1. Progress of the liquidation

FRP

Background

The Joint Liquidators were appointed on 2 December 2016 following the end of the preceding administration process.

This report should be read in conjunction with the previous reports issued by the Former Administrators and the Joint Liquidators.

Work undertaken during the Period and work yet to be completed

Attached at Appendix C is a schedule of work undertaken during the Period together with a summary of work still to be completed.

Intercompany Distributions

The Company had a claim of £2.6m against DSHB, a connected company which is in liquidation. DSHB recently issued a first and final distribution to unsecured creditors and the Company received £910k.

Rates and Miscellaneous Refunds

As detailed in previous reports, the Company had a claim against a former utility provider for the balance of a security deposit since the Company entered administration in 2016. The utility provider has finally agreed to release the balance held of £632k. In addition, the Joint Liquidators obtained an additional refund from the same provider of £59k.

International franchise debt - Bahrain

The Joint Liquidators continue to liaise with their legal advisers and counsel in relation to the outstanding debt totalling approx. £564k. The Trustee appointed to the debtor's estate has been scheduled to file his report on the estate in Court, but the hearing has been adjourned numerous times. The next scheduled hearing is in February 2023.

Potential Claims

The Joint Liquidators have issued a claim against a certain number of the Company's directors after the sale of BHS Group to Retail Acquisitions Limited on 11 March 2015. Further details will be provided in the Joint Liquidators' next report.

Litigation Costs

During the Period, the Joint Liquidators were ordered by the Court to pay £140k from the estate in relation to a costs award regarding a strike out application linked to the claim above.

Pension Trustee VAT

The Joint Liquidators have been liaising with the pension trustees in relation to requests to submit VAT 426 returns for the pension scheme, to reclaim VAT incurred on expenses from managing the pension scheme. The Joint Liquidators assisted the trustees by reviewing, completing, and submitting the relevant VAT 426 returns and all associated schedules and invoices dating back to 2017. Funds of £941k were highlighted in the previous report and during the period the Joint Liquidators paid to the trustees £931k. A fee for the work involved of £10k was agreed directly with the pension trustees.

Other matters

There continues to be regular correspondence received from creditors and the Joint Liquidators and their case staff continue to respond to these queries on a regular basis.

In addition to creditor correspondence, the Company continues to periodically receive correspondence and bills from utility companies in relation to former properties. The Joint Liquidators have been responding to each of these utility providers to advise of the current position as and when required.

The Joint Liquidators confirm that no work has been subcontracted to third parties.

1. Progress of the liquidation

FRP

Receipts and payments account

Attached at $Appendix\ B$ is a receipts and payments account detailing both transactions for the Period and also cumulatively since the appointment of the Joint Liquidators.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency. No payments have been made to associates of the Liquidator without the prior approval of creditors as required by SIP9.

Investigations

As previously detailed, a substantial review of the Company's books and records and accounting information has been carried out and a data review platform has been, and continues to be, utilised to streamline the processing of the available information and identification of key relevant documents.

The Joint Liquidators have engaged with Stout Risius Ross, LLC to assist with the analysis of the records and the progression of any potential claims. Details of the costs in relation to this engagement are included in **Appendix E**.

Due to the sensitive and largely privileged nature of the ongoing investigations, the Joint Liquidators are unable to provide substantial information to creditors on the current investigation streams at this juncture, apart from those detailed in the schedule of work at **Appendix C**. The Joint Liquidators continue to consider other actions to maximise recoveries for the estate.

If you have any information or concerns regarding the way in which the Company's business has been conducted, or have information regarding potential recoveries for the estate, please contact this office by post at 110 Cannon Street, London EC4N 6EU, telephone 020 3005 4000 or by email to Connor.Newman@frpadvsory.com.

2. Estimated outcome for the creditors

The estimated outcome for creditors was included in correspondence previously circulated by the Joint Liquidators.

Outcome for secured creditors

<u>Arcadia</u>

The Joint Liquidators reached an agreement with Arcadia in relation to a number of matters, including Arcadia's floating charge dated 14 April 2015. The Joint Liquidators can confirm that as part of the agreement, over £30m was released from the reserves held in relation to Arcadia's secured claim into the monies available for the Company's unsecured creditors and the floating charge was released.

Barclays

Barclays have three outstanding charges registered at Companies House. Barclays recovered its exposure on the day the Company entered administration from the credit balances it was holding, as per the terms of its security.

__

GB had the benefit of fixed charge security over the Company's long leasehold interest in the store at Cribbs Causeway, Bristol. The principal amount secured was £9.4m however further charges, interest and default interest had accrued on this sum.

Following the Company entering administration, GB appointed a receiver over the leasehold interest, but no sale was concluded. Upon the Company entering Liquidation, the receiver resigned, and the Joint Liquidators became responsible for realising the asset.

The lease was surrendered for a premium of £500k which has resulted in GB suffering a shortfall on its lending. GB will be able to claim as an unsecured creditor for the amount outstanding to them.

Grovepoint

Grovepoint was owed £19m by the Company and related BHS group companies as at the date of administration and had the benefit of fixed charge security over freehold and leasehold interests, both owned by the Company and the BHS group companies.

All entities party to the Grovepoint facility provided cross-guarantees to secure the liability. Grovepoint was repaid £10m by the Company during the administration and the remaining indebtedness was discharged by other BHS group companies from property disposals.

Preferential Creditors

The Joint Liquidators are not aware of any preferential claims in the Liquidation. Creditors should refer to the progress reports of the Former Administrators for further details.

Unsecured creditors

At the time of declaring the first dividend, the Joint Liquidators had received claims totalling £997,882,936 from unsecured creditors. A dividend of 3.62 pence in the pound was declared on 10 November 2017.

A further sum of approximately £180,000 was held in respect of claims which had not been agreed as at the date the dividend was declared. The majority of these claims have now been rejected and these funds will now be available to unsecured creditors when the final dividend is declared.

The Joint Liquidators have issued a substantial claim in relation to the conduct of directors appointed after the sale of the Company to Retail Acquisitions Limited in March 2015 and as such anticipate that there could be further realisations made. A final dividend will be declared once these recoveries have been finalised. The Joint Liquidators are unable to confirm timing or quantum of any such recoveries at this stage, however, will provide updates as further information becomes available.

2. Estimated outcome for the creditors

FRP

The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

As there is no floating charge the prescribed part does not apply in this instance.

3. Liquidators' remuneration, disbursements and expenses

Joint Liquidators' remuneration

As advised in previous correspondence, the creditors passed a resolution that the Joint Liquidators' remuneration should be calculated on a time cost basis. During the Period, the creditors passed a resolution for an uplift of the Joint Liquidators' fees which was approved on 23 August 2022. To date fees of £5,944,773 excluding VAT have been drawn from the funds available.

A breakdown of the Joint Liquidators' time costs incurred during both the Period and cumulatively is attached at **Appendix D**.

Creditors previously approved the Joint Liquidators' fee estimate covering a period of five years from the date of the liquidation in the sum of £6,583,939. As detailed above, this fee estimate has been uplifted to £7,545,480. The Joint Liquidators are unable to draw fees based on time costs exceeding the total amount set out in the fee estimate previously provided without further approval of the creditors. Approval will be sought under separate cover if required.

Joint Liquidators' disbursements and expenses

The Joint Liquidators' disbursements are a recharge of actual costs incurred by them in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory Trading Limited at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period are set out in **Appendix D**.

Expenses of the liquidation

An estimate of the Joint Liquidators' expenses was set out in the information previously circulated to creditors. The Joint Liquidators attach at **Appendix E** a statement of expenses that have been incurred during the Period. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details circulated in our report of 4 August 2022 with the exception of the following:

 Professional Fees: as detailed above, Stout Risius Ross, LLC to assist with the analysis of the records and the progression of any potential claims.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Liquidators are obligated to ensure that such advice or work is warranted, and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Liquidators periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Liquidators and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Liquidators and further have a right to challenge the Liquidators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix E** only). Further details of these rights can be found in the Creditors' Guide Fees which you can access using the following https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditorsinsolvency-proceedings/ and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

A schedule of work

The table below sets out a detailed summary of the work undertaken by the Joint Liquidators during the Period together with an outline of work still to complete. Where work undertaken results in the realisation of funds (from the sale of assets; enhanced recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by the Joint Liquidators is required by statute, including ensuring the appointment is valid, notifications of the appointment to third regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.
