The Board of Trustees has pleasure in presenting its Report and its audited Financial Statements for the year ended 30 September 2012

OBJECTS OF THE CHARITY, MISSION, AND PRINCIPAL ACTIVITIES

Objects of the Charity

The main objects of the charity are to advance the evangelical Christian faith and to promote charitable work of evangelical Christian churches, societies, workers and charities for the public benefit

Stewardship's Vision

We envision a thriving UK church, abundantly resourcing the global work of the Kingdom of God

Stewardship's Mission

Stewardship supports a community of generous givers – people passionate about resourcing the Kingdom and making an impact. We accomplish this by employing the following key strategies

We Help People Give :	We provide a single, tax effective account to organise all of one's charitable giving, from the first gift to the last, any amount at any age
We Have Influence	We make approximately £50m in grants each year and offer a range of professional, legal and financial support services to churches, charities and individuals. We have an important voice in the UK, advocating causes important to our community and the church
We Encourage Entrepreneurship	We support the next generation of ministries and Christian leaders through our full-time Christian worker programme and charity formation department
We Educate	We work with key leaders and thinkers to produce and promote content and materials that equips others to live, give and lead generously
We Connect ·	We are a catalyst, supporter and servant to those with a heart for promoting generosity

Stewardship's principal activities to fulfil this Mission are

- Giving services. a Stewardship Account provides a donor with one account to simplify and maximise the effectiveness of all their charitable giving. The accounts serve donors giving from £10 a month to seven figure single gifts. The Stewardship Account also serves thousands of recipient charities, churches and Christian workers.
- Fund management: firstly, the placement for income generation and capital growth of funds that will ultimately be disbursed within the charitable objectives of Stewardship Secondly, the management of surplus funds for which churches and charities have no immediate need, and thirdly, the provision of loans to Christian churches and charities that are seeking to extend their mission activities through construction or development of buildings
- Professional services the supply of accounts examination, payroll administration, education
 resources and specialist consultancy services to promote efficiency and increase knowledge on
 different aspects of church and charity activities including charity formation, and laws and
 taxation relating to charities, employment and property

Public benefit

Stewardship seeks to add value and facilitate the work of Christian churches, workers and charities in the UK and abroad by providing services designed to handle efficiently the receipt and distribution of charitable funds (see Note 3 to the Accounts). In addition, the range of services provided by Stewardship enables churches, workers and charities to fulfill better their key activities of advancing the Christian faith, preventing or relieving poverty, the advancing of health and the saving of lives, and the bringing of relief to those in need.

The Charity Commission's general guidance on public benefit has been referred to in the review process of our aims and objectives and in planning future developments

ORGANISATION

All directors of the Company are also trustees of the charity, and there are no other trustees. Unless otherwise stated, all of the trustees named on page 23 served throughout the year. The trustees have the power by a two thirds majority to appoint additional trustees. There is no formal recruitment practice but the trustees and the Executive always look for potential new trustees whose skills and experience could contribute to the development of the organisation. Prospective trustees are given the opportunity to examine the organisation extensively and to attend two trustee meetings before they, and other trustees, reach a conclusion as to the appropriateness of the appointment. New trustees are provided with the opportunity to visit the Stewardship office and meet the chief executive and senior management team as well as other staff members.

Trustees meet regularly, either as a full Council or in committees, to oversee and govern the charity's affairs. They are supported by an Executive and broader staff team which possess appropriate skills and experience. The trustee committees are as follows -

- Finance Committee: The Finance Committee met three times during the year and covered a broad range of financial issues including quarterly accounts, budgeting, investment of cash funds, lending and audit matters
- Investment Committee: The Investment Committee met three times during the year to oversee the performance of the investment funds that are under management by external managers
- Legacy Grants Committee. During the year a new Committee was formed to oversee the distribution of grants from funds received under legacies and held its first meeting in September 2012

Senior Management Team

The senior management team now comprises of the Chief Executive, Operations Director and the heads of Finance, Giving Services and Business Development and has delegated authority, within certain limits, to run the day to day affairs of the charity

GRANT MAKING POLICY

Stewardship works in partnership with its givers and other parties to identify Christian churches, workers and charities for the purpose of providing grant support. Assessment of the work being performed by proposed recipients is undertaken by Stewardship initially checking to ensure that the activities of the recipient are consistent with its own objectives. Then, public information on registered charities is reviewed and considerably more information required on the projects where the recipients are not UK registered charities.

Once projects have been created for recipient churches, charities and full time Christian workers, account holders who have made gifts to Stewardship may express a preference that funds are donated to specific recipient causes. This process enables those that give to Stewardship to identify closely with the recipient and the recipient to be aware of committed support. Stewardship is therefore facilitating the ministry of the recipient by means of the generosity of the account holder.

INVESTMENT POLICY AND POWERS

The investment powers of the charity allow funds that are not immediately required to be invested in such manner as the trustees may deem fit and the following are used

- Stock exchange investments are managed by the charity's investment advisors in accordance with Discretionary Management Agreements, which preclude investment in companies with substantial involvement in armaments, brewing, gaming, pornography and tobacco
- Investment in cash and short term deposits on the money markets is governed by the charity's
 Treasury Policy, which determines the eligibility of the counter-parties
- Mortgages and loans to churches and Christian charities, governed by the charity's Mortgage Policy, which is primarily designed to manage risk

The investment objective on the Stock Exchange investments is to look at a total return, balancing the needs of income for ministry whilst maintaining capital. This requirement has been expressed in a benchmark performance rate which is applied to the individual funds. The performance of the funds managed by the Trust's investment managers against the benchmarks is reviewed regularly by the Investment Committee which has concluded that performance in the context of market conditions has been acceptable.

RISK REVIEW

Management and trustees constantly review the risks that Stewardship faces and act accordingly to manage or reduce those risks. A formal and systematic approach to identification and management of risks has been introduced and is regularly reviewed and updated.

RESERVES POLICY

The level of reserves held by the charity is reviewed regularly in the context of current risks and other relevant factors and the policies determining the requirement for reserves are stated in Note 1 to the Accounts. Unrestricted reserves amounted to £6 2m (2011 £5 4m)

The trustees determine that Stewardship needs to maintain reserves such that investments are covered to protect against the risk of default, all budgeted capital expenditure is covered for the next year, total running costs are covered for at least three months and support is provided for the loans advanced for church and charity building projects. These four criteria derive a required minimum reserves figure of £3.4m

Free reserves, as determined by the guidance provided by the Charity Commissioners, are in excess of this requirement by £2 5m, a level considered appropriate in view of the current economic uncertainties

UNRESTRICTED FUNDS

Net unrestricted incoming resources for the year, after transfers, amounted to £0 8m (2011 £0 5m) and this figure, added to the figure brought forward, resulted in unrestricted fund balances carried forward at the year end of £6 2m (2011 £5 4m)

RESTRICTED FUNDS

Restricted funds carried forward at 30 September 2012 amounted to £63 0m (2011 £57 7m) These funds predominantly comprise gifts where, subject to purposes consistent with the charity's own objects, the trustees allow donors to express preferences as to direct distributions for other charitable purposes

The net movement on restricted funds is summarised in Note 12

CHARITABLE AND POLITICAL DONATIONS

Charitable donations made by the charity are shown in the Statement of Financial Activities No political donations were made in the year (2011 Nil)

KEY ACHIEVEMENTS DURING THE YEAR

Giving Services

- Ever greater use of the new online service is being made by givers and recipients. Around 34% of all one off donations are now being made online (last year 25%)
- In the last quarter of the financial year a major new fundraising service, <u>www give net</u>, was launched This will be a very attractive service to churches and charities needing the means of receiving gifts online and for individuals undertaking fundraising sponsorship projects
- The sustained level of giving is greatly encouraging and total gifts received at £51 4m were down by just 2 9% against the previous year

Fund management

- The funds under management in the investment funds rose from £22 2m at 30 September 2011 to £24 0m at 30 September 2012
- Funds on the Money Market remained relatively constant throughout the year at approximately £40 0m
- Demand from churches for mortgages to support new building development remained strong throughout the year and the church mortgages portfolio increased from £10 5m to £12 1m and further growth in the year ahead is expected

Professional Services

- The payroll service continued to grow with the number of church and charity clients now up to 360 and covering 1,568 employees (2011 306 clients and 1,525 employees)
- The accounts examination service with its 280 clients performed steadily throughout the year
- The number of charities assisted to form and register remained unchanged at around 60 in the year
- Training was provided to church leaders, treasurers and administrators and charity trustees through seminars, e-briefings and free briefing papers or briefing notes on technical issues for charities
- Under the general theme of Transforming Generosity successful campaigns were run at Christmas and Easter, festivals and holiday weeks were attended in the Spring and Summer, and training materials made available to encourage generous living
- Stewardship remained in a leading role in engaging with HMRC and HM Treasury on matters directly affecting churches and Christian charities. This included the making of high level representations in opposition to the government's proposal, subsequently withdrawn, to capitax relief for charitable giving. A very detailed response was provided in respect of the new Small Charitable Donations Bill.

RE-ELECTION OF BOARD OF TRUSTEES (THE COUNCIL)

Under the Articles of the charity, one third of the current members of the Council retire and, being eligible, offer themselves for re-election

Stewardship Services (UKET) Limited

Notes to the accounts For the year ended 30 September 2012

1 ACCOUNTING POLICIES

- (a) The Financial Statements have been prepared on the historic cost basis except for investments, which are included at market value. The Financial Statements have been prepared in accordance with the Companies Act 2006, the applicable Accounting Standards and in particular, the Statement of Recommended Practice Accounting and Reporting by Charities (issued March 2005)
 - They include the results of the Charity's operations which are described in the Annual Report of the Council All operations referred to in the Statement of Financial Activities, are continuing
- (b) Earned income and all expenditure are recognised on an accruals basis of accounting
- (c) Gifts and Gift Aid receipts are taken into account when the conditions for receipt have been met and there is reasonable assurance of receipt
- (d) Income tax recoverable is accounted for once a claim has been made to HM Revenue & Customs. Claims are made weekly throughout the year.
- (e) Interest on fixed interest investments, deposits and income from the Stewardship Pooled Investment Fund is accounted for on an accruals basis
- (f) Depreciation of fixtures, fittings, equipment and software is charged to write the assets off over their useful lives which is estimated to be three years, a rate of 33 33% per year
- (g) Leasehold improvements are capitalised, where material, and depreciated in equal instalments over the remaining life of the minimum lease term
- (h) Where Stewardship has exercised discretion in making an allocation of funds to a recipient, there is no legal obligation to pay those funds to the specific recipient since Stewardship continues to have discretion to decline to make payment if circumstances change between the time of allocation and the time of payment. However, the trustees are of the view that in almost all cases, a constructive obligation (as defined by the Charities SORP) will have been created. Accordingly, amounts allocated to recipients, but not yet paid to them, at the balance sheet date are recognised as a liability in these accounts.
- (i) The Statement of Financial Activities includes resources receivable and expended on Trust Funds. Where the Trust manages other cash funds either as agent or manager on behalf of other charitable trusts, they are shown as liabilities.
- (j) Expenditure is directly attributed to the expenditure headings in the Statement of Financial Activities as far as possible. The remaining expenditure and overheads are apportioned to each activity on a reasonable, justifiable and consistent basis.

1 ACCOUNTING POLICIES (continued)

- (k) The reserves of the Trust and the purposes for which they are established are described in Note 12. In accordance with the Trust policy the Trustees seek to maintain sufficient reserves for the following purposes.
 - To offset the risk of loss which might arise on the assets of the Trust
 - To provide funds to support loans to churches and charities for building development
 - To provide adequate working capital for the various activities and services of the Trust
 - To provide a capital base for the future growth in the volume and range of services provided by the Trust including any major capital projects
- (I) Governance costs include the cost of the audit, Trustees' expenses and the staff costs associated with directly supporting Trustees' meetings
