Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules

Under Financial Reporting Standard 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary of a group which prepares a consolidated cash flow statement

Turnover

Turnover is based on invoiced amounts excluding value added tax

Depreciation

Depreciation is provided by the company to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives which in the case of assets purchased new are taken as follows

Land and buildings - over life of lease

Plant and machinery, office equipment
and fixtures and fittings - 3, 5 or 10 years

Heavy commercial vehicles - 8 years

Other vehicles - 5 or 6 years

Stocks

Stocks are valued at the lower of cost and net realisable value

Taxation

The charge for taxation is based on the results for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes

Provision is made for all deferred taxation with the exception of deferred tax on gains recognised on revaluing properties to their market value. Such tax would only become payable if the properties were sold without it being possible to claim roll-over relief. The provision is not discounted.

Pension costs

The company is a member of a group pension scheme providing benefits based on final pensionable pay. The assets of the scheme are held separately from those of the group. As the company shares the underlying assets and liabilities in the scheme it has taken advantage of the exemption provided by FRS 17 'Retirement Benefit' whereby contributions to the scheme are charged to the profit and loss account as they fall due as it is not possible to identify the company s share of the underlying assets and liabilities of the scheme.

The group also operates a defined contribution non-contributory executive pension scheme and a stakeholder scheme. Contributions to these schemes are charged to the profit and loss account as they become payable.
