Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards

Going concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements

Cash flow statement

The company is exempt from the requirement of Financial Reporting Standard 1 (Revised) to prepare a cash flow statement as 100% of the voting rights of the company's shares are controlled by Dechra Pharmaceuticals PLC. The consolidated financial statements of Dechra Pharmaceuticals PLC, which include the company, are publicly available

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred (or accelerated) because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse and is provided in respect of all timing differences which have arisen but not reversed by the balance sheet date except as otherwise required by FRS 19 "Deferred tax"

Related parties

By virtue of the company being a wholly owned subsidiary included in the consolidated financial statements of a larger EU group, the company is exempt under Financial Reporting Standard 8 from disclosing transactions or balances with entities which are part of the group that qualify as related parties

The current tax charge is equal to (2012 lower than) the standard rate of corporation tax in the UK of 23.75% (2012 25.5%)

Factors that may affect future current and total tax charges

Reductions in the UK corporation tax rate from 26% to 24% (effective from 1 April 2012) and to 23% (effective 1 April 2013) were substantively enacted on 26 March 2012 and 3 July 2012 respectively. Further reductions to 21% (effective from 1 April 2014) and 20% (effective from 1 April 2015) were substantively enacted on 17 July 2013.
