DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that are reasonable and prudent;
- prepared the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report was approved by the Board on 4 January 2016 and signed on its behalf.

NOTES TO THE ACCOUNTS**For the 52 weeks ended 27 December 2015****1. ACCOUNTING POLICIES****Basis of preparation of financial statements**

The Company has transitioned to FRS 102. It has elected to retain its accounting policies for reported assets, liabilities and equity at the date of transition to FRS 102 until there is any change to those balances or the company undertakes any new transactions.

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Accounting period

The balance sheets for 2015 and 2014 have been drawn up at 27 December 2015 and 28 December 2014 respectively.

Classification of shares as debt or equity

An equity instrument is a contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Accordingly, a financial instrument is treated as equity if there is no contractual obligation to deliver cash or other financial assets or to exchange financial assets or liabilities in terms that may be unfavourable.

When shares are issued, any component that creates a financial liability of the company or group is presented as a liability in the balance sheet measured initially at fair value net of transaction costs and thereafter at amortised cost until extinguished on conversion or redemption. The corresponding dividends relating to the liability component are charged as interest expense in the income statement.

Cash flow statement

At 27 December 2015 the company was a wholly owned subsidiary and the consolidated financial statements in which the company is included are publicly available. Therefore, as a qualifying entity, a cash flow statement is not required under FRS 102.

2. DEBTORS
