#### NOTES TO THE ACCOUNTS .

### For the year ended 30<sup>th</sup>. September 2014

#### 1. ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

The accounts have been prepared under the historical cost convention as modified by the revaluation of Investment Properties and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### **TURNOVER**

Turnover comprises invoiced management fees charged to subsidiary companies excluding VAT.

#### TANGIBLE FIXED ASSETS

Freehold Investment Properties are revalued annually and the aggregate surplus or deficit is transferred to Revaluation Reserve. No depreciation is provided on Freehold Investment Properties. This constitutes a departure from the statutory rules requiring such assets to be depreciated over their useful lives and is necessary to enable the accounts to show a true and fair view. Depreciation is only one of the many factors reflected in the annual revaluation and the amount which would otherwise have been shown cannot be quantified.

Depreciation on other Fixed Assets is calculated to write down the cost of such assets to their estimated residual value at the rate of approximately 25% of cost or written down value.

#### 2. OPERATING PROFIT/(LOSS)

The Operating Profit/Loss) is shown after charging

•	<u>2014                                    </u>	<u>2013</u>

The Freehold Investment Property was valued by the directors as at 30<sup>th</sup>. September 2014 at open market value. No provision has been made for deferred taxation on revaluing the Investment Property to it's market value as the tax on the gains would only become payable if the property was sold. The tax which would become payable in such circumstances is estimated to be £3.110 (at 20%). The property is held as a long term investment and therefore no tax is expected to become payable in the foreseeable future.
