Statement of Directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the accounts

Period ended 27 December 2015

1. Accounting policies

The accounting policies have all been applied consistently throughout the period and the preceding period. The financial statements are prepared in accordance with applicable law and United Kingdom Accounting Standards. The particular accounting policies adopted are described below.

The financial statements are prepared under the historical cost convention.

Going Concern

Due to the current economic conditions there are inherent future uncertainties that may impact the business. As a result of this the directors have made enquiries and have taken into account the company's forecasts and financial position and have a reasonable expectation that the company has adequate resources to continue in existence for the foreseeable future. For this reason, the directors continue to adopt the going concern basis in preparing the accounts.

Consolidated financial statements and cash flows

The company is exempt under Section 408 of the Companies Act 2006 from preparing group financial statements for the company and its subsidiaries, as the company is a wholly owned subsidiary of Stradbrook Acquisitions (Holdings) Limited, a company incorporated in Great Britain. Therefore, these financial statements represent those of the company and not the group. The company is a wholly owned subsidiary, and the cash flows of the company are included in the consolidated cash flow statement of its parent undertaking which is publicly available. Consequently, the company is exempt under the provisions of Financial Reporting Standard 1, "Cash Flow Statements", from publishing a separate cash flow statement.

Taxation

Current tax comprising UK corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or subsequently enacted by the balance sheet date.

Deferred taxation is provided in full at the anticipated tax rates on timing differences arising from the different treatment of items for accounting and taxation purposes. No provision is made for deferred tax on investment revaluations. A deferred tax asset is regarded as recoverable and therefore recognised only when it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. The company has elected not to discount the deferred tax assets and liabilities.

Fixed asset investments

Fixed asset investments are stated at cost less provision for impairment.
