DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED 30 DECEMBER 2012

The directors present their report and the audited financial statements of the Company, for the financial year ended 30 December 2012

PRINCIPAL ACTIVITIES

The Company (Registered Number 451593) is a multi-platform publisher. At the core of the business is the UK's leading quality newspaper, The Daily Telegraph, as well as The Sunday Telegraph and The Telegraph, a weekly world edition. Telegraph coluk is the UK's foremost quality newspaper website.

BUSINESS REVIEW

The Company's operating profit for the financial year was £58 4m (2011 £55 7m) The profit for the financial year was £43 4m (2011 £41 9m) The results of the Company for the financial year are set out in the Profit and Loss Account on page 6 No dividends were declared (2011 £nil)

This pleasing financial performance, in what remains a challenging market place, demonstrates the resilience of the business and the success of our strategy to combine the best traditional and digital content to readers, viewers and advertisers. The Telegraph print titles increased both their circulation and advertising volume market share and our digital audiences and revenues saw significant growth. The priority for the coming year will continue to be focused on achieving operational efficiencies on the traditional business in order to fund investment in digital infrastructure and products to meet customer needs and accelerate growth in both audience and revenues.

The directors remain cautious about the economic outlook thus anticipate a satisfactory performance for 2013

FUTURE DEVELOPMENTS

The directors anticipate a difficult underlying trading environment during 2013. Advertising markets are expected to remain challenging given the weakness in consumer demand. With this in mind the directors will continue to take prudent and considered actions to manage the business through the next twelve months, focusing on delivering quality publications and experiences to customers, carefully assessing investment opportunities and tightly managing the costs and cash flow of the business to ensure that the Company is well positioned to maximise value when market conditions improve

The media landscape continues to change rapidly as technology continues to fundamentally change the manner in which the consumer accesses news and information and in how they transact for goods and services. This is impacting on the business environment in which the industry operates in a number of ways.

- print advertising revenue is now supplemented on-line, as advertisers demand multi-media solutions to creative briefs, while
- print circulation volumes remain under pressure as readers seek their news and information from an increasing variety of sources

The Company continues to make progressive changes to the structure of its business – with further integration of its print and digital operations – to ensure it is extremely well placed to take advantage of the structural changes taking place in the market

The Company's strategy for a digital future is underpinned by the values of honesty, integrity and accuracy that are inherent in the Telegraph brand. The Company's plans for future growth are based on

- making news, comment and insights under the Telegraph brand available to readers, listeners and viewers in the format most convenient to them – thereby ensuring not just maximum customer loyalty but also attracting new audiences seeking reliable and up to date information,
- · expanding the range of digital publications and services available to Telegraph customers,
- offering advertisers and other commercial clients a constantly growing range of multi-media opportunities to reach a high quality, affluent and reliable audience,
- developing the relationships with the Company's extremely strong and loyal subscriber base in print and digital, and
- maintaining the Company's brand reputation for integrity and reliability

PRINCIPAL RISKS AND UNCERTAINTIES

There is an ongoing process for the identification, evaluation and management of significant risks faced by the Company. In common with most traditional newspaper publishers, the Company is comparatively reliant on advertising revenues, however the Telegraph titles have performed well in this competitive environment. As noted in the section above on Future Developments, printed publications are increasingly supplemented by digital publications and audiences across web, tablet and mobile platforms. The Company is in an extremely strong position to meet this opportunity as a result of its successful integration, and its growth as a digital publisher.

FINANCIAL RISK MANAGEMENT

The Company is not exposed to any significant interest rate risk. Currency transaction risk is not substantial as the majority of the Company's business is transacted in sterling.

The Company's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheet are net of allowances for doubtful debts, estimated on prior experience and assessment of the current economic climate.

Liquidity risk arises from timing differences between cash inflows and outflows. These risks are managed through maintaining adequate credit facilities. It is our policy to maintain sufficient cash balances and committed facilities to meet anticipated future requirements. These resources, together with the expected future cash flows to be generated by the business, are regarded as sufficient to meet the anticipated funding requirements of the Company for at least the next twelve months.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED 30 DECEMBER 2012 - CONTINUED

DONATIONS

During the financial year the Company made charitable donations of £1,056,490 (2011 £125,950), of which £56,490 (2011 £125,950) was principally to charities associated with the newspapers and their employees. In addition a £1 0 million donation was made to The Barclay Foundation (charity registration number 803696) which in turn paid it to the Great Ormond Street Hospital Children's Charity. The Company made no political donations (2011 £nil)

DIRECTORS OF THE COMPANY

A S Barclay - Chairman

M MacLennan - Chief Executive Officer
F P Ronavne - Chief Financial Officer

H M Barclay R K Mowatt P L Peters M Seal L Twohill

D Cobley - resigned 30 June 2012

The Company has entered into qualifying third party indemnity arrangements for the benefit of all its directors, which were in force during the financial year and also at the approval date of the financial statements

EMPLOYEES

The commitment, innovation and drive of our employees are core to the ongoing development and success of our business. The Company pursues a policy of equal opportunities for all employees and potential employees. The Company offers equal employment opportunities to disabled persons and suitable retraining is provided wherever practicable for employees who become disabled during service.

The Company continues to offer career enhancement to its employees by way of management and personal development courses. Information Technology training continues to offer a wide range of internal IT workshops to employees.

Work experience students are offered placements during the summer GCSE students are introduced to areas of the Company's operations and undergraduates are employed for varying periods of time in different departments

Consultation with employees or their representatives has continued at all levels, with the aim of ensuring that their views are taken into account, within the limitations of commercial confidentiality, when decisions are made that are likely to affect their interests and that all employees are aware of the financial and economic performance of their business units and of the Company as a whole Communication with all employees continues through management briefings, regular heads of department briefings, staff surveys and Telegraph intranet

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that financial year.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- · make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping proper accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT OF DIRECTORS' DISCLOSURE OF INFORMATION TO AUDITORS

So far as each of the directors is aware, there is no relevant audit information of which the Company's auditors are unaware. Each of the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF TELEGRAPH MEDIA GROUP LIMITED

We have audited the financial statements of Telegraph Media Group Limited for the 52 week period ended 30 December 2012 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As explained more fully in the Statement of Directors' Responsibilities set out on page 4 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the financial statements to identify material inconsistencies with the audited financial statements if we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 30 December 2012 and of its profit for the 52 week period then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

1. ACCOUNTING POLICIES

The principal accounting policies, all of which have been applied consistently throughout all years presented, are set out below,

(a) Basis of accounting

The Company uses 52/53 week accounting periods and has drawn up its accounts for the 52 weeks to 30 December 2012

The 52 weeks to 30 December 2012 and balances at that date are referred to as relating to 2012 in these financial statements. The 52 weeks to 1 January 2012 and balances at that date are referred to as relating to 2011.

The accounts are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable United Kingdom accounting standards

The Company is exempt under section 400 of the Act from the requirement to prepare group accounts because it is a wholly owned subsidiary of Press Acquisitions Limited established under the law of a member state of the European Community These financial statements present information about the Company as an individual undertaking

The Company is exempt from the requirement of FRS 1 (Revised 1996) – "Cash Flow Statements" to prepare a cash flow statement as it is a subsidiary undertaking of Press Acquisitions Limited, whose consolidated accounts are publicly available and include such a statement

The Company has taken advantage of the exemption contained in FRS 8 – "Related Party Disclosure" and has not disclosed transactions or balances with entities which form part of the group or are disclosed in the group accounts

(b) Turnover

Turnover represents sales to third parties and is stated net of commissions and trade discounts, and excludes value-added tax and other sales taxes. Print advertising revenue is recognised on the date of publication. Circulation revenue is recognised at the time of sale. Digital advertising revenue is recognised over the period of the online campaign in accordance with the provision of services. Other revenue is recognised at the time of sale or provision of services.

(c) Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. Cost represents the cost of acquisition or construction, including the direct costs of financing the acquisition or construction until the asset comes into use

Depreciation is calculated so as to write off the cost, less residual value, of tangible fixed assets on a straight line basis over their expected useful economic lives which are as follows

Buildings

Leasehold 50 years or the lease term if under 50 years

Plant and equipment

Computer equipment 3-5 years
Furniture and fittings 10 years
Other 3-10 years

(d) Investments

Investments acquired with the intention that they will be held for the long term are stated at cost less provision, if appropriate, for any permanent diminution in value

1. ACCOUNTING POLICIES - CONTINUED

(e) Deferred income

Deferred income represents receipts from subscribers in advance of goods and services being provided and is classified as part of Creditors due within one year

(f) Provisions

Provisions are recognised when the Company has a present obligation as a result of a past event, it is probable that the Company will be required to settle that obligation and the amount can be reliably estimated. Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the balance sheet date and are discounted to present value where the effect is material.

(g) Finance leases

Where asset purchases are financed by leasing agreements that give rights approximating to ownership, the assets are treated as if they had been purchased outright and recorded as fixed assets, and the corresponding liabilities are shown as obligations under finance leases

Rental payments under finance leases are apportioned between capital and interest, the interest portion being charged to the profit and loss account and the capital portion reducing the obligations to the lessor

(h) Operating leases

Rental costs arising under operating leases are charged to the profit and loss account on a straight line basis over the life of the lease

(i) Taxation

The charge for taxation is based on the result for the financial year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes

Deferred tax is recognised for all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date

Timing differences are differences between the Company's taxable profit and loss and its results as stated in the financial statements. No deferred tax is recognised on permanent differences.

Deferred tax is measured at the average tax rates that are expected to apply in the financial year in which the timing differences are expected to reverse, based on tax rates and law that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis. Deferred tax assets are recognised only to the extent that it is considered more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

(i) Pension costs

The costs of defined contribution schemes are charged to the profit and loss account as the obligation to pay arises

(k) Foreign currency translation

Transactions denominated in foreign currencies are translated into sterling at the rate of exchange ruling on the day the transaction occurs. Monetary assets and liabilities denominated in a foreign currency are translated at the rate ruling on the balance sheet date ("the closing rate") or, if appropriate, at the forward contract rate. All exchange differences are taken to the profit and loss account

2. TURNOVER

Turnover and operating profit arise from media publication activities within the United Kingdom and all relate to continuing operations

3. PROFIT ON ORDINARY ACTIVITIES BEFORE TAXATION

Profit on ordinary activities before taxation is stated after charging

(a) Reorganisation costs

This represents the costs of restructuring the Company's operations and includes the costs of staff redundancies carried out to improve the efficiency and effectiveness of the operations

(b) Release of accruals

This relates to changes in accounting estimates for subscription voucher redemption values

(c) Reduction in lease obligation

A finance lease obligation, on press assets which had no future economic benefit, and charged to exceptional items in prior years, has been reduced due to changes in the UK corporation tax rate

Factors affecting the tax charge for the financial year

The current tax charge for the financial year is lower (2011 lower) than the standard rate of corporation tax in the UK. The differences are explained below

	2012 £m	2011 £m
Profit on ordinary activities before tax	57.2	54 5
Current tax charge at 24 5% (2011 26 5%) Effects of	(14.0)	(14 4)

Adjustments to tax charge in respect of previous years	-	(0 2)
Group relief for nil consideration	4.7	5 1
Total current tax charge	(13.7)	(12 4)

Factors affecting current and future tax charges

During the year, as a result of the changes in the UK corporation tax rate to 24%, which was substantively enacted on 26 March 2012 and was effective from 1 April 2012, and to 23%, which was substantively enacted on 3 July 2012 and will be effective from 1 April 2013

A further reduction to the UK corporation tax rate has been announced. The change proposes to reduce the rate to 22% from 1 April 2014. The change had not been substantively enacted at the balance sheet date and, therefore, is not recognised in these financial statements.
