000	2015 £000
Actuarial loss/(gain) recognised in the year	14,949	(2,434)
Return on plan assets lesser/ (greater) than the discount rate	11,906	(4,684)
Change in share in multi-employer scheme	(1,196)	(282)
Movement in minimum funding liability	(2,900)	5,957
	22,759	(1,443)

The pension costs for defined benefit schemes are as follows:

	2016 £000	2015 £000
Administration costs	(285)	(286)
Net interest cost on net defined benefit liability/(asset)	(507) ————————————————————————————————————	(570)
Total expenses recognised in the income statement	(792) 	(856)

The latest valuation of the defined benefit schemes have been updated to 31 December 2016 by qualified independent actuaries. The principal assumptions are included in the table below.

The assumptions used by the actuaries are the best estimates chosen from a range of possible actuarial assumptions, which due to the timescale covered, may not necessarily be borne out of practice.

	2016	MNOPF Scheme 2015	2016	MNRPF Scheme 2015

#### Notes to the financial statements For the Year Ended 31 December 2016

#### 9. Pension commitments (continued)

The assumptions for pensioner longevity under both the P&O UK scheme and the MNOPF scheme are based on an analysis of pensioner death trends under the respective schemes over many years.

The schemes' strategic asset allocations across the sectors of the main asset classes are:

	MNOPF Scheme £000	MNRPF Schemes £000	Toatal Fair value £000
2016	2000	2000	2000
Equities	9,593	4,335	13,928
Bonds	13,898	20,754	34,652
Others	-	-	-
	23,491	25,089	48,580
2015			
Equities	14,400	2,800	17,200
Bonds	24,715	10,190	34,905
Others	-	5,200	5,200
	39,115	18,190	57,305

With the exception of the insured pensioner liability all material investments have quoted prices in active markets.

For illustration, the life expectancies for the two schemes at age 65 now and in the future are detailed in the table below:

	Male		Female	
	Age 65 now	Age 65 in 20 years' time	Age 65 now	Age 65 in 20 years' time
2016				
MNRPF scheme	20.9	23.6	26.4	29.1
MNOPF scheme	23.0	25.9	26.4	29.2
2015				
MNRPF scheme	22.7	25.6	26.3	29.3
MNOPF scheme	<b>22</b> .7	25.6	26.3	29.3

At 31 December 2016 the weighted average duration of the defined benefit obligation was 17.3 years (2015: 15.8 years).
