**Strategic Report**  
**for the year ended 31 December 2020**

---

The directors of IMI Marston Limited (the 'Company') present this Strategic Report for the year ended 31 December 2020.

**1. Principal activities**

The Company is a wholly owned subsidiary of IMI Kynoch Limited. The principal activity of the Company is to earn interest on a loan due from a fellow IMI Group company.

The Company has no employees. The activities of the Company are performed by employees of fellow UK members of the IMI group of companies. There have not been any significant changes in the Company's principal activities in the year under review.

**2. Business review**

The Company recorded a profit after tax of £143,000 for the year (2019: £132,000).

Given the nature of this entity's operations, the Company's directors believe that analysis using key performance indicators for the Company is neither necessary nor appropriate for an understanding of the development, performance or position of the business of the Company.

**3. Future developments**

The directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year.

**4. Principal risks and uncertainties**

The Company derives its income from a variable rate loan to its parent company, IMI Kynoch Limited.

The Company is exposed to a number of financial market risks including liquidity risk, credit risk and fluctuations in interest rates.

Although the Company takes steps to manage its own financial risks, overall risks are managed at a Group level including the impact of the COVID-19 pandemic. For this reason, the Company's directors believe that a discussion of the Company's risks would not be relevant for an understanding of the development, performance or position of the Company's business.

Given the nature of this entity's operations and the fact it is financed by IMI plc, the principal risks and uncertainties are the same as those which relate to the Group as a whole. The details of which can be found in the IMI plc Annual Report and Accounts, which does not form part of this report.

**Directors' Report**  
**for the year ended 31 December 2020**

---

The directors of IMI Marston Limited ("Company") present their report and the financial statements for the year ended 31 December 2020.

**1. Profits and dividends**

The results for the financial year are shown in the financial statements. The company did not pay a dividend during the year (2019: nil). The directors have not recommended a final dividend for the year (2019: nil).

**2. Directors**

The directors who held office during the year and since 31 December 2020 were as follows:

L Grant	(appointed 22 January 2020)
A Edwards	(appointed 29 April 2020)
S McKone	(resigned 22 January 2020)
G Shaw	(resigned 22 January 2020)
V Wheelhouse	(resigned 17 January 2020)

The Company's ultimate parent, IMI plc, maintained directors' liability insurance for all directors during the financial year.

**3. Going concern**

The Company participates in the Group's centralised treasury arrangements and so shares funding arrangements with its parent and fellow IMI Group companies. The directors, having assessed the responses of the directors of the Company's ultimate parent IMI plc to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the IMI plc Group to continue as a going concern or its ability to continue with the current funding arrangements.

On the basis of his assessment of the Company's financial position and of the enquiries made of the directors of IMI plc, the Company's directors have a reasonable expectation that the Company will be able to continue in operational existence in the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

The above assessment and subsequent adoption of the going concern basis includes consideration of the impact of the COVID-19 pandemic.

**4. Disclosure requirements**

In accordance with the Companies Act 2006 section 414C(11), the Company's Strategic Report contains certain disclosures required in the Directors' Report. The requirements are included within the Principal Activities, Business Review and Principal risks and uncertainties sections of the Strategic Report.

Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 '*Reduced Disclosure Framework*' ('FRS 101').

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;

- notify the Company's shareholders in writing about the use of disclosure exemptions, if any, of FRS 101 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

**Notes to the financial statements**  
**for the year ended 31 December 2020**

**1. Authorisation of financial statements and statement of compliance with FRS 101**

The financial statements of IMI Marston Limited (the "Company") for the year ended 31 December 2020 were authorised for issue by the board of directors on 30 April 2021 and the balance sheet was signed on the Board's behalf by L Grant. The Company is incorporated and domiciled in England and Wales.

These financial statements were prepared in accordance with Financial Reporting Standard 101 '*Reduced Disclosure Framework*' ('FRS 101') and in accordance with applicable accounting standards.

The results of the Company are included in the consolidated financial statements of IMI plc which are available from Lakeside, Solihull Parkway, Birmingham Business Park, Birmingham, B37 7XZ.

The financial statements are prepared in sterling and are rounded to the nearest thousand pounds (£000).

**2. Accounting policies****Basis of preparation**

The accounting policies which follow set out those policies which apply in preparing the financial statements for the year ended 31 December 2020.

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- a) the requirement in paragraph 38 of IAS1 '*Presentation of Financial Statements*' to present comparative information in respect of paragraph 79(a)(iv) of IAS1;
- b) the requirements of paragraphs 10(d), 10(f) and 134-136 of IAS1;
- c) the requirements of IAS7 '*Statement of Cash Flows*';
- d) the requirements of paragraphs 30 and 31 of IAS8 '*Accounting Policies, Changes in Accounting Estimates and Errors*';
- e) the requirements of paragraph 17 of IAS24 '*Related Party Disclosures*'; and
- f) the requirements in IAS24 '*Related Party Disclosures*' to disclose related party transactions entered into between two or more members of the Group, provided that any subsidiary which is party to the transaction is wholly owned by such a member.

**Judgements and key sources of estimation uncertainty**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for income and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. Management do not consider that there are any significant judgements which are applicable to the preparation of this set of financial statements.

**Significant accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

**(a) Interest income/expense**

Interest income/expense is recognised as interest accrues using the effective interest rate method.

**(b) Taxation**

The charge or credit for taxation is based on the profit for the year and takes into account taxation deferred because of temporary differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences reverse, based on the tax laws that have been enacted or substantively enacted by the balance sheet date. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the temporary difference can be utilised.

**Notes to the financial statements**  
**for the year ended 31 December 2020**

**2. Accounting policies (continued)**

**(c) Going concern**

The Company participates in the Group's centralised treasury arrangements and so shares funding arrangements with its parent and fellow IMI Group companies. The directors, having assessed the responses of the directors of the Company's ultimate parent IMI plc to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the IMI plc Group to continue as a going concern or its ability to continue with the current funding arrangements.

On the basis of their assessment of the Company's financial position and of the enquiries made of the directors of IMI plc, the Company's directors have a reasonable expectation that the Company will be able to continue in operational existence in the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

The above assessment and subsequent adoption of the going concern basis includes consideration of the impact of the COVID-19 pandemic.

**3. Directors' remuneration and staff costs**

The directors are remunerated by another IMI Group company. The directors' services to the Company do not occupy a significant amount of their time. As such the directors do not consider that they have received any remuneration for their incidental services to the Company for the year ended 31 December 2020 or the year ended 31 December 2019.

**4. Interest receivable and similar income**

	2020 £000	2019 £000
Interest receivable from group undertakings	<u>143</u>	<u>141</u>

**5. Taxation**

**(a) Tax charged in the income statement**

	2020 £000	2019 £000
<i>Current income tax:</i>		
UK Corporation tax	27	27
Adjustments in respect of prior years	<u>(27)</u>	<u>(18)</u>
Total current tax charge	<u>-</u>	<u>9</u>

**(b) Reconciliation of the total tax charge**

The tax charge in the income statement for the year is different to the standard rate of corporation tax in the UK of 19.00% (2019: 19.00%). The differences are reconciled below:

	2020 £000	2019 £000
Profit on ordinary activities before taxation	<u>143</u>	<u>141</u>
Tax calculated at UK standard rate of corporation tax of 19.00% (2019: 19.00%)	27	27
Adjustment in respect of prior years	<u>(27)</u>	<u>(18)</u>
Total current tax charge	<u>-</u>	<u>9</u>

**(c) Change in corporation tax rate**

The rate of corporation tax in the UK for the 2020 calendar year was 19% (2019: 19%). In the Spring Budget of 2020, the UK Government announced that from 1 April 2020 the UK corporation tax rate would remain at 19%, rather than reducing to a rate of 17%, as had been previously substantively enacted. This new law was substantively enacted on 17 March 2020. UK deferred tax assets and liabilities have therefore been calculated using a rate of 19% (2019: 17%).

In the March 2021 budget, it was announced that the rate of UK corporation tax is to increase from 19% to 25% from 1 April 2023. This announcement occurred post the balance sheet date and is not substantively enacted. It is not therefore reflected in these accounts.
