

## PREFACE AND STATEMENT OF DIRECTORS' RESPONSIBILITY

The Birmingham Diocesan Board of Finance is a Company Limited by Guarantee and, accordingly, its annual accounts are required, by Company Law and Accounting Standards, to be presented in a prescribed manner. These requirements are designed for, and thus most appropriate for, commercial undertakings and are not always suited to a body such as a Diocesan Board of Finance. Nevertheless, these Accounts are presented in the required manner.

The Directors are required by UK Company Law to prepare accounts which comply with the Companies Act 1985, on a going concern basis, unless inappropriate, and which give a true and fair view of the state of affairs at the end of the financial year and of the surplus or deficit of income over expenditure for that period. In preparing these accounts, suitable accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, and applicable accounting standards have been followed.

The Directors are also responsible for ensuring that:

- i) Proper and adequate accounting records have been maintained for both the Birmingham DBF, the Church Schools Fund, and in their capacity as Trustees, for the Administered Funds.
- ii) That reasonable procedures have been followed for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

The Chairman's Statement, which provides a commentary on the financial outcome for the year, is on pages 1 and 2.

The accounts commence with a summary of the income and expenditure arising during the year, a balance sheet and a cash flow statement. These principal summaries are on pages 5 to 7 and, taken with the Chairman's statement, provide an overview of the financial position of the Diocese for 1996.

Most of the figures in the Income and Expenditure summary and in the Balance Sheet are analysed and further explained by notes, which appear on pages 11 to 25; in some cases, these notes are there solely to disclose information required by Company Law. The Auditors report is on page 26.

The above two sections (pages 5 to 26) constitute the Statutory Accounts.

Towards the end of these financial statements, commencing at page 29, are detailed listings showing, in deanery order and parish by parish, amounts paid into the Common Fund, payment of Parsonage Assessment, loans made and repaid and amounts paid into the Malawi Fund.

Finally, there are some formalities: the formal Directors' report, required by law, together with a list of the members of the Board of Finance.

An index to all these statements is on the following page and completes this preface.

**CHAIRMAN'S STATEMENT**

I hope that you will find the attached accounts interesting. As usual, this statement, the Income and Expenditure Account on page 5 and the Balance Sheet on page 6 will give you a financial overview of 1996. Most of the figures on pages 5 and 6 are supported by notes and further analysis on pages 12 to 25. You will wish to note that the Auditors' Report on page 26 confirms their opinion that our accounts give a true and view of our affairs as disclosed in the accounts. Further on in this booklet you will find details, parish by parish, of their payments to the Common Fund, to the Parsonages Fund and to our support for the Diocese of Malawi.

**The result for the year**

The result for the year was a surplus of £190,258, against a budgeted deficit of £108,000. The surplus arises because of two legacies totalling £193,000; were it not for these, we would just have broken even. I comment below on other matters of interest disclosed in the accounts.

**Income**

Common Fund receipts for the year were £217,000 more than the total realised in 1995, equal to 7.7%. This is reasonably satisfactory given that the overall rate of increase for 1996 was 8.3%. The budgeted amount to be paid by parishes in 1996 was £3,135,000 - the amount collected in the year was 96.7% of that. We will always strive to collect 100% but there will always be parishes in one sort of difficulty or another, which will make a complete payment not possible, so 96.7% recovery is not unsatisfactory. In 1995, the collection rate was 97.2%, so there has been minimal slippage, but not to a degree that troubles me.

Your directors, the Bishop's Council, continue to be concerned over the continuing, but inevitable, increases we ask of you all, but they also continue to be grateful for the splendid way in which everyone responds to our calls on them. Once again, our sincerest "thank you".

The Church Commissioners' contribution was down again as we expected and took into account in our budgets. As regards Parsonages income, a look at note 3 on page 16 will show that 1995's figures include £84,000 (for an additional parsonage) in both income and expenditure, thus explaining some of the discrepancy in comparing 1996 with 1995; the overspend of the synodically approved budget was done with the prior approval of the Bishop's Council, who set a higher budget in response to the need to keep on top of maintaining our properties.

As regards "all other income", note 1.3 on page 12 gives a complete analysis of both years. The only comment I would make on these figures is that the drop in "rents of DBF properties" has come about following the policy decision to sell the High Street, Harborne, property during 1996 in order to adjust the mix of Board investments. Early in 1997 a smaller property was purchased in Solihull.

**Expenditure**

We were significantly below budget in Clergy Pay because of vacancies arising in the year. The "shortfall" was 6.3% of budget compared with 2.6% a year ago. This has come about by a combination of more vacancies and longer interregnums. I must reiterate the Diocesan policy that interregnums are kept as short as possible. I begin to think that to budget for no vacancies at all is not longer appropriate and I will take up with the Bishop's Council a way in which we can budget more realistically for the future.

With the exception of administration, all other spending heads compare favourably with last year and have commendably been contained within budget. I recall saying to Synod, that the 1996 budget for administration was set unrealistically low and the out turn for the year shows that to have been the case. The level of expense in 1996 was adversely affected by the costs of a locum Diocesan Secretary in the early part of the year. Jim Drennan, our Diocesan Secretary has done a splendid job in rationalising our administration and the costs are running presently at an annual rate of about £200,000 including £50,000 of external professional fees.

**The Balance Sheet**

Overall, our reserves have increased by 2.2%, or a little less than average inflation during the year, which is not unsatisfactory given my commitment some years ago to grow Diocesan reserves to keep pace with the annual loss of purchasing power.

There are only two points I would make about the Balance Sheet. The first is a general point: our net borrowings are for practicable purposes the same as a year ago and thus our gearing ratio is a little less at 30% - entirely satisfactory. This is, of course a year end position; it has to be said that early in the year, when Common Fund receipts are at their lowest, our borrowings are much higher and to some degree this accounts for the interest costs in the year of some £61,000.

The second point refers to our investments. In line with the investment strategy agreed by the Bishop's Council during 1995 to disinvest out of property and to move our endowments into marketable securities, you will note the reduction in our holdings in investment properties - some £1.9 million less - and the increase in fiscal investments of the same amount.

**The future**

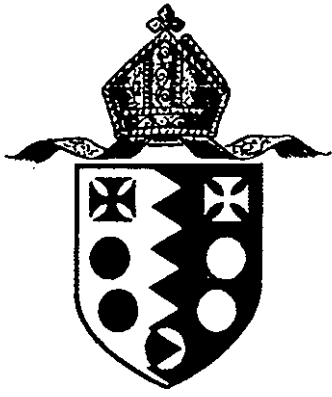

As Jim Drennan and I have been at pains to explain in a number of visits to parishes and deaneries, 1997 sees a further reduction in grants from the Church Commissioners to a level which will remain constant for several years. But starting on 1 January 1998, in common with the whole Church of England, we will commence making payments into a new pension fund for our clergy, as does every other employer with occupational pension schemes. The Church Commissioners remain responsible for paying pensions for those clergy already in receipt of retirement pensions and also for the pension accruing to future pensioners by virtue of service up to 31 December 1997. Our liability to fund the future pension is being phased in over four years and the cost in 1998 will be some £150,000. The next years will see an annual increase of that order until we are fully responsible for the pension contribution in respect of our serving clergy. This will continue to place a strain on our parishes and I continue to assure you that the Bishop's Council will take every step possible to minimise this effect; I very strongly feel that this has to be done within our obligation to provide proper provision of Ministry throughout our Diocese.

**Generally**

As ever, I have enjoyed my visits to parishes and deaneries this year. I sense a greater understanding of the problems that beset us and a determination to meet the challenge.

I have enjoyed working alongside Jim Drennan, who has picked up his new job as Diocesan Secretary with enthusiasm and skill - we are very fortunate to have him heading the team. I am also deeply grateful for all the help and co-operation of all the Diocesan team, but would like, since we are dealing with accounts here, to single out Paul Wilson, who has, as always, been a great strength.

**PHILIP COUSE**

# NOTES

**THIS PAGE IS INTENTIONALLY BLANK**

## ACCOUNTING POLICIES

1. The accounts are prepared under the historical cost convention, modified by the revaluation of certain Tangible Fixed Assets, and in accordance with applicable Accounting Standards.
2. In order to show a true and fair view of the results of the Company's activities, the Company has taken advantage of the provisions of Section 226 of the Companies Act 1985 to depart from its required formats for the Income and Expenditure Account and provide its own headings.
3. There is a wholly owned subsidiary company, BIRDBOF Properties Ltd. Once again, the Board has elected to take advantage of S248 of the Companies Act 1985 as a medium sized group, and not prepare Group Accounts. The Accounts for BIRDBOF are included within this report (pages 55-59).
4. Dividends and interest are included in the accounts when received.
5. Monetary investments are shown at cost.
6. Tangible Assets are shown at cost where they are financed by 100% Commissioners' equity loans. All other tangible assets are shown at valuation.
7. All Board Properties are revalued triennially, and the aggregate surplus or deficit transferred to the revaluation reserve. All investment properties of the Board were last revalued at 31st December 1995, as were those properties owned by BIRDBOF Properties Ltd.
8. Depreciation

Depreciation is not charged on buildings as it is the policy of the Board to maintain its properties in a good state of repair and the Board considers that the residual values of the properties is such that any depreciation charge would not be material. Depreciation is provided on all other fixed assets at rates sufficient to write off the cost of those assets on a straight line basis over their expected useful lives. The principal annual rate used is 33% for office computers. A full year's charge is made in the year of acquisition. No charge is made in the year of disposal.
9. Funds held for specific purposes and the related income and expenditure are shown in separate reserves under appropriate headings.
10. Funds not forming part of the Board's reserves but only administered by the Board are excluded from the Board Accounts and are presented for information on pages 45-51.

<u>0</u>	<u>0</u>	<u>0</u>
----------	----------	----------

Please see note 9.1 for the General Reserve designation by the Board for the Parsonage Fund.

The Parsonages fund is held and maintained in accordance with the requirements of the Repair of Benefice Buildings Measure 1972. Expenditure is authorised and controlled at the direction of the Housing subcommittee of the BDBF. There are 166 parsonages within the Diocese each of which is the property of their local "Benefice" and therefore they are not included as Assets of the Board of Finance, which is directed under the measure to ensure that Beneficed properties are adequately maintained. The current insured value of all parsonages is £24 Million.

<b>(DEFICIT) [see note 9.1]</b>	<b><u>(88,515)</u></b>	<b><u>(84,748)</u></b>

This fund is used as the 'vehicle' through which the Board of Finance funds expenditure on houses owned by the Board (see page 41) and used to accommodate Parish and Diocesan Non-Beneficed clergy. The expenditure budget is subject to the control of the Housing subcommittee. The Balancesheet values of these properties, most of which were purchased with Church Commissioners Loans, is £ 2,362,965

The revaluation of Property at 31st December 1995 was made by James & Lister Lea (Chartered Surveyors) on an open market basis and included all Board properties. The original cost of properties is shown above.

## BALANCE SHEET NOTES

**5.0 Fixed Asset Investments (BIRDOF Properties Ltd)**

Certain of the Board's property investments are carried in the ownership of BIRDOF Properties Ltd, which is a wholly owned subsidiary of the Board. In order to clarify the Board's accounts, those of BIRDOF are not consolidated with the Board's. An extract from the Audited Accounts of BIRDOF Properties Ltd is included at Pages 55 to 59. 'BIRDOF' is registered in England and Wales and its principal place of business is Birmingham. The amount shown in the Balance Sheet of £1,760,099 represents an amount due from BIRDOF to the Board.

**5.1 Fixed Asset Investments**

	Listed £	Unlisted £	Total £
Cost at 1st January	16,811	107,163	123,974
Disposals	(16,811)	0	(16,811)

Cost at 31st December	<u>496,550</u>	<u>743,974</u>	<u>1,240,524</u>

The aggregate market value at 31st December 1996 of investments listed on the Stock Exchange is £498,931 (1995 = £19,815). Unlisted investments consist of freely marketable shares in the Central Board of Finance Investment Fund administered by the CCLA Fund Managers. The value of unlisted investments at December 31st 1996 is £789,869 (1995 = £136,960).

**12.0 Capital Commitments**

No capital expenditure had been contracted but not provided for in the accounts, nor had any capital expenditure received authorisation and not been contracted for as at 31st December 1996.

**13.0 Contingent Liabilities**

The board has given a guarantee to the bank of Scotland in respect of a term loan made by the bank to Church Buildings in Nechells Ltd, to a maximum limit of Fifty Thousand Pounds (£50,000)

**14.0 Pension Costs**

The Board participates in the Church of England Defined Benefits Scheme section of the Church Workers Pension Fund (the Fund), a pension scheme administered by the Church of England Pensions Board to provide benefits to lay employees based on final pensionable salaries. The assets of the fund are held separately from those of the Employer.

The Pension Cost for the year shown in this statement is equal to the contributions paid by the Employer. The contributions were assessed by a qualified actuary using Projected Unit Credit method of valuation.

A full valuation of the Fund was undertaken as at 31st December 1995 and the actuarial position was re-assessed. The principal assumptions were that the return on assets would be 2% per annum higher than the increase in pensionable salaries and 4.5% per annum higher than the increases to pension in payment. As at 31st December 1995 the Employer's share of the market value of the assets amounted to £363,960. The contribution rate was reassessed at that date by the Fund's actuary, and the Employer's section was shown to be in surplus.

Pensions in payment under this arrangement are entitled to annual increases of the lesser of 5% pa or the rise in the RPI. An increase of 3.9% was granted with effect from 31st January 1996.

A further valuation of the fund will be carried out no later than the 31st December 1998.

## AUDITORS REPORT

*To the Members of The Birmingham Diocesan Board of Finance*

We have audited the financial statements on pages 5 to 25, which have been prepared under the accounting policies set out on page 11.

**Respective Responsibilities of Directors and Auditors**

As described on page ii, the Company's Directors are responsible for the preparation of financial statements.

It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinions to you.

**Basis of Opinion**

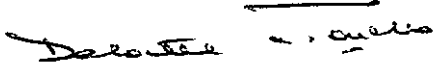

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes an examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluate the overall adequacy of the presentation of information in the financial statements.

**Opinion**

In our opinion the financial statements give a true and fair view of the state of affairs of the company at 31st December 1996 and of the surplus of income over expenditure of the company for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

We have not audited the Budget figures and accordingly do not express an opinion on them.

Colmore Gate, 2 Colmore Row, Birmingham B3 2BN.

*Auditors' Report to the Directors of The Birmingham Diocesan Board of Finance  
Pursuant of Section 248 (3) of the Companies Act 1985*

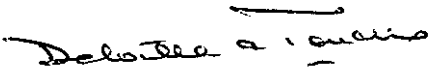

We have examined the financial statements of the company and its subsidiary for the year ended 31st December 1996.

**Basis of Opinion**

The scope of our work for the purposes of this report was limited to confirming that the company is entitled to exemption from preparing group financial statements.

**Opinion**

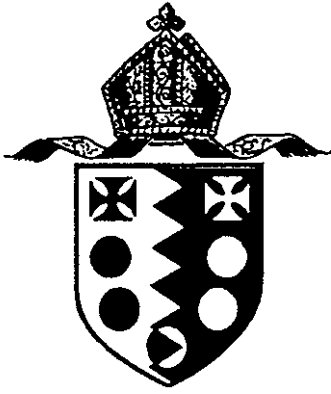

In our opinion the company is entitled to the exemption from preparing group accounts conferred by section 248 of the Companies Act 1985.

## OTHER FINANCIAL INFORMATION

### Bishops

The Stipends of the Diocesan Bishop and of the Bishop's Suffragan are paid by the Church Commissioners. In addition, the costs of the Diocesan Bishop's house, his office and administration are also met by the Church Commissioners. The stipend of the Bishop's Chaplain is payable by the Board of Finance and is included in Clergy Pay in these accounts. As regards the Suffragan Bishop, his stipend and secretarial and office expenses are met by the Church Commissioners also. His house is provided by the Board of Finance and is included in the list of properties on page 41. The Church Commissioners making a contribution towards its running costs.

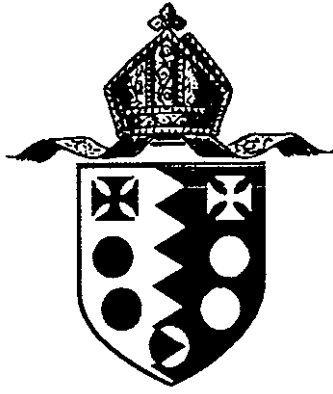

### Archdeacons

The Archdeacons' stipends are paid by the Board of Finance and are included in Clergy Pay in these accounts. Their secretarial and office costs are included in Other Ministry Costs and can be seen in note 2.1 on page 13. Their houses are provided by the Board of Finance and are included in the list of properties on page 41. The Board of Finance meets all of the running costs for these houses.

### The Cathedral

The Provost's stipend and that of the Residentiary Canons, who are not also Archdeacons, are met by the Church Commissioners, all other Cathedral costs are met from voluntary contributions and income from the Cathedral's Endowments. They are not therefore a charge on the Diocesan Board of Finance.

Furthermore, since 1991, the Cathedral is treated as a parish for the purposes of the diocesan Common Fund; for 1996, its Common Fund assessment was £26,407, which was met in full - see listing on page 31.

# OTHER FUNDS ADMINISTERED BY THE BOARD

REPORT OF ACTION IN THE CITY FUND INVESTMENT COMMITTEE

=====

During 1992, an independent subcommittee was formed to establish an investment policy for the Action in the City Fund and to oversee the expenditure of Fund monies through CUF projects. There was a particular requirement to ensure that sufficient resources would be available for anticipated future grant-making purposes up to the year 2008, by which time it was considered that all projects would have been finalised and the Fund expended.

The Committee comprises the following members, with the Diocesan Accountant acting as Secretary:

Mr Philip Couse (Chairman)  
Rev Robert Morris  
Mr David Briggs  
Mr Francis Jephcott

The Committee met on three occasions during 1996 and, having taken into account the foreseeable funding requirements and the general performance of the convertible stocks held and the stockbrokers report, sold all but five of the fund's holdings (including some stocks which yielded gains) but which in total produced a capital loss of £9,762. The proceeds were used to purchase an additional £130,000 worth (83,474 units) of Central Board of Finance Fixed Interest Fund shares yielding slightly in excess of 9%. The remaining stock of convertibles each have a current market value in excess of cost and will be sold off when brokers advice indicates that there is no possibility of further capital growth.

Of the balance of the fund £70,693 is held on deposit at the Central Board of Finance, and the remainder on current account with the bank (£9,346).

Taken together, the income yield from these sources was considered to be sufficient to meet grant approvals with only a moderate reduction in capital each year.

In 1996 certain members of the Diocesan Board for Social Responsibility - Projects Committee were set up (with the approval of the Board of Finance) as Managing Trustees for the Action in the City Fund, under the custodianship of the Diocesan Trustees Registered and will in the future also assume responsibility for the investments

Total Fund at Year End	£	413,335	£	483,623
		=====		=====

The market value of Listed Investments at 31.12.96 was £109,860 (1995 - £271,408).

The realisable value of Unlisted Investments at 31.12.96 was £229,106 (1995 - £98,938).

After consulting with their stockbrokers the Investments Sub-committee approved the sale of certain holdings of Convertible Stocks purchased in 1992 which were standing below cost and which it was considered were unlikely to recover in the foreseeable future. Most of the proceeds were re-invested in Central Board Fixed Interest Fund Shares with a view to maximising income (83,474 shares, £130,000), yielding just over 9% per annum.

A U D I T O R S' R E P O R T

TO THE TRUSTEES OF :

ACTION IN THE CITY FUND  
CLERGY AID FUND  
CLERGY FAMILY FUND  
MALAWI APPEAL FUND  
PASTORAL ACCOUNT

We have audited the accounts of the above mentioned Funds on pages 45 to 50 which have been prepared in accordance with the policies set out on page 11.

Respective Responsibilities of Fund Managers and Auditors

As described on page ii, the Funds' Managers are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

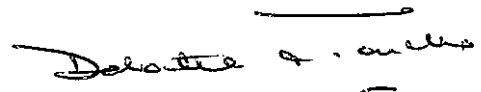

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Fund Managers in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Funds' circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion these accounts give a true and fair view of the state of affairs of each of the Funds at 31st December 1996 and of their respective surpluses or deficits for the year then ended.

There is an Unsecured Loan due to the B.D.B.F. of £1,760,000 at the 31st December 1996 (£1,640,000 - 1995).

Approved by the Directors:

Philip E. Course, Chairman

Rev. James H. Langstaff, Vice-Chairman

17th February 1997

## ACCOUNTING POLICIES

- i. The financial statements are prepared under the historical cost convention.
- ii. Turnover represents rents receivable, plus management charges recovered.
- iii. In accordance with SSAP 19, investment properties are revalued annually and the aggregate surplus or deficit is transferred to revaluation reserve and no depreciation is provided in respect of freehold or leasehold investment properties with over 20 years to run. The Directors consider that this accounting policy results in the accounts giving a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
- iv. The financial statements have been prepared in accordance with applicable accounting standards.

Note:

The number of church schools using the advisory services of B.D.E.S.Ltd was never more than three. During the year those three schools terminated their contracts with the company and B.D.E.S. effectively ceased to trade. It is expected that subject to the necessary agreements the Church Schools Fund will underwrite the residual deficit and meet the costs of winding up the company.

# 1. PROCEEDS of SALE CLOSED SCHOOLS

During 1996 the site of the former All Saints Grendon school was sold. Under the provisions of a transfer of land (1952) enabling the school to be enlarged, a proportion of the Sale proceeds are payable to the land owner. The proceeds are stated net of the provisional amount due under this reverter.

#### 8. BAD AND DOUBTFUL DEBTS

Repayment schedules are agreed for construction debts outstanding. Any amounts above the agreed schedule are written off against the Reserve for Doubtful Debts. During 1995 £41,260 was charged to the general provision in respect of St John's new school, and subsequently the provision was increased to £25,000.

A U D I T O R S' R E P O R T

TO THE MEMBERS OF THE DIOCESAN BOARD OF EDUCATION

We have audited the accounts of the above mentioned Board which have been prepared in accordance with the policies set out on page 11.

Respective Responsibilities of Board Members and Auditors

As described on page 47, the Board's members are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

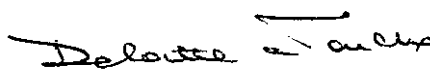

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Board Members in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Board's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

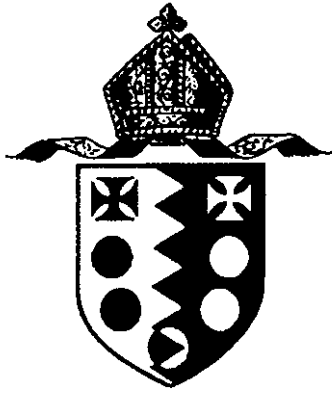

Opinion

In our opinion these accounts give a true and fair view of the state of affairs of the Diocesan Board of Education at 31st December 1996 and of its surplus for the year then ended.

# FORMALITIES

**THIS PAGE IS INTENTIONALLY BLANK**

## Introduction

The Directors of the Birmingham Diocesan Board of Finance ("The Board") listed on the following page are pleased to present their report and audited accounts for the year ended 31 December 1996. The Bishop's Council is also comprised of the Directors of the Board. There is a Preface on Page ii by the Chairman, Mr. Philip E. Couse.

## Principal Activities and Review

Acting as the financial executive and the employing authority of the Diocesan Synod, who decide policy, the Board has carried out its responsibilities in connection with the Church of England in and through the Diocese of Birmingham. The main task was again to raise the necessary monies for clergy stipends, which from 1 April 1996 were £13,950 plus direct payment of the Council Tax.

## Presentation of Income and Expenditure Account

Accounts for funds administered by the Board but not directly for its own benefit are presented separately at Pages 45 to 51. Accounts for the Board's wholly owned property company, BIRDBOF Properties Limited are included at Pages 55 to 59.

## Results

The results for the year are set out on Page 5 of the Accounts. A commentary on these results is contained in the Chairman's Statement.

## Post Balance Sheet Events

During January 1997 £100,000 was advanced to BIRDBOF Properties Limited in order to enable that company to remain within its overdraft facility. During February 1997, as part of the planned changes in the mix of the Board's investments, a retail unit at 62/66 Poplar Road, Solihull, was purchased for a total cost of £780,000.

## Changes in Fixed Assets

During 1996 six houses (for the use of clergy) were acquired at a total cost of £471,452 financed largely by Church Commissioners "value linked loans". Five similar properties were sold during the year being surplus to requirements each of which were the subject of 100% Commissioners equity sharing loans and were valued at the end of 1995 at a cost of £277,208. In addition, in accordance with the Board's policy to dispose of all remaining head leases as the opportunity arises, one of the Stratford Road leases was sold during the year realising £37,000 being valued at £30,000.

## Charitable and Political Contributions

No political contributions were paid during the year. Charitable contributions have been made as normal expenditure in the exercise of the Board's objectives.

## Directors' Interests

Since the Board is a Company Limited by Guarantee, the Directors have no interests in the capital of the company nor did they derive any benefit in their capacity as Directors other than reimbursement of out-of-pocket expenses.

## Taxation

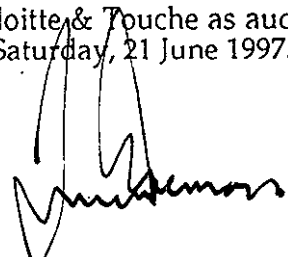

As a registered charity, the Board is not liable to corporation tax. All taxable profits of the subsidiary company, BIRDBOF, are remitted to the D.B.F. under a Deed of Covenant.

## Auditors

A resolution proposing the re-appointment of Deloitte & Touche as auditors of the Board is to be presented at the 50th Annual General Meeting on Saturday, 21 June 1997.

By Order of the Board on 7 May 1997

J.D. Drennan, Secretary

**Directors as at 31 December 1996**

THE BISHOP OF BIRMINGHAM – President
