### STATEMENT OF DIRECTORS' RESPONSIBILITIES

---

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

FORSTER**  
CHARTERED ACCOUNTANTS

We have audited the financial statements on pages 14 to 23 which have been prepared under the accounting policies set out on page 18.

**Respective responsibilities of directors and auditors**

As described on page 12 the Company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

**Basis of opinion**

We conducted our audit in accordance with Auditing Standards. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Group's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## STATEMENT OF PRINCIPAL ACCOUNTING POLICIES

### 1 Basis of financial statements

The financial statements are prepared on the historical cost basis of accounting apart from investment properties which are included at valuation.

The Group financial statements have been prepared in accordance with applicable accounting standards.

The Group financial statements include those of the parent undertaking and all its subsidiaries made up to the end of the financial year. The results of newly acquired subsidiaries are included from date of acquisition.

### 2 Turnover

Turnover comprises the value of rental income and proceeds of sale of development land and property.

### 3 Investment properties

In accordance with Statement of Standard Accounting Practice No. 19 freehold and leasehold investment properties are revalued annually to their open market value for existing use and the appropriate surplus or deficit is transferred to a revaluation reserve.

Because of the annual revaluation no depreciation or amortisation is provided. This constitutes a departure from the statutory rules requiring fixed assets to be depreciated over their useful economic lives but is necessary to enable the financial statements to give a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

### 4 Depreciation

As explained in statement 3 no depreciation or amortisation is provided on the Group's freehold and leasehold investment properties.

Depreciation of other fixed assets is provided on a straight-line basis at rates calculated to write off the cost of assets over their estimated useful lives. The principal annual rates used are:-

|                                      |                     |
|--------------------------------------|---------------------|
| Motor vehicles                       | • 25 per cent       |
| Equipment, Furniture<br>and Fittings | • 20 to 33 per cent |

### 5 Land and buildings held for development

Land and buildings held for development are valued at the lower of cost and net realisable value.
