REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009

The directors present their report and financial statements for the financial year ended 31 December 2009 for Dow Corning Limited ("the company") and its subsidiaries (together "the group")

PRINCIPAL ACTIVITIES

The group's principal activity, contributed entirely by the company during the year continued to be the manufacture and marketing of silicone products

BUSINESS REVIEW

In response to the economic downturn in 2009 the company enacted a number of cost saving measures to maximise operational efficiency of our manufacturing, customer service, and research and development operations. The loss of £3 6 million for the year, compared to a profit of £22 2 million in 2008, is substantially the result of reduced production, and exceptional costs connected with the world wide economic downturn

During the slow down in the beginning of the year the company took the opportunity to carry out essential maintenance which delivered improved efficiencies and reliability. In the second half of 2009 the company saw significant recovery in demand

In the short term it is anticipated that raw material and energy cost inflation will place pressure on margins and, therefore, continued focus on costs and productivity will remain a company priority

GOING CONCERN

The directors have considered the twelve month period from the date of approval of these accounts and are satisfied that the company remains a going concern. This assumption is based on the intention that the ultimate parent company will continue to provide on going support to meet the debts of the company as and when they fall due

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

KEY PERFORMANCE INDICATORS

The company is a wholly owned subsidiary of a US entity and reports its monthly results to the Group in accordance with US GAAP. As these financial statements have been prepared in accordance with UK GAAP, the directors believe that the disclosure of its financial KPI's based on US GAAP results is not appropriate

1. 1

Operating KPI's focus on environmental issues and safety as the company considers its responsibility in that respect to be of the utmost importance. An annual Health, Safety, and Environmental report is issued to the community and local businesses to provide information on annual performance, activities, and plans for the coming year. A copy can be obtained at Dow Corning Limited headquarters (see page 35)

FINANCIAL RISK MANAGEMENT

Price risk

Energy and other raw material price risk management policies, including forward purchase contracts, are in place to meet the company's needs and are reviewed by the directors on a regular basis

Credit risk

A large proportion of the company's sales are to other companies within the Dow Corning Corporation Group ("the Group") The company has implemented appropriate credit control policies that require credit evaluations on potential third party customers before sales are made

Foreign currency risk

The company conducts business in many foreign countries and as a result is exposed to movements in foreign currency exchange rates. The company's exposure to exchange rate effects is from exchange rate movements on financial instruments and transactions denominated in foreign currencies that impact earnings. The company's most significant foreign currency exposures relate to the United States, Hong Kong, and western European countries. The exchange rate risks are managed on a Group basis by the Group's treasury function and as a result, the company selectively enters into foreign exchange forward contracts and options with its U.S. parent company to hedge its exposure to these risks. There are no forward contracts in place at the 31 December 2009.

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

Liquidity risk

Dow Corning Limited makes use of the Group treasury function which is based in the USA. The Group actively maintains a mixture of long-term and short-term debt finance that is designed to ensure the Group has sufficient funds for operations and planned expansions

Interest rate cashflow risk

The company is generally funded by intra-Group borrowings. The principle terms of these borrowings are disclosed in Note 17

ENVIRONMENTAL RISK

The company works closely with the Environment Agency and routinely conducts tests of all its facilities to ensure compliance with current government legislation. The company has minimised the number of disposal outlets used, and carries out audits to ensure that any wastes are dealt with in the appropriate manner. The company cannot predict what future legal, regulatory or other actions, if any, may be taken regarding the company's products and byproducts or the consequence of their production and sale.

TRADING RESULTS, FUTURE DEVELOPMENTS AND DIVIDEND

The results for the year are set out in the accompanying profit and loss account which shows a loss before tax of £3 6 million (2008 profit £22 2 million) Earnings before interest, taxation, depreciation, amortisation and exceptional costs amounted to £31 9 million (2008 £41 3 million)

The company now provides approximately 50% of Dow Corning Corporation's global capacity for the manufacture of Di-methyl

The directors do not recommend the payment of a dividend (2008: £Nil)

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

CHAPTER 11 PROCEEDING

On 15 May 1995, Dow Corning Corporation (the "Ultimate Parent Company") voluntarily filed for protection under Chapter 11 of the United States Bankruptcy Code with the United States Bankruptcy Court for the Eastern District of Michigan, (the "Bankruptcy Court") The Chapter 11 proceeding did not include any subsidiaries of the Ultimate Parent Company On 1 June 2004, the Ultimate Parent Company concluded its Chapter 11 proceeding and is in the process of implementing its plan of reorganization However, unresolved issues remain with, among others, the creditors represented by a committee of unsecured creditors regarding the amount of interest to be paid on the Ultimate Parent Company's obligations to its commercial creditors. The Company believes that the ultimate resolution of these remaining issues will not have a material effect on the future operations and financial results of the company.

The directors support this opinion and believe that the ultimate resolution of these remaining issues will not have a material effect on the future operations and financial results of the company

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

EMPLOYMENT OF DISABLED PERSONS

The company operates a policy of employee selection and promotion which is impartial and based on capability for job accomplishment and career development. This includes being able to comply with health, safety and environmental legislation and site rules and regulations

No employee, potential employee or past employee shall receive less favourable treatment or consideration on the grounds of gender, sexual orientation, age, race, ethnic origin, colour, religion or beliefs, disability, nationality or marital status. Registered disabled employees or potential employees will not be discriminated against, other than on operational grounds of health, safety or excessive costs in relation to being competitive in our industry

The company will ensure that adequate facilities are provided to meet the needs of all employees. When new facilities are being designed, such factors as access for the disabled or the provision of facilities for employees of specific religions/beliefs will be considered and accommodated where possible, subject to costs not being excessive

INVOLVEMENT OF EMPLOYEES IN COMPANY AFFAIRS

The company operates many formal and informal programmes to encourage the involvement of employees in its affairs. Regular management communication meetings are organised where senior representatives of management discuss the company's performance and plans with employees.

RESEARCH AND DEVELOPMENT

During 2009 the company has continued to support a research and development activity at its Barry site. The focus is on improving process efficiency, reducing waste and minimising the carbon footprint.

POLITICAL AND CHARITABLE DONATIONS

During the year the company made donations of £17,266 (2008 £22,895) for charitable purposes and no contributions to political parties (2008 £Nil) These donations were made to a variety of local charities

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

POLICY FOR PAYMENT TO CREDITORS

It is the company's policy to agree the terms of each transaction with each of its major suppliers, ensuring suppliers are aware of the terms of payment, and then abide by the terms of payment. At the year end the group had an average of 44 days (2008 27) of purchases outstanding with trade creditors

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations. Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the group and parent company financial statements in accordance with. United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to

- Select suitable accounting polices and apply them consistently,
- Make judgements and estimates that are reasonable and prudent,
- State whether applicable UK standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and group will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

STATEMENT OF DISCLOSURE OF INFORMATION TO AUDITORS

As far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware

Each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information, and to establish that the company's auditors are aware of that information.

AUDITORS

A resolution to reappoint PricewaterhouseCoopers LLP as auditors to the company will be proposed at the annual general meeting.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DOW CORNING LIMITED

We have audited the group and parent company financial statements (the "financial statements") of Dow Corning Limited for the year ended 31 December 2009 which comprise the Group Profit and Loss Account, the Group Statement of Total Recognised Gains and Losses, the Group and Company Balance Sheets and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out in the Directors' Report the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the group's and parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2009 and of the group's loss and cash flows for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF DOW CORNING LIMITED (CONTINUED)

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made;
 or
- we have not received all the information and explanations we require for our audit

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2009

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared on a going concern basis under the historical cost convention, as modified by the revaluation of certain assets, and in accordance with the Companies Act 2006 and applicable accounting standards in the UK, all of which have been applied consistently throughout the year and the preceding period. Where a range of treatment is available the directors apply the most appropriate accounting policy and estimation technique in accordance with Financial Reporting Standard Number 18 (FRS 18).

Fixed assets

Subject only to the revaluation of freehold land, fixed assets are shown at cost less accumulated depreciation. On implementation of FRS 15 "Tangible fixed assets" the company adopted the transitional arrangements to retain the book value of freehold land and buildings at their previously valued amounts. No further revaluations will be undertaken

Land and assets under construction are not depreciated

The cost of tangible fixed assets, other than land and assets under construction, are depreciated by equal annual instalments over the expected useful lives of the assets. The current estimated useful lives of the company's fixed assets are

Owned and leased buildings up to 50 years
Plant and machinery 18 years
Motor vehicles 3 - 6 years
Computer equipment 2 - 4 years

Interest capitalisation

The group has a policy of capitalising interest as a component of the cost of capital assets constructed for its own use. This policy applies to major projects, which exceed £1million in cost and have a construction period that exceeds one year.

Government grants

Account is taken of regional development grants when eligible expenditure is incurred. Special Incentive Scheme grants are accounted for on a cash basis. Some government grants are treated as deferred income and are transferred to the profit and loss account over the lives of the assets to which they relate.

Stocks and work in progress

These are stated at the lower of cost and net realisable value. An appropriate proportion of process overheads are included in the value of finished goods and work in progress

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

1 ACCOUNTING POLICIES (CONTINUED)

Deferred taxation

Deferred tax is recognized in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date

A net deferred tax asset is recognized only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits against which to recover carried forward tax losses and/or from which the future reversal of underlying timing differences can be deducted

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Foreign currencies

Transactions denominated in foreign currencies are translated into sterling at the appropriate rate of exchange at the dates of the transactions Exchange gains and losses on transactions are dealt with in the profit and loss account

Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated at the period end rate. Exchange gains and losses on monetary assets and liabilities are dealt with in the profit and loss account.

Derivative financial instruments

Derivative financial instruments are managed throughout the Group by a centralised treasury function. The Group uses derivative financial instruments to reduce the impact of changes in foreign exchange rates on its earnings, cash flows and fair values of assets and liabilities. The Group enters into derivative financial contracts based on analysis of specific and known economic exposures. The Group's policy prohibits holding or issuing derivative financial instruments for trading or speculative purposes. The types of instruments typically used are forward contracts, but may also include option combinations and purchased option contracts.

At 31 December 2009 the company has no derivative contracts (2008 None)

Turnover

Turnover represents the invoiced value of goods and services supplied in the period, but excludes value added tax

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

1 ACCOUNTING POLICIES (CONTINUED)

Research and development

Research and development costs are written off in the year in which they are incurred Research and development expenditure comprises wages and salaries, materials and attributable overheads

Operating leases

Rental payments in respect of operating leases are charged to the profit and loss account on a straight-line basis over the period of the lease

Cash flow

The company's cash flows are included within those reported by its parent and, therefore, under the provisions of FRS1 (revised) the company has taken advantage of the exemption available and has not included a cash flow statement within these financial statements

Pension obligations

The company operates a defined benefit pension scheme, which closed to new entrants in 2005, with assets held in a separately administered fund. The assets of the scheme are valued using closing market values. Pension scheme liabilities are measured using the projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term to the liability.

The increase in the present value of the liability expected to arise from employee service in the period is charged to operating profit. The actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are included in the statement of recognised gains and losses.

The company contributes to a fully insured group personal pension plan managed by an outside insurer, for employees that are not part of the defined benefit scheme. The pension cost in respect of the personal pension plan comprises contributions payable in respect of the year.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2009 (CONTINUED)

2 CHAPTER 11 PROCEEDING

On 15 May 1995, Dow Corning Corporation (the "Ultimate Parent Company") voluntarily filed for protection under Chapter 11 of the United States Bankruptcy Code with the United States Bankruptcy Court for the Eastern District of Michigan, (the "Bankruptcy Court") The Chapter 11 proceeding did not include any subsidiaries of the Ultimate Parent Company On 1 June 2004, the Ultimate Parent Company concluded its Chapter 11 proceeding and is in the process of implementing its plan of reorganization. However, unresolved issues remain with, among others, the creditors represented by a committee of unsecured creditors regarding the amount of interest to be paid on the Ultimate Parent Company's obligations to its commercial creditors. The Ultimate Parent Company believes that the ultimate resolution of these remaining issues will not have a material effect on the future operations and financial results of the company

As a result of the Chapter 11 filing, the creditors of the Ultimate Parent Company (including the company) were precluded from collecting debts which arose prior to the filing for Chapter 11 protection (other than with the approval of the Bankruptcy Court) As a result of the conclusion of the Ultimate Parent Company's Chapter 11 proceeding, the net receivables from and net payables to the Ultimate Parent Company were satisfied as of 31 December 2004, except for certain royalty payments due from the company to the Ultimate Parent Company

The directors believe that the ultimate resolution of these remaining issues will not have a material effect on the future operations and financial results of the company

3 TURNOVER

The geographical analysis of the group's turnover is as follows

Fees payable to auditors in the year for non-audit work for the group amounted to £8,500 (2008 £7,800) The non audit services provided comprised entirely of tax compliance advice

In addition to the audit fees shown above, an amount of £18,000 (2008 £26,000) has been charged by the auditors in respect of work performed at the request of the auditors of the parent company. This amount has not been reflected within the company's profit and loss account as it is borne by the parent.

Exceptional costs of £14 million comprised of redundancy costs (Note 6), lease termination costs, and the resolution of a contract dispute All of these costs were connected with the company's response to the worldwide economic downturn
