THE REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 1991

Four Directors have pleasure in submitting their Report and Accounts for the year ended 31 December 1991. For the purposes of the Companies Act 1985 members of the National Executive Board are Directors. The names of those persons who were members of the Board at any time in 1991 appear below.

The Association acts as a trade association for trade and industry in so far as the organisations in membership operate or use freight transport for or in connection with their businesses. During the year it continued its policy of providing a range of advisory and practical services to the membership and of pursuing a vigorous and responsible representational role. The total membership of the Association at 31 December 1991 was 12,869 and the state of the Association's affairs is set out in the Accounts shown on the following pages.

Formal arrangements exist for the management team to discuss and contribute to the financial, economic and social objectives of the Association and regularly to brief all staff on the activities in which the Association is engaged. During the year the Association maintained its policy of giving full and fair consideration to applications for employment made by disabled people.

Changes in the tangible assets of the Association are detailed in Note 2 of the Accounts. It is considered that the market value of the Association's freehold properties is in excess of the amounts shown in the Accounts.

The auditors, W.J. Calder, Sons & Co., retire in accordance with the provisions of the Companies Act 1985 and a resolution for their reappointment will be proposed at the Annual General Meeting.

The Association is liable for taxation only on surpluses arising from non-members. The taxation charge for the year based on this income is as follows:

Note 10 Expenditure Covered by Reserve Funds

Exceptional items of expenditure are set against specific Reserve Funds so enabling the Income and Expenditure Account to display the surplus for the year before charging such items. Had SSAP6 (revised) been complied with, the effect on the income and Expenditure Account would have been as follows:

£		Æ.
4,062,330	Administration Expenses ,,,,,,	4,189,897
112,271	Expenditure covered by Reserve Funds	169,410

Note 11 Prior Year Adjustment

The accounting policy for depreciation of motor vehicles was changed at 1 January 1991 from 25% per annum on replacement cost to 25% per annum on original cost. A prior year adjustment resulted from the restatement of accumulated depreciation on 1 January 1991 to reflect the new accounting policy.

Note 12 Pension Commitments

The Association operates a contributory pension scheme which is voluntary. Entry is open to all full time members of staff who are not: 20 and under 59. The scheme is of the defined benefit type with its assets held in a separate trust and invested by the trustees, G M Benefit Consultants Limited. The Association's contributions are determined by a qualified actuary on the basis of a triennial valuation using the projected unit method. The most recent valuation was in April 1990. The principal assumptions adopted in the valuation were that over the long term, the annual rate of return on investments will be 9%, that each member's pensionable salary will increase by 7.5% and pensions will increase at 5% per annum. The Association's contribution is currently 16.5% of pensionable salary, being within 0.1% of the rate recommended at the last valuation which showed the fund to be adequate and not excessive.

Note 13 Exceptional Item

During the year, the Association had Joined with other bodies in a legal action to defend the interests of its members. The action had been unsuccessful and costs were awarded against the co-litigants. The exceptional item charged to the income and Expenditure Account represents the Association's share of the costs of the action.
