The Company provides finance to fellow subsidiary companies in the British American Tobacco p.l.c. Group (“BAT Group”). It is intended that the Company will continue to undertake business relating to these activities.

Review of the year ended 31 December 2016

Profit for the financial year amounted to **US\$ 84 million** (2015: US\$ 67 million).

Directors' responsibilities Statement

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Directors' declaration in relation to relevant audit information

Having made appropriate enquiries, each of the Directors who held office at the date of approval of this Annual Report confirms that:

- to the best of his knowledge and belief, there is no relevant audit information of which the Company's auditors are unaware; and
- he has taken all steps that a Director might reasonably be expected to have taken in order to make himself aware of relevant audit information and to establish that the Company's auditors are aware of that information.

Directors' Report continued

Going concern

After reviewing the Company's annual budget and plans, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future and that it is therefore appropriate to continue to adopt the going concern basis in preparing the financial statements.

Notes on the Accounts

1. Accounting policies

Basis of accounting

The financial statements have been prepared on the going concern basis, under the historical cost convention and in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("IFRS"), but makes amendments where necessary in order to comply with Companies Act 2006 and where advantage of certain disclosure exemptions available under FRS 101 have been taken, including those relating to:

- a cash flow statement and related notes;
- disclosures in respect of transactions with wholly owned subsidiaries;
- disclosures in respect of capital management; and
- the effects of new but not yet effective IFRSs.

The preparation of the financial statements requires the Directors to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the date of the financial statements. The key estimates and assumptions are set out in the accounting policies below, together with the related notes to the accounts.

Foreign currencies

The functional currency of the Company is United States dollars ("US dollars"). Transactions arising in currencies other than US dollars are translated at the rate of exchange ruling on the date of the transaction. Assets and liabilities expressed in currencies other than US dollars are translated at rates of exchange ruling at the end of the financial year. All exchange differences are taken to the profit and loss account in the year.

The closing exchange rates to sterling were **1.235650** at 31 December 2016, and **1.47390** at 31 December 2015.

Accounting for income

As a financing vehicle, the Company's primary source of income is in respect of interest on loans to fellow subsidiaries. Interest income is recognised using the effective interest rate method. Interest income is only recognised to the extent that it is considered to be collectable.

Taxation

Taxation is that chargeable on the profits for the period, together with deferred taxation. Income tax charges, where applicable, are calculated on the basis of tax laws enacted or substantially enacted at the balance sheet date.

Deferred tax is determined using the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or deferred tax liability is settled. As required under IAS 12 Income Taxes, deferred tax assets and liabilities are not discounted.

Cash flow

The Company is a wholly owned subsidiary of British American Tobacco p.l.c.. The cash flows of the Company are included in the consolidated cash flow statement of British American Tobacco p.l.c., which is publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 101.

Related parties

The Company has taken advantage of the exemption under FRS 101 from disclosing transactions with related parties that are wholly-owned subsidiaries of the BAT Group.

Dividends

Final dividend distributions to the Company's shareholders are recognised as a liability in the financial statements in the period in which the dividends are approved by the Company's shareholders, while the interim dividend distributions are recognised in the period in which the dividends are declared and paid.

Similarly, dividend income is recognised at the same time as the paying company recognises the liability to pay a dividend.

Notes on the Accounts

2. Operating charges

The Company has no directly employed employees (2015: nil) and utilises the services of a number of employees, whose contracts of service are with a fellow subsidiary and their remuneration is included in that company's financial statements.

Auditors' fees, amounting to US\$ 2,500 (2015: US\$ 2,500), have been borne by the immediate parent undertaking.

None of the Directors received any remuneration in respect of their services to the Company during the year (2015: US\$ nil).

Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantially enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantially enacted on 6 September 2016. This will reduce the Company's future current tax charge accordingly.

The current taxation charge differs from the standard 20% (2015: 20.25%) rate of corporation taxation in the UK. The major causes of this difference are listed below:

	2016 US\$m	2015 US\$m
