AUDITOR'S REPORT

To the Members of Tribune Publications Limited

We have audited the financial statements on pages 1 to 6 in accordance with approved Auditing Standards.

The financial statements have been prepared on a going concern basis. This basis may not be appropriate because the last financial statements indicate that the Company's current liabilities exceeded its current assets by £8,664 as at 31st December 1988.

Should the company be unable to continue trading, adjustments would have to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities which might arise, and to reclassify fixed assets and long-term liabilities as current assets and liabilities.

Subject to the company being able to continue trading, in our opinion, the financial statements which have been prepared under the historical cost convention, give a true and fair view of the state of affairs of the Company as at 31st December 1988 and of its loss and the source and application of funds for the period ended on that date and comply with the Companies Act 1985.
