# 1 Executive summary

This progress report covers the period from 20 July 2020 to 19 January 2021.

As previously advised, trading ceased on 19 March 2020 and a strategy was deployed to deal with the remaining surplus unsold stock. Due to the ongoing difficulties of the Covid-19 pandemic, it was not deemed viable to reopen any of the four sites which held surplus unsold stock. A concession agreement was reached with New Start 2020 Limited to sell through stock held at the Peterborough store and all remaining stock was sold to Hilco Capital Limited. (Section 2 - Progress to date).

We anticipate that secured creditors will suffer a significant shortfall in respect of the funding provided to the Company and the wider Group. (Section 3 - Dividend prospects).

Preferential creditors are expected to be paid in full. (Section 3 - Dividend prospects).

Based on current estimates, we anticipate that a distribution will be made to the unsecured creditors however we are not yet able to confirm the quantum or timing of any future dividend. (Section 3 - Dividend prospects).

During the period, the secured and preferential creditors granted a 12-month extension to the period of the administration to 20 January 2022.

Please note: you should read this progress report in conjunction with our previous progress report and proposals issued to the Company's creditors which can be found at www.kpmg.co.uk/Beales. Unless stated otherwise, all amounts in this progress report and appendices are stated net of VAT.

# 2 Progress to date

This progress report covers the period 20 July 2020 to 19 January 2021. This section updates you on our strategy for the administration and on our progress to date. It follows the information provided in our proposal and our previous progress report.

#### 2.1 Strategy and progress to date

#### Strategy

Our proposals discuss in detail the full administration strategy however we have set out below an overview of the key workstreams we have undertaken during the reporting period.

#### Trading

As discussed in our first progress report, arrangements were made to move all remaining unsold stock as at 19th March 2020 into four stores (Bedford, Mansfield, Peterborough and St. Neots).

On 2 July 2020, following advice from our trading agents, the decision was taken that the Peterborough store would not re-open for trading and all 5 of the furloughed staff retained at the store were made redundant. Subsequently the lease was offered for surrender to the landlord on 23 October 2020.

Due to continued challenges of the Covid-19 pandemic and following advice from our trading agents, the decision was taken on 10 September 2020 that the Bedford, St. Neots and Mansfield stores would not re-open for trading and all 15 furloughed staff retained at these stores were made redundant. Subsequently the leases for St. Neots and Mansfield were offered for surrender to the landlord on 16 November 2020 and 13 January 2021 respectively. The licence to occupy Bedford expired on 6 November 2020.

On 3 August 2020, the Company entered into a concession agreement with New Start 2020 Limited, in order to sell through the stock which was stored at the Peterborough store. Due to further government lockdowns in late 2020 and early 2021, the concession agreement has been extended to 15 May 2021.

On 5 November 2020, the Company sold all remaining stock to Hilco Capital Limited for £1.6 million.

All material trading costs have now been dealt with, however we are working to settle all remaining trading costs.

#### 2.2 Asset realisations

Realisations during the period are set out in the attached receipts and payments account (Appendix 2).

Summaries of the most significant realisations during the period are provided below.

#### **Asset Realisations**

Cash in transit

We have made no further distribution to the Secured creditors during the reporting period.

#### 3.2 Preferential creditors

We estimate the amount of preferential claims to be £227,000.

#### 3.3 Unsecured creditors

Based on current estimates, we anticipate that unsecured creditors should receive a dividend. Due to outstanding matters discussed below, we are yet to determine the amount of this, but we will do so when we have completed the realisations of remaining assets and the payment of associated costs.

# 4 Joint Administrators' remuneration and disbursements

#### 4.1 Joint Administrators' remuneration and disbursements

During the period the preferential creditors have provided approval that:

our remuneration will be drawn on the basis of time properly given by us and the various grades of our staff in accordance with the fees estimate provided in our progress report of 14 August 2020 and KPMG's usual charge-out rates for work of this nature.

#### Appendix 4 Joint Administrators' charging and disbursements policy

Joint Administrators' charging policy

The time charged to the administration is by reference to the time properly given by us and our staff in attending to matters arising in the administration. This includes work undertaken in respect of tax, VAT, employee and pensions (up to 1 March 2020) from KPMG in-house specialists.

Our policy is to delegate tasks in the administration to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

#### Hourly rates

Set out below are the relevant hourly charge-out rates for the grades of our staff actually or likely to be involved on this administration. Time is charged by reference to actual work carried out on the administration; using a minimum time unit of six minutes.

All staff who have worked on the administration, including cashiers and secretarial staff, have charged time directly to the administration and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the administration but is reflected in the general level of charge-out rates.

Table of charge-out rates

Policy for the recovery of disbursements

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 disbursements from the estate. For the avoidance of doubt, such expenses are defined within SIP 9 as follows:

Category 1 disbursements: These are costs where there is specific expenditure directly referable to both the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 disbursements: These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Category 2 disbursements charged by KPMG Restructuring include mileage. This is calculated as follows:

Mileage claims fall into three categories:

Use of privately-owned vehicle or car cash alternative – 45p per mile.

Use of company car – 60p per mile.

Use of partner's car – 60p per mile.

For all of the above car types, when carrying KPMG passengers an additional 5p per mile per passenger will also be charged where appropriate.

We have incurred the following disbursements (excluding VAT) during the period 20 July 2020 to 19 January 2021.
