Notes to the Accounts

for the year ended 30 September 2020

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the rendering of services and is recognised according to the date on which the services are provided.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Fixtures and equipment	10%, 20% and 25% per annum straight line
Motor vehicles	20% and 25% per annum straight line

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs.

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

Foreign currency translation

Transactions in foreign currencies are initially recognised at the rate of exchange ruling at the date of the transaction. At the end of each reporting period foreign currency monetary items are translated at the closing rate of exchange. Non-monetary items that are measured at historical cost are translated at the rate ruling at the date of the transaction. All differences are charged to profit or loss.

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.

7 Pension commitments

John Sutcliffe & Son (Grimsby) Limited (the company) operated a defined benefit pension arrangement called the John Sutcliffe & Son (Holdings) Limited Staff Pension and Assurance Scheme (the scheme).

During the year to 30th September 2020 the other participating company to the scheme, John Sutcliffe & Son (Holdings) Limited, remained in administration.

John Sutcliffe & Son (Grimsby) Limited is a contributory member of this scheme. The liability which attaches to John Sutcliffe & Son (Grimsby) Limited was last assessed by the pension scheme trustees at £2,000,000 on a buyout basis.

During the previous year the company successfully completed a Creditors Voluntary Arrangement (CVA) with all its creditors, including the Pension Trustess. A contribution of £100,000 was paid in that year to the Trustess within the CVA and it has been agreed, following the assessment period with the Pension Protection Fund (PPF), to pay to the PPF £400,000 over 4 years and transfer 90% of the shareholding in the company from the Trustees to the Pension Protection Fund. The assessment period was completed and the shares transferred. Payments continue to be made quarterly as per the agreement with the PPF.

8 Contingent liabilities

The company, its parent and its fellow subsidiary companies have given unlimited cross guarantees in respect of each others bank accounts. Provision has been made for possible costs.

9 Controlling party

The company is wholly controlled by the directors.
