STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. NOTES FORMING PART OF THE ACCOUNTS

1 ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements have been prepared in accordance with applicable United Kingdom Accounting Standards and under the historical cost convention

(b) Cash Flow Statement

Under Financial Reporting Standard 1 (Revised 1996), the Company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary undertaking of Federal-Mogul Corporation, a company which has prepared a consolidated cash flow statement

(c) Foreign currencies

Transactions in foreign currency are recorded at the rate ruling at the date of transaction. Any assets or liabilities denominated in foreign currency are retranslated at the year end rate. Exchange differences on transactions in foreign currencies are included in the profit and loss account.

(d) Deferred tax

The taxation charge is based on the result for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more, tax with the following exceptions:

- Provision is made for gains on disposals of fixed assets that have been rolled over into replacement assets only where, at the balance sheet date, there is a commitment to dispose of the replacement assets
- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

(e) Related Parties

The Company has taken advantage of the exemption in FRS8 Related Party Disclosures from disclosing transactions with related parties that are part of the Icahn Enterprises group, of which the ultimate parent undertaking is Icahn Enterprises L P

(f) Fundamental Accounting Concept

The director believes it to be appropriate to prepare the financial statements on the going concern basis due to the continued financial support provided by Federal-Mogul Limited, its parent company
