**Notes to the Abbreviated Accounts
for the year ended 31 August 2016**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents sales made from the various retail outlets operated by the company, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings	- not provided
Plant and machinery etc	- 25% on reducing balance and 10% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account as incurred.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Investments

Fixed asset investments are valued at cost.

Revaluation of tangible fixed assets

As permitted by the transitional provisions of the Financial Reporting Standard for Smaller Entities (effective June 2002) the company has elected not to adopt a policy of revaluation of tangible fixed assets. The company will retain the book value of land and buildings, previously revalued at £161,102 and will not update that valuation.

Grant income

The company received grants from the East of England Development Agency under the regional development programme funding scheme in 2011 and 2012. The grants assisted with the construction of a new butchery cutting room buildings and office buildings at the main site in Briston. In accordance with SSAP4, Accounting for Government Grants, the proportion of the grant receivable relating to capital expenditure has been treated as deferred income in the balance sheet and is being released to the profit and loss account over the estimated useful life of the assets, matching the company's depreciation policy.
