## 1 Why this report has been prepared

- 1 1 Peter Saville, Kevin Coates and Catherine Williamson (the **Administrators**) were appointed over all of the Companies with the exception of ARCS on 26 April 2016
- 1 2 The Administrators were appointed in respect of ARCS on 5 May 2016. ARCS is registered by the Financial Services Authority (FSA) and, as such, its consent was required before the appointment could be made
- 1 3 In accordance with UK insolvency legislation, administrators are required to make a statement setting out their proposals for achieving the statutory purpose of an administration. This report and all appendices form the Administrators' proposals and covers the period 26 April 2016 to 10 June 2016, for all Companies other than ARCS, and 5 May 2016 to 10 June 2016 for ARCS (the **Period**). This is with the exception of the Receipts and Payments and Trading Accounts at Appendices E and F which cover the period from appointment to 4 June 2016, as detailed in section 6.5
- 1 4 The purpose of this report is to provide statutory and financial information about the Companies, the background to the Administrations, the Administrators' proposed strategy, details regarding the Administrators' fees and the expected outcome for each class of creditor
- 1 5 An administrator of a company must perform their functions with a view to achieving one of the following statutory objectives
- Objective 1 rescuing a company as a going concern,
- Objective 2 achieving a better result for a company's creditors as a whole than would be likely if a company were wound up (without first being in administration), or
- Objective 3 realising property in order to make a distribution to one or more secured or preferential creditors
- 1 6 In these cases the Administrators are pursuing the second statutory objective. Further details of how they intend to achieve that objective can be found in section 4 of this report.
- 1 7 The Companies' creditors are responsible for approving the Administrators' proposals and fees. In these cases it is proposed that the basis of the Administrators' fees, category 2 disbursements and pre-administration fees will be approved by either the secured creditors only or, where a preferential distribution is proposed, by the secured and preferential creditors. Further details of the Administrators' fees and disbursements can be found at Appendices G to I.
- 1 8 The Administrators do not intend to convene initial meetings of creditors. However, creditors can request for a meeting to be held and further details on this matter can be found in section 8 of this report.
- 1 9 More information relating to the Administration process, Administrators' fees and creditors' rights can be found on AlixPartners' creditor portal (<http://www.alixpartnersinfoportal.com>). Log-in details to access this information can be found within the covering letter you have received.
- 1 10 If you require a hard copy of this report or have any queries in relation to the contents of this report or the Administrations generally, please contact Conor Kelly on 0161 838 4518, by email at [creditorreports@alixpartners.com](mailto:creditorreports@alixpartners.com), or write to AlixPartners' office at The Zenith Building, 26 Spring Gardens, Manchester, M2 1AB.

### Notes:

#### Secured creditors

Full details of the security granted by the Companies are provided in section 6/Appendix B

Please note that the secured creditors hold cross-guarantees between all of the Companies and as such, each company is jointly and severally liable for the debts due under the terms of the guarantees

The total amount due to Wells Fargo from the Companies as at the date of appointment was £7.24 million. It is anticipated that Wells Fargo will be repaid in full from fixed charge asset realisations.

Alteri Investors holds second and third ranking charges and is owed a total of £18.24 million. It is expected that Alteri Investors will suffer a significant shortfall in respect of their security, albeit until all matters are substantially concluded the exact quantum of this cannot be confirmed.

#### Preferential creditors

A summary of the employee position is provided below

Company	Total number of employees on appointment
ARGL	933
ARL	80
CCL	142
<b>Total</b>	<b>1,155</b>

Austin Reed Group Limited (**ARGL**), Austin Reed Limited (**ARL**), ARG (Property) Limited t/a Viyella (**ARGP**), Country Casuals Limited (**CCL**), Country Casuals Holdings Limited (**CCHL**), Darius Capital Limited (**DCL**), Austin Reed Credit Services Limited (**ARCS**) – all in Administration (together the **Companies**)

Following the sale of the Companies' concessions at Boundary Mills stores, a total of 29 employees working at these stores transferred to the purchaser in accordance with The Transfer of Undertakings (Protection of Employment) Regulations 2006 (**TUPE**). Further details of the sale are provided at section 5.

To date, 443 employees have been made redundant and the remainder will be made redundant on a phased basis as stores run out of stock and their stores are therefore no longer able to continue trading.

The estimated debts have been taken from the directors' Statements of Affairs and are yet to be determined by the Administrators. All wages were paid up to the date of appointment, therefore preferential claims from redundant employees will only relate to arrears of holiday pay and outstanding pension contributions.

### Unsecured creditors

The estimated debts have been taken from the directors' Statements of Affairs.

Funds available for distribution and dividend rates are detailed after taking into account the estimated costs of making the distribution. The likely dividend rates are estimated and as claims have not been agreed, are subject to change.

Where a dividend is expected to be paid, unsecured creditors are invited to complete and return a Proof of Debt form, together with documentary evidence to substantiate their claim, to the Administrators at the address detailed in section 1.10. Forms can be found on AlixPartners' creditor portal and creditors must ensure they use a separate claim form for each company to ensure their claims are correctly lodged.

In respect of the cases where dividends are not expected to be paid, creditors are welcome to submit a claim should they wish to do so, however, no acknowledgement will be provided.

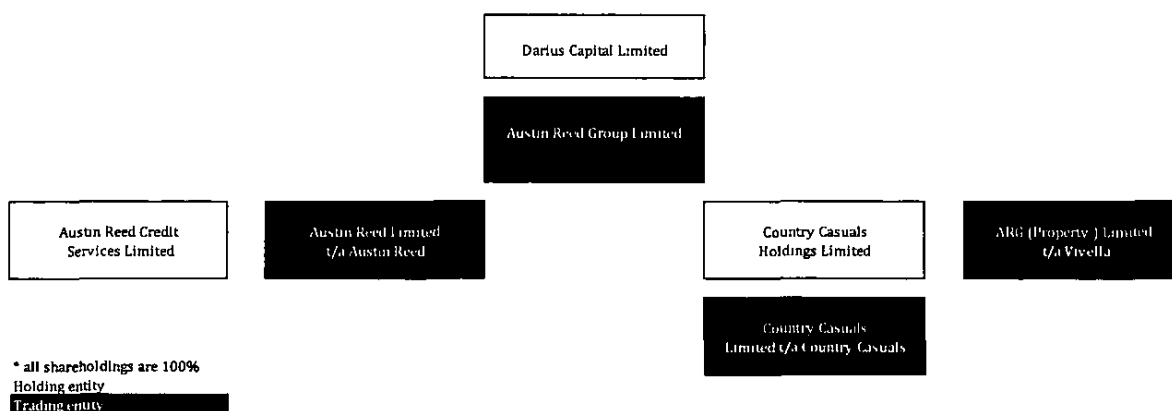

In respect of preferential or unsecured creditors, UK insolvency legislation stipulates that creditors of the same class should be treated equally. Hence the funds available for distribution are split on a pro-rata basis amongst all creditors of each class, regardless of the size of their claims.

For further information please refer to section 7 of this report.

### 3 Background and circumstances leading to the Administrations

#### Background

- 3 1 Austin Reed was founded over 100 years ago as a menswear retailer and tailor, providing a made to measure and bespoke suit fitting service. This was later extended to include womenswear and the business now trades under the brands Austin Reed, Country Casuals and Vivella.
- 3 2 The trading companies are ARGL, ARL, CCL and ARGP (the **Trading Companies**). The Trading Companies operated from two head offices, 89 stores and 65 concessions. ARCS operated a store card facility whereby customers paid monies to the business to fund in-store purchases. Credit facilities were also offered. The other companies in the group are holding companies.
- 3 3 The Austin Reed intellectual property and brand is owned by ARL and the Country Casuals intellectual property and brand is owned by CCL. The Companies do not own the Vivella brand which is used under licence by ARGP. In addition, ARL owns the intellectual property rights to Stephens Brothers (a producer of bespoke men's socks).
- 3 4 Please note that whilst ARGL did not own any of the brands, it purchased all stock for the group (which was then sold on to the other group entities), employed the majority of the staff and held the lease for the flagship store on Regent Street, London, in addition to a small number of other property leases.
- 3 5 A group structure is provided below and details only those companies which are in Administration. Details of the wider group structure can be obtained from Companies House.

#### Events leading to the Administrations and current position

- 3 6 On 16 January 2015, creditors voluntary arrangements (CVAs) were approved in respect of ARL and CCL (the **CVA Companies**). The CVAs were proposed following a period of challenging trading conditions encountered by these entities, which resulted from changes in the clothing market, increased competition and economic conditions which reduced disposable incomes.
- 3 7 An increase in online sales had also had a negative impact on store sales and despite undertaking the closure of certain unprofitable stores, a number of loss-making stores remained.
- 3 8 The directors therefore made the decision to propose the CVAs with a view to rationalising the CVA Companies' store portfolios and leasehold obligations as part of an operational restructuring of the wider group (the **Group**). The CVAs culminated in the closure of approximately 70 stores and allowed the CVA Companies to renegotiate the terms of the leases for certain other stores whilst they continued to trade.

- 3 9 Despite the implementation of the CVAs, and the subsequent store closures, the Group continued to experience difficult trading conditions and sales performance continued to decline
- 3 10 Further, following the approval of the CVAs, the Group began to experience considerable creditor pressure as certain suppliers were unable to secure credit insurance in respect of exposure to the Group. As a result, the Group was unable to effectively manage its working capital requirements leading to a significant cash flow requirement by early April 2016. No further funding was available from its secured creditors and it was not possible to obtain funding from a third party.
- 3 11 As a result, the directors assessed the options available and concluded that a formal insolvency procedure would protect the assets of the Companies from creditor action and may enable a going concern sale of some or all of the businesses to be achieved, providing the best outcome for the Companies' creditors.
- 3 12 On 7 April 2016, AlixPartners Services UK LLP was engaged to provide consultancy services to the Group in order to assist with planning for an insolvency procedure and an accelerated disposal of the business and assets.
- 3 13 During the course of the pre-appointment planning it became evident that the business was in distress and a number of creditors, particularly landlord creditors, were taking action against the Companies, which threatened the ability of the Group to continue to trade unhindered. As an administration provides the protection of a moratorium, it was concluded that this would allow the Companies to continue to trade without any action being taken against them or the dissipation of assets whilst going concern sales were sought. As a result, Notices of Intention to Appoint Administrators were issued on 18 April 2016 and on 26 April 2016 the Administrators were subsequently appointed over the Companies. At the same time, consent was sought from the FSA to the appointment in respect of ARCS, and this was made immediately once approval was received.

## **4 The objective of the Administrations**

- 4 1 The Administrators have considered the various options available to the Companies for achieving the purpose of the Administrations
- 4 2 The first objective under the administration regime is based on the survival of the Company through a CVA or Scheme of Arrangement (**Scheme**) under part 26 of the Companies Act 2006
- 4 3 Following the pre-appointment assessment of the business, the Administrators considered that the first objective could not be achieved. Due to the Group's significant funding requirement and concerns as to whether the Companies' creditors would support a second CVA, it was determined that CVAs of the Companies would not be feasible
- 4 4 The Administrators have therefore pursued the second objective of achieving a better result for ARCS and the Trading Companies' creditors as a whole than would be likely if they were wound up (without first being in administration). The Administrators will achieve this strategy by completing the steps outlined in section 5
- 4 5 DCL and CCHL are holding companies with no physical assets. The Administrators are investigating whether these entities hold any other assets or have the benefit of any tax losses which could be utilised within the Group. The Administrators are therefore pursuing the third objective for DCL and CCHL, to realise property in order to make a distribution to one or more of the group's secured creditors (Wells Fargo and Alteri Investors)
- 4 6 Full details of the proposed exit routes to the Administrations are noted in Appendix J

## 5 The Administrations' strategy and steps taken to date

- 5 1 It is proposed that the Administrators continue to manage the affairs of the Companies in order to achieve the objectives of the Administrations detailed in section 4
- 5 2 Following appointment, the Administrators made the decision to continue to trade the Trading Companies for a short period whilst sales of the businesses and assets were pursued
- 5 3 The Companies' most valuable assets are the brands (as detailed in section 3 1), intellectual property and leasehold properties. If achievable, going concern sales of the businesses would allow realisations for these assets to be maximised compared to piecemeal sales
- 5 4 The strategy also ensured that a number of employees transferred following the sale of the concessions providing continuity of employment, thereby reducing claims from employees who would have preferential and unsecured claims had trading ceased immediately upon appointment.
- 5 5 In addition to their statutory objective, the Administrators have duties imposed by insolvency and other legislation and their regulating professional bodies. The Administrators intend to take the following steps to fulfil their intended objective and duties. The detail provided is intended to provide users of this report with information to allow them to understand how the fee estimate and estimate of expenses provided at Appendix G were compiled, and the sensitivities that might be applicable to the Administrators' anticipated fees and expenses

### Trading

- 5 6 On appointment, the Trading Companies employed 1,155 staff and operated from 89 stores and 65 concessions throughout the UK, as well as one store in Jersey and one store and one concession in the Republic of Ireland. The Trading Companies also operated transactional websites
- 5 7 Following the Administrators' appointments, steps were immediately taken to enable trading to continue to trade of business with minimal disruption
- 5 8 The Administrators notified all suppliers, customers, concession hosts and employees of the appointments. The Administrators have also taken steps to communicate with the landlords of the leasehold properties with a view to ensuring there was no disruption to the trading of the stores
- 5 9 Prior to their appointment, the Administrators had engaged Alteri Agency Investments Limited (**Alteri Agency**) to act as their retail agents. Alteri Agency's role was to oversee trading across the Group's store and web based business with a view to maximising stock realisations for the benefit of creditors
- 5 10 The Companies' staff continued to assist with the day-to-day trading operations of the stores which assisted with the smooth running of the business and ensured the continuity of critical supplies. The Administrators also provided guidance and support to the stores' general managers in dealing with customers
- 5 11 Retention of title claims have been received from 29 suppliers. The Administrators have concluded all but three of these and are in the process of assessing these final claims, taking legal advice as required

- 5 12 Shortly after their appointment the Administrators carried out a review of the Group's head office function and due to excess capacity in the London and Thirsk head offices a total of 18 employees were made redundant on 12 May 2016. The Administrators also closed four stores/concessions in the weeks following the appointment due to specific trading issues.
- 5 13 The Administrators have appointed ERA Solutions Limited, a firm of employee specialists, to assist the affected employees in submitting the necessary claims to the Redundancy Payments Service for monies owed to them. The Administrators continued to consult with all remaining employees with reference to their continued employment and their anticipated future redundancies.
- 5 14 Once it became apparent that a sale of the businesses and assets as going concerns was not possible (further details of which are provided below), the Administrators commenced a wind down of the Group's retail operations.
- 5 15 In addition to the 18 employees made redundant on 12 May 2016, a further 64 employees based at the Thirsk and London head offices have since been made redundant. 35 stores have been closed and 54 concession agreements terminated which, in addition to the head office and Thirsk redundancies, has meant that as at 10 June 2016, 443 employees have been made redundant. The remaining stores will continue to trade in the short term to dispose of the remaining stock and will be closed on a phased basis throughout June.
- 5 16 The Administrators have prepared trading budgets and forecasts and it is estimated that the total consolidated trading surplus achieved for the post-appointment period will be approximately £3.4 million, once all residual stock is sold and trading costs have been accounted for. To achieve this stock valued at £7.2 million on appointment has been utilised. It should be noted that this estimate is based on an assessment of future trading performance of the Trading Companies and is therefore subject to change.
- 5 17 Income and the cost of goods sold have been allocated between the Trading Companies where possible. However, as ARGL was the entity that contracted with suppliers, a number of which relate to all brands, certain costs have been met directly from ARGL and will be apportioned between the Trading Companies in due course. The current expectation is that only ARGL, being the owner of all stock in the business, will have a surplus after trading costs and the costs of the Administration.
- 5 18 On appointment, the Administrators secured funding of £850,000 from Alteri Luxembourg 2 S A R L to support ongoing trading. This funding will be repaid in full on completion of the Administrators' trading period which is anticipated to end on 30 June 2016.
- 5 19 ARCS customers' balances on appointment totalled £1.1 million. In order to protect the goodwill in the businesses operated by the Trading Companies, it was agreed that for the month following the Administrators' appointment these balances could be used in store to purchase goods. As at 28 May 2016 ARCS funds totalling approximately £712,000 had been used in store. Customers will have a claim against ARCS for any amounts remaining due to them.
- 5 20 In addition, the Administrators agreed to continue to accept gift vouchers issued by the Trading Companies prior to the appointment where these were presented in-store. As at 30 May 2016 sales of goods purchased using gift vouchers totalled approximately £70,000.
- 5 21 ARL operated licence agreements with a number of overseas companies enabling these partners to use the 'Austin Reed' trademark and manufacture and distribute licensed goods in consideration for the payment of a minimum level of royalties. All licensees have been notified of the appointment and payment of outstanding royalties has been requested.

## Sale of business and assets

- 5 22 As detailed earlier in this report, the Administrators initially pursued going concern sales of the trading businesses
- 5 23 Following their appointments, the Administrators initiated a formal marketing campaign. As the appointments were widely covered in the national press, a large number of enquiries were generated from interested parties
- 5 24 In addition, interested parties were identified from a range of sources including
- the AlixPartners' database of distressed purchasers,
  - AlixPartners' sector research,
  - discussions with the directors of the Companies,
  - known competitors and suppliers, and
  - discussions with engaged agents
- 5 25 A total of 64 parties were either contacted or made contact with the Administrators as a result of the marketing campaign or the press coverage and a total of 45 parties signed and returned non-disclosure agreements, which enabled the Administrators to provide them with a more detailed sales memorandum containing further information on the Companies and the assets available
- 5 26 The Administrators set an initial deadline of 13 May 2016 for interested parties to provide indicative offers for the business and assets. This resulted in five indicative offers being received and the Administrators entered a second phase of negotiations with these parties
- 5 27 The offers received ranged from offers for the businesses as going concerns to offers for the assets only. However, substantially all of these offers fell away as parties moved through the due diligence process and the extent of the Group's financial position became clear, such that by 27 May 2016, there was only one viable offer for certain assets of the Companies and the concessions based in the Boundary Mills outlets
- 5 28 With this in mind and with no other viable offers, the Administrators concluded a sale of the Companies' concessions at five Boundary Mills outlets along with part of the Companies' stock holding to AR Operations Limited (**AROL**). The Country Casuals, Austin Reed and Stephens Brothers intellectual property rights and domain names were also sold to Border IP Limited (**Border**). Please note that the purchasers are not connected parties. As previously stated, the Group does not own the Viyella brand or intellectual property rights and was therefore unable to offer these for sale, albeit it does own a minority interest (10%) in Lascari Holdings which owns the Viyella brand and IP and these shares were also sold to Border
- 5 29 Following these sales being concluded the Administrators were left with no option but to commence winding down the business at the end of which, the business will be closed. It is anticipated that substantially all of the stores will have ceased trading by the end of June

## Realisation of assets – fixed charge

### Intellectual property rights and brands

- 5 30 As stated above, sales of the Country Casuals, Austin Reed and Stephen Brothers domain names and intellectual property rights were concluded to Border on 27 May 2016 for a total consideration of £3.0 million split as follows

Austin Reed Group Limited (ARGL), Austin Reed Limited (ARL), ARG (Property) Limited t/a Viyella (ARGP), Country Casuals Limited (CCL), Country Casuals Holdings Limited (CCHL), Darius Capital Limited (DCL), Austin Reed Credit Services Limited (ARCS) – all in Administration (together the Companies)

	ARL	CCL	ARGP	Total
Intellectual property	2,375,000	475,000	-	2,850,000
Domain names	75,000	37,500	37,500	150,000
<b>Total</b>	<b>2,450,000</b>	<b>512,500</b>	<b>37,500</b>	<b>3,000,000</b>

## Property

- 5 31 As detailed in section 5 6, the Trading Companies operated from 89 stores and 65 concessions. There are also head offices located in Thirsk and London. A summary of all sites is provided at Appendix C.
- 5 32 Following the closure of the stores, the Administrators have evaluated the value of the leases in conjunction with their property agents, Gooch Cunliffe Whale LLP (GCW), and have started to pursue individual sales of leases and assets therein, or alternatively invite the landlords to accept surrenders of the leases where they are deemed to have no value.
- 5 33 Contracts were exchanged by ARGL on 3 June 2016 in respect of the surrender of the Regent Street store to the landlord in the sum of £7 million. There are rent arrears in the region of £1.1 million, therefore net realisations will be approximately £5.9 million. Completion is due to take place on 23 June 2016.
- 5 34 The Administrators are working with GCW to secure the assignment of a number of other properties within the Group's estate. A further update in respect of the value of premiums secured will be provided in the Administrators' next report.

## Book debts subject to an invoice discounting (ID) facility

- 5 35 The debtor ledgers of ARL, ARGP and CCL are subject to an ID facility with Wells Fargo. The value of the outstanding gross ledger on appointment totalled approximately £1.9 million, prior to deduction of concession fees and costs.
- 5 36 To date, balances totalling £708,526 have been collected, which after the deduction of sales commissions totalling £173,123 results in a net balance available of £535,403. The Administrators are in discussions with a number of the concession holders regarding payment of the amounts due. A further update will be provided in the next report to creditors.

## Realisation of assets – floating charge

### Stock

- 5 37 The value of stock held by ARGL on appointment at cost totalled approximately £9.4 million.
- 5 38 Stock with a value of £7.2 million was utilised in the ordinary course of business as the Companies continued to trade in Administration. Additionally, approximately £2.8 million of stock was purchased on a consignment basis (the **Consignment Stock**) during the Administration period to ensure that stores had sufficient stock to continue to trade on a normal basis.
- 5 39 Stock with a value of £3.5 million was sold by ARGL to AROL for £3.64 million, and the balance of the stock will continue to be sold in the remaining stores until the end of June 2016. The stock sold to AROL included elements of both stock held at appointment and the Consignment Stock.

### **ARCS debtor balances**

- 5 40 On appointment ARCS was approximately £325,000 from customers
- 5 41 Immediately following appointment, letters were sent to each of the account holders requesting repayment of their outstanding balance. To date, £25,313 has been collected in respect of ARCS debtor balances. Up to date statements showing the current balances are being finalised, following which a full collection process will be launched to ensure recovery of the remaining balances.

### **Fixtures, fittings, office equipment and furniture**

- 5 42 The Administrators have instructed agents to market these assets following the closure of the stores and an update will be provided in the next report. It is anticipated that the value of fixtures, fittings, office equipment and furniture will not exceed £50,000 in aggregate and are owned by ARL and CC.

### **Cash at bank**

- 5 43 All cash within the Group was held on a consolidated basis by ARGL and then utilised within the Group as required. As such the only company with a balance at the date of appointment was ARGL and this totalled approximately £534,000 according to the bank statements.
- 5 44 Shortly after their appointment the Administrators contacted the banks and requested that the accounts be frozen and balances transferred to the Administration accounts. As detailed on the Receipts and Payments Account, £521,604 had been transferred as at 4 June 2016 and the remaining balances are expected to be received shortly.

### **Other assets**

- 5 45 Unclaimed CVA distributions of approximately £30,000 (£24,188 in ARL and £5,696 in CCL) have been received to date.
- 5 46 It is expected that an insurance refund of approximately £8,000 will be received by ARGL in due course.

### **Administration (including statutory reporting)**

- 5 47 In addition to their duties relating to realising and distributing the assets of the Companies, the Administrators must comply with certain statutory compliance matters in accordance with the Insolvency Act 1986. These include, notifying the stakeholders of the appointments, preparing bi-annual reports to creditors advising of the progress of the Administrations and liaising with employees. The Administrators are responsible for liaising with HMRC to determine the position in respect of corporation tax, PAYE, VAT and other taxes that may be owed by or to the Companies and for filing tax returns for the duration of the Administrations.
- 5 48 In order to ensure the matters of the Administrations are being progressed sufficiently, the Administrators have a duty to conduct periodic case reviews and complete case checklists. In addition, the Administrators' treasury function will also comply with cash accounting requirements including raising payments, processing journal vouchers and posting receipts, preparing bank reconciliations and statutory returns.

- 5 49 The time taken for statutory tasks is largely fixed, insofar as the cost of preparing a report to creditors or filing an annual return is similar for most cases, except where cases are very large or complex. Where the costs of statutory compliance and reporting to creditors exceeds the initial estimate, it will generally be because the duration of the case has been longer than expected, due to for example protracted realisation of assets, and therefore additional periodic reports have had to be prepared and distributed to stakeholders

### **Investigations**

- 5 50 The Administrators will conduct investigations into the conduct of the directors and transactions entered into prior to the Companies' insolvency, as required by the Company Directors Disqualification Act 1986, and Statement of Insolvency Practice 2 – Investigations by Office Holders in Administrations and Insolvent Liquidations. Based on the outcome of the investigations, further steps may need to be taken, details of which will be provided in the next report to creditors. The Administrators' duty is to conduct an initial review to determine whether there are matters which require further investigation, and if so, whether there is a realistic prospect of recovering assets for the insolvent estates for the benefit of creditors
- 5 51 The Administrators also have a duty to consider the conduct of those who have been directors of the Companies at any time during the last three years, and to file a document with the Department for Business, Innovation and Skills (BIS) stating whether they believe there are matters which might be considered unfit conduct. BIS will then assess whether such matters are sufficiently serious to take action against the directors to prevent them from controlling other companies. The Administrators' reports to BIS are confidential and their content is not available to creditors
- 5 52 A questionnaire is available on AlixPartners' creditor portal (<http://www.alixpartnersinfoportal.com>) for completion by creditors to assist the Administrators in their investigations. If there are matters that you consider the Administrators should be aware of please attach details to the questionnaire and return it to AlixPartners' offices at The Zenith Building, 26 Spring Gardens, Manchester, M2 1AB. This request forms part of the Administrators' statutory duties and does not imply any criticism of the directors

### **Creditors (claims and distribution)**

- 5 53 The Administrators will provide reports to the secured creditors and deal with preferential and unsecured creditor correspondence, telephone calls and email queries. Should sufficient funds be available, they will also agree the claims of preferential and unsecured creditors, calculate the dividends and make distributions
- 5 54 Based on the information currently available it is anticipated that there will be a preferential distribution and a dividend to unsecured creditors by virtue of the prescribed part in ARGL. At the current time it is not certain whether funds will be available to permit a dividend to the preferential creditors of ARL and it is anticipated that there will be insufficient funds to enable a dividend to the preferential creditors of CCL
- 5 55 It is not anticipated that there will be a surplus available to the unsecured creditors of any of the other Companies, although this position will be subject to the finalisation of trading and the allocation of the central costs which have to date been paid from ARGL

## **6 Financial position and Administrators' receipts and payments**

### **Financial position**

- 6 1 The directors' Statements of Affairs (SoA) for each company, together with a list of creditors' names, addresses and details of their claims are attached at Appendix D
- 6 2 The Administrators have the following observations to make in relation to the SoAs
- As is normal, the SoAs are before provision for the costs of the Administrations
  - The SoAs do not include any realisable value for the goodwill, brands or intellectual property of the Companies. The Administrators have realised significant value for these assets as detailed in section 5
  - The SoAs of ARL, ARGP and CCL detail third party receivables and licensing receivables as fixed charge assets with total estimated to realise values of approximately £756,000. The Administrators believe these assets have been incorrectly allocated and are actually floating charge assets. In addition, the Administrators believe that the SoAs are significantly overstated based on the information available at present and correspondence with the licensees. Legal advice is being sought to ensure any realisations are correctly allocated
  - The SoA of ARGL includes a realisable value of £4.8 million for the sale of the Regent Street leasehold only. The directors have not attributed value to any of the other leases. The Administrators believe that a number of the leases will achieve a premium on sale
  - No realisable values have been included for the fixtures and fittings in any of the SoAs. These assets will shortly be valued by the Administrators' agents and offered for sale. Further details of the value achieved will be provided in the next report, albeit it is expected to be minimal
  - The directors have detailed no realisable value for the inter-company debtors. A review of the inter-company position is underway to determine if any monies can be recovered. As the trading entities within the wider Group are all in administration, the returns are uncertain at present. Payment in full has been requested from those companies within the Group which are not insolvent
  - The SoA of ARGP includes preferential creditors of £10,000, however, this company did not have any employees

### **Administrators' Receipts and Payments Account**

- 6 3 A summary of receipts and payments for each company is attached at Appendix E. Trading Receipts and Payments Accounts are also provided for the Trading Companies at Appendix F
- 6 4 Please note that the accounts are prepared on a cash basis and initially all sales were paid into the ARGL's accounts on the basis that a large number of the stores are either dual or tri-branded stores, meaning they sell two or three of the brands within their store. A reconciliation of monies received is being completed, and the transfer to the bank account of the relevant Trading Company has been started
- 6 5 As the Trading Companies are continuing to trade, financial trading and cash reconciliation information is received approximately one week in arrears. The latest reconciliation has been prepared for the period to 4 June 2016 and therefore the Receipts and Payments Accounts and Trading Accounts at Appendices E and F respectively reflect the period 26 April 2016 to 4 June 2016 only

Austin Reed Group Limited (**ARGL**), Austin Reed Limited (**ARL**), ARG (Property) Limited t/a Viyella (**ARGP**), Country Casuals Limited (**CCL**), Country Casuals Holdings Limited (**CCHL**), Darius Capital Limited (**DCL**), Austin Reed Credit Services Limited (**ARCS**) – all in Administration (together the **Companies**)

- 6.6 It should be noted that because a number of the central costs relate to all three brands, these costs are paid for by ARGL and then apportioned between the Trading Companies as appropriate. Based on current forecasts, it is anticipated that a trading profit will be generated in ARGL, but that the other entities will generate small losses after accounting for fees and other costs. This position will be discussed in greater detail in the Administrators' next report.
- 6.7 The Administrators' Receipts and Payments Accounts include customer deposits received since the date of appointment for bespoke goods and the hire of formal wear, such as suits for weddings. These monies are held in separate ring-fenced deposit accounts subject to trust principles until the goods have been delivered or events have taken place. After such date, the monies will be released to the Administrators' accounts.

## 7 Estimated outcome for creditors

### Secured creditors –Wells Fargo Capital Finance (UK) Limited and Alteri Luxembourg 2 SARL and Alteri Europe L.P

- 7 1 A schedule of charges granted by the Companies is provided at Appendix B
- 7 2 At the date of appointment, the Companies owed the sum of £7 24 million to Wells Fargo, and a total of £18 24 million to Alteri Investors
- 7 3 Wells Fargo has first ranking charges and also holds cross-guarantees from the Companies. It is anticipated that Wells Fargo will be repaid in full from book debt collections and fixed charge realisations
- 7 4 Alteri Investors holds second and third ranking charges and also cross-guarantees from the Companies. It is expected that Alteri Investors will suffer a shortfall, albeit until the trading position and debt collection exercise has been finalised, it is not possible to estimate this with any certainty

### Preferential creditors

- 7 5 ARGP, CCHL, DCL and ARCS have no employees therefore no preferential claims are expected
- 7 6 To ensure ongoing trading stability of the stores, the outstanding pre-appointment wages of employees retained on appointment have been paid as an expense of the relevant Administration
- 7 7 There have been a total 443 redundancies made to date by ARGL, ARL and CCL. The preferential creditor claims against these Companies are currently under review, although it is expected that the sums due will exceed the values detailed in the SoAs. Based on the information currently available, it is anticipated that funds will be available to enable preferential creditors to be repaid in full in ARGL but at this time it is uncertain whether there will be sufficient realisations to enable a preferential dividend to be paid in ARL. The Administrators believe there will be no funds available for the preferential creditors of CCL. A further update will be provided in the next report.

### Unsecured creditors

- 7 8 Where the Companies granted floating charges on or after 15 September 2003, the Administrators are required to create a fund from the relevant company's net property available for the benefit of unsecured creditors (**Unsecured Creditors' Fund**), commonly known as the 'Prescribed Part'
- 7 9 As all floating charges granted by the Companies post-date 15 September 2003, there is a requirement to create Unsecured Creditors' Funds, should the Companies have sufficient net floating charge realisations to do so
- 7 10 The Administrators estimate that there will be a floating charge surplus after costs of in excess of £3 million in ARGL, resulting in a maximum prescribed part of £600,000. Due to the large number of creditors in ARGL (trade, crown and pension scheme deficit) it is anticipated that the prescribed part dividend will be less than two pence in the pound

Austin Reed Group Limited (**ARGL**), Austin Reed Limited (**ARL**), ARG (Property) Limited t/a Viyella (**ARGP**), Country Casuals Limited (**CCL**), Country Casuals Holdings Limited (**CCHL**), Darius Capital Limited (**DCL**), Austin Reed Credit Services Limited (**ARCS**) – all in Administration (together the **Companies**)

- 7 11 Based on present information, the Administrators estimate that there will be no floating charge surplus after costs in respect of ARL, ARGP, CCL, CCHL, DCL, and ARCS. On this basis, the value of the net floating charge property in respect of these entities is estimated to be nil and the value of the Unsecured Creditors' Funds is also anticipated to be nil.
- 7 12 Creditors of ARGL are invited to submit details of their claims to the Manchester office, using the Proof of Debt form that can be downloaded from AlixPartners' creditor portal. Any claims received will be held on file until the Administrators are in a position to make a distribution.
- 7 13 Creditors of ARL, ARGP, CCL, CCHL, DCL and ARCS are not invited at this stage to submit their claims, however, should they wish to do so, claims will be held on file. As there is believed to be no prospect of paying a dividend to unsecured creditors, funds are not available to acknowledge receipt of claims submitted.

## 8 What happens next

### Meeting of creditors

- 8.1 The Administrators think that a dividend will be available to the unsecured creditors of ARGL but only by virtue of the Unsecured Creditors' Fund. In accordance with paragraph 52(1)(b) of schedule B1 of the Insolvency Act 1986, an initial meeting of the Company's creditors is therefore not being convened for the company. In relation to ARL, ARGP, CCL, CCHL, DCL and ARCS, the Administrators think that the Companies have insufficient property to enable a dividend to the unsecured creditors. In accordance with paragraph 52(1)(b) of schedule B1 of the Insolvency Act 1986, initial meetings of the Companies' creditors are therefore also not being convened.
- 8.2 The Administrators are required to hold an initial creditors' meeting if 10% in value of the creditors request it. If you wish for a meeting to be held, you must notify us in writing in the prescribed form (Form 2.21B) on or before 1 July 2016. If a meeting is not requisitioned by creditors by this date the proposals will be deemed to have been approved.

### Report

- 8.3 The Administrators are required to provide a progress report within one month of the end of the next six month period.

## Appendix G. Administrators' fees and pre-administration costs

### Administrators' fees

The basis of the Administrators' fees may be fixed on one or more of the following bases, and different bases may be fixed for different duties performed by the Administrators

- a percentage of the value of the assets with which they have to deal,
- by reference to time properly spent by them and their staff dealing with matters arising in the Administration, or
- as a set amount

On these assignments it is proposed that the basis of the Administrators' fees shall be fixed by reference to the time properly spent by the Administrators and their staff on matters arising in the Administrations. This will include time spent dealing with the following activities

- all statutory matters,
- trading matters,
- dealing with redundancies and employee issues,
- reporting to the lenders,
- investigations, and
- dealing with creditors' claims and correspondence

If a creditors' meeting is convened or requisitioned, and creditors resolve to establish a committee, it shall as part of the committee's duties to determine the basis or bases of the Administrators' fees and authorise their disbursements

Subject to the approval of the relevant creditors, it is proposed that the Administrators will draw fees when funds are available

### Pre-administration costs for the Trading Companies

Pre-administration fees charged and expenses incurred by AlixPartners are as follows

Charged by	Brief description of services provided	Total amount charged £	Amount paid £	Payment made by	Amount unpaid £
The Administrators	Working with the Companies' directors to understand the financial position and planning for an insolvency appointment.	238,236	85,000	ARGL	153,236
The Administrators	Disbursements	4,196	3,896	ARGL	300
Squire Patton Boggs UK LLP Solicitors	Advice necessary to facilitate the appointment	40,000	Nil	N/A	40,000
Alteri Agency	Pre-appointment planning to manage operational trading	129,000	Nil	N/A	129,000

Alteri Agency are retail agents that were introduced to the Administrators by Alter Investors

Austin Reed Group Limited (ARGL), Austin Reed Limited (ARL), ARG (Property) Limited t/a Viyella (ARGP), Country Casuals Limited (CCL), Country Casuals Holdings Limited (CCHL), Darius Capital Limited (DCL), Austin Reed Credit Services Limited (ARCS) – all in Administration (together the Companies)

Detailed below is a Time Analysis for the pre-administration costs incurred by the Administrators. Please note that all figures are subject to rounding.

Activity category	Hours incurred	Average rate per hour £	Total time cost £
<b>Pre-engagement</b>			
Risk procedures and compliance	6	420	2,523
Initial client meetings and research	66	424	27,960
<b>Engagement</b>			
Client meetings and communications	17	350	5,884
Information gathering, analysis and review	238	386	91,980
Project management	32	343	10,934
Project strategy	163	531	86,692
Reporting	54	229	12,263
<b>Total</b>	<b>576</b>	<b>414</b>	<b>238,236</b>

The costs incurred by the Administrators were subject to an agreement dated 7 April 2016. AlixPartners Services UK LLP was engaged by the Trading Companies on a time costs basis. The work was performed prior to the Administrations in order to determine the most appropriate strategy and to review the financial positions and cash requirements for the businesses. This has minimised any disruption to businesses and enabled trading to quickly stabilise and continue following the appointments. This has also enabled marketing to commence without delay and has furthered the achievement of the objective of the Administrations by protecting realisable assets. Pre-administration costs are not included in the fee estimate set out below.

Please note that the payment of unpaid pre-administration costs is subject to the approval of creditors, separately to the approval of the Administrators' proposals. This approval will be the responsibility of the creditors' committee, if one is appointed. However, as detailed within section 1 of this report, the Administrators do not intend to convene a creditors' meeting and therefore it is proposed that approval will be sought from the secured and (if necessary) preferential creditors in accordance with rule 2.67A of the Insolvency Rules 1986.

## Administrators' fee estimates

Details of the work that the Administrators envisage being required to achieve their selected objectives, and to comply with the statutory and regulatory duties that are imposed upon them as a consequence of their appointment are set out in section 5. The anticipated amount of work and the costs associated with it are set out below for each company.

## Trading position

The Administrators are not yet in a position to provide a breakdown of the trading position for each of the Trading Companies. Whilst section 5.3 provides an estimate of the expected consolidated position, the Companies records are not sufficiently robust and the accounting systems are complicated resulting in a delay in this information being available. A full update will be provided in the next progress report.

## Appendix H. Administrators' details of time spent to date

Total time costs for the period since appointment to 10 June 2016 for each of the Companies is summarised in the tables below, which provide details of the hours incurred, the blended rate per hour and the time costs per activity category

## Appendix I. Additional information in relation to the Administrators' fees

### Policy

Detailed below is AlixPartners' policy in relation to

- staff allocation and the use of sub contractors,
- professional advisors, and
- disbursements

### Staff allocation and the use of sub contractors

The Administrators' general approach to resourcing their assignments is to allocate staff with the skills and experience to meet the specific requirements of the case

The case team will usually consist of a managing director, an associate director or senior associate, an associate and an analyst. The exact case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. On larger, more complex cases, several staff at all grades may be allocated to meet the demands of the case. The Administrators' charge-out rate schedule overleaf provides details of all grades of staff.

With regard to support staff, the Administrators advise that time spent by their treasury department in relation to specific tasks on an assignment is charged. The Administrators only seek to charge and recover secretarial time if a large block of time is incurred, eg report compilation and distribution.

The Administrators have not utilised the services of any sub contractors in these cases.

### Professional advisors

On these assignments the Administrators have used the professional advisors listed below. The Administrators have also indicated the basis of their fee arrangement with them, which is subject to review on a regular basis.

Name of professional advisor	Basis of fee arrangement
Squire Patton Boggs (UK) LLP (legal advice)	Hourly rate and disbursements
Willis Group Limited (insurance)	Risk based premium
Gooch Cunliffe Whale LLP (property agents)	7.5 per cent of realisations
Alteri Agency Investments Limited	Daily rate and element of fixed cost
Hilco Appraisal Limited	Hourly rate and disbursements
ERA Solutions Limited	Fixed fee per member of staff

The Administrators' choice was based on their perception of the professional advisors' experience and ability to perform this type of work, the complexity and nature of the assignment and the basis of their fee arrangement with them.

## Disbursements

Category 1 disbursements do not require approval by creditors. Category 1 disbursements may include external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel, external printing, room hire and document storage. Also chargeable will be any properly reimbursed expenses incurred by the Administrators and their staff.

Approval for category 2 disbursements will be sought as specified in section 1 of this report and may include

- photocopying – charged at the rate of 10 pence per sheet for notifications and reports to creditors and other copying,
- printing – charged at the rate of 10 pence per sheet for black and white printing and 15 pence per sheet for colour, and
- business mileage for staff travel - charged at the rate of 45 pence per mile

## Charge-out rates

A schedule of AlixPartners' charge-out rates for this assignment effective from 1 February 2016 is detailed below. Time is charged by managing directors and case staff in units of six minutes.

## **Appendix J. Exit routes and discharge from liability**

### **Dissolution**

Based on present information, the Administrators think a dividend will be paid to the unsecured creditors of ARGL from the Unsecured Creditors' Fund. In this situation, the Administrators will file a notice together with their final progress report at court and with the Registrar of Companies for the dissolution of the Company once all funds have been distributed. The Administrators will send copies of these documents to the Company and its creditors. The Administration will end following the registration of the notice by the Registrar of Companies.

The Administrators think that the other Companies have no property which might permit a distribution to unsecured creditors, therefore they will file notices together with their final progress report at court and with the Registrar of Companies for the dissolution of the Companies. The Administrators will send copies of these documents to the Companies and their creditors. The Administrations will end following the registration of the notices by the Registrar of Companies.

### **Discharge from liability**

The Administrators will seek approval for their discharge from liability from the relevant creditors at an appropriate time. It is proposed that the Administrators will be discharged from liability under paragraph 98 of schedule B1 to the Insolvency Act 1986 directly after their appointment as Administrators ceases to have effect.
