Notes:

1. Estimated net realisable value of assets: due to uncertain future tax outcomes, the net realisable values of property/other assets (including sales of business and assets) are shown before any potential impact of tax.
2. Vendor Loan note reflects the expected recovery on the Vendor Loan note primarily from sale proceeds anticipated from the sale of the business and assets Topshop/Topman Ltd, net of the £185m maximum amount of security provided to the Pension Schemes over the Vendor Loan note. The Pension liability is shown gross of (ie before) any benefit of this security.
3. Arcadia Group Limited is one of four guarantors of the Lloyds/HBOS facility and the full outstanding bank borrowings have been included in the guarantor companies on the basis of joint and several liability.
4. The net realisable value of cash at bank is net of cash collateralised Letters of Credit
5. Other debtors includes funds due from the CVA Creditors Compensation Fund.

Notes:

- Trade creditors include an estimate of the value of potential claims arising from commitment (ie orders placed but not yet shipped) – without any admission of liability for these claims. The estimated value of these claims ranges from 0% to 80% of the PO value, depending on the stage of production and the mitigation estimated to be available. The value of the claims may be reduced if orders are confirmed by any buyers of the businesses. Trade creditors, also include the full value of potential contingent claims arising from guarantees given by AGI to suppliers of goods for resale to other entities within the group. Retention of Title has not been included on the basis that it is not material to the total creditor claims.
- Landlord claims include an estimate of claims relating to future contractual rent and service charges, net of reasonable assumptions regarding mitigation, and estimated claims for dilapidations. Landlord claims also include the full value of contingent landlord claims which may arise where entities within the group have guaranteed or under-written liabilities of other group entities. For simplicity potential intra-group contingent claims have not been reflected as contingent assets or liabilities, as they are uncertain.
- VAT liabilities are shown in full against all members of the relevant VAT groups, reflecting joint and several liability. The claim is therefore duplicated across multiple entities but will only be settled once.
- Pension liabilities are shown gross, before any reduction in the liability due to realisations for the Pension Schemes from secured assets

COMPANY CREDITORS

(Excluding consumer creditors and employees - See tabs B1 and B2)

Note: You must include all creditors, other than employees, former employees and consumer creditors claiming amounts paid in advance of the supply of goods or services ("consumer deposit creditors"), and identify all creditors under hire-purchase, chattel leasing or conditional sale agreements and creditors claiming retention of title over property in the company's possession.

Include in this schedule the number of employees and former employees and the total of the debts owed to them and the number of consumer deposit creditors and the total of the debts owed to them. Full details of their claims must be set out in separate schedules B1 and B2.

The employee and consumer deposit creditor schedules are NOT delivered to the Registrar of Companies.
