1. Why this report has been prepared

- 1.1 As you will be aware, Peter Saville, Kevin Coates and Catherine Williamson (the **Administrators**) were appointed on 26 April 2016.
- 1.2 In accordance with UK insolvency legislation, an administrator is required to provide a progress report covering the period of six months commencing on the date on which a company entered into administration and every subsequent period of six months. This progress report covers the period 26 April 2018 to 25 October 2018 (the **Period**) and should be read in conjunction with the previous report dated 22 May 2018 (the **Previous Report**).
- 1.3 This report has been prepared in accordance with rule 18.2 of the Insolvency (England and Wales) Rules 2016.
- 1.4 The purpose of this report is to provide statutory and financial information about the Companies and to provide an update on the progress of the Administrations, including details of assets realised during the Period, details regarding the Administrators' fees and the expected outcome for each class of creditor.
- 1.5 As a reminder the administrator of a company must perform their functions with a view to achieving one of the following statutory objectives:
 - Objective 1: rescuing the company as a going concern;
 - Objective 2: achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration); or
 - Objective 3: realising property in order to make a distribution to one or more secured or preferential creditors.
- 1.6 In these cases the Administrators are pursuing the second statutory objective. Further details on the actions taken to achieve that objective can be found in section 3 of this report.
- 1.7 Details of the Administrators' fees and disbursements incurred are provided at Appendices D to F.
- 1.8 More information relating to the Administration process, Administrators' fees and creditors' rights can be found on AlixPartners' creditor portal (<http://www.alixpartnersinfoportal.com>). Log-in details to access this information can be found within the covering letter you have received.
- 1.9 If you require a hard copy of this report or have any queries in relation to the contents of this report or the Administrations generally, please contact **Conor Kelly** on 0161 838 4500, by email at **creditorreports@alixpartners.com**, or write to AlixPartners' office at The Zenith Building, 26 Spring Gardens, Manchester, M2 1AB.

Secured creditor: Alteri	18.24 million	323,000
Unsecured creditors	40.72 million	Nil

Notes:

Secured creditors

Wells Fargo and Alteri (the **Secured Creditors**) hold cross-guarantees across the Companies and as such, each company is jointly and severally liable for the debts under the terms of the guarantees.

Wells Fargo held first ranking charges and, at the date of appointment, was owed £7.17 million by the Companies. Wells Fargo has been repaid in full by the Companies during the Administrations.

Alteri holds second and third ranking charges and was owed a total of approximately £18.24 million at the date of the Administrators' appointment.

To date, Alteri has received distributions totalling £7.04 million from the Companies and a further distribution of £78,395 from Austin Reed Credit Services Limited (**ARCS**), an entity in the wider group which was previously in administration and was also subject to the cross-guarantees.

The total return to Alteri is expected to be in the region of £8.24 million, however this is subject to the potential asset realisations detailed in section 3.

Preferential creditors

Preferential claims of £24,476 were received in respect of ARGL. A preferential dividend of 100 pence in the pound was distributed to the preferential creditors of ARGL on 22 June 2017.

No preferential claims were submitted against ARL, ARGP or CCL.

Unsecured creditors

The level of unsecured creditors for ARGL and ARL is based on claims reviewed and agreed by the Administrators. The level of unsecured creditors for ARGP and CCL is taken from the claims received to date.

The Administrators have distributed funds of £569,625 and £117,073 (after costs) to the unsecured creditors of ARGL and ARL, respectively. This represents a dividend rate of 3.80 pence in the pound in ARGL and 0.22 pence in the pound for ARL.

The Administrators do not anticipate that there will be sufficient realisations to enable any future distributions to the unsecured creditors of the Companies but this remains dependent on the outcome of the potential claim detailed in section 3.

In respect of preferential or unsecured creditors, UK insolvency legislation stipulates that creditors of the same class should be treated equally. Hence the funds available for distribution are split on a pro-rata basis amongst all creditors of each class, regardless of the size of their claims.

For further information please refer to section 4 of this report.

3. Progress of the Administrations

- 3.1 Attached at Appendices B and C are the Administrators' Receipts and Payments Accounts and Trading Receipts and Payments Accounts for the Period, together with Cumulative Accounts for the period since the date of the appointments. These accounts are prepared on a cash basis, therefore details of costs incurred but not yet paid are excluded from the accounts and are summarised at Appendix E.
- 3.2 In addition to their statutory objective, the Administrators have duties imposed by insolvency and other legislation and their regulating professional bodies. The Administrators have set out information in respect of the progress of these duties in addition to that of the realisation of assets and distribution of available funds. The detail provided is intended to provide users of this report with information to allow them to understand how the Administrators' fees and expenses as set out in Appendices D and E have been incurred, as well as the sensitivities that might be applicable to the Administrators' anticipated fees and expenses over the remainder of the Administrations.

Trading

- 3.3 As detailed in the Previous Report, going concern sales were not achieved and an orderly wind down of the trading operations was therefore carried out as the stock levels within the Companies' stores reduced.
- 3.4 Although the trading operations ceased in 2016, ARGL and CCL have incurred minimal costs during the Period in settling minor trading expenses which were outstanding. There were no movements during the Period for ARL or ARGP and as such, their Trading Receipts and Payments Accounts are not included at Appendix C.
- 3.5 The trading positions for the Companies have now been finalised. The Administrators do not anticipate that there will be any further movements in respect of the Companies' trading positions.

Realisation of assets

Book debts

- 3.6 During the Period, the Administrators recovered a book debt of £1,058 due to ARGL from an entity which was subject to Chapter 11 insolvency proceedings in the US.

Potential claim

- 3.7 The Companies continue to pursue a potential claim against merchant providers in respect of anti-competitive merchant interchange fees which were incurred in operating card payment systems before the Companies ceased trading.
- 3.8 The Administrators have been advised that there are merits to the claim and material recoveries could be achieved if successful. The Companies have therefore joined a consortium of other retailers which has been established in order to bring a claim against the merchant providers.

- 3.9 During the Period, a judgment was given finding that the merchant providers had acted unlawfully by setting fees that were in breach of competition regulations under EU law.
- 3.10 The merchant providers have since applied for permission to appeal this decision and it is expected that their request for permission to appeal will be dealt with before the year end.
- 3.11 Due to the intricate nature of this claim, the Administrators are unable to provide further information at this stage.
- 3.12 In any case, the Administrators anticipate that proceedings will be protracted and have therefore extended the Administrations for a further period of 24 months.

Other assets

- 3.13 A breakdown of the other assets realised by the Companies during the Period is set out below.

£	ARGL	ARL	ARGP	CCL
Rates refund	-	-	-	613
Bank interest	670	678	91	276
Total	670	678	91	889

Administration (including statutory reporting)

- 3.14 In addition to their duties relating to realising and distributing the assets of the Companies, the Administrators must comply with certain statutory compliance matters in accordance with the Insolvency Act 1986. These include preparing bi-annual reports to creditors advising of the progress of the Administrations and liaising with various stakeholders. The Administrators are also responsible for liaising with HM Revenue and Customs to determine the final position in respect of corporation tax, PAYE, VAT and other taxes that may be owed by or to the Companies, and for filing tax returns for the duration of the Administrations.
- 3.15 In order to ensure the matters of the Administrations are being progressed sufficiently, the Administrators have a duty to conduct periodic case reviews and complete case checklists. In addition, the Administrators' treasury function will also comply with cash accounting requirements including raising payments, processing journal vouchers and posting receipts, preparing bank reconciliations and statutory returns.
- 3.16 The time taken for statutory tasks is largely fixed, insofar as the cost of preparing a report to creditors or filing an annual return is similar for most cases, except where cases are very large or complex. Where the costs of statutory compliance and reporting to creditors exceeds the initial estimate, it will generally be because the duration of the case has been longer than expected, due to for example protracted realisation of assets, and therefore additional periodic reports have had to be prepared and distributed to stakeholders.

Creditors (claims and distribution)

- 3.17 As reported previously, the Administrators distributed a dividend to the unsecured creditors of ARGL and ARL in March 2018. Following these distributions, the Administrators have incurred time in dealing with unsecured creditor correspondence and unbanked dividend cheques, which have now been remitted to the Insolvency Service.
- 3.18 During the Period, the Administrators have dealt with a hypothec claim from a landlord of a store based in Scotland. Following legal advice, it was considered that the claim was valid and ARGL therefore paid a settlement of £10,000 to the respective landlord.
- 3.19 The Administrators have also incurred time in providing updates on the progress of the Administrations and distributing funds to Alteri.
- 3.20 For further details on the estimated outcome for creditors, please refer to section 4.

4. Estimated outcome for creditors

Secured creditor – Wells Fargo

- 4.1 Wells Fargo was granted first ranking legal charges on 21 May 2014 by the Companies and holds cross-guarantees between all of the Companies.
- 4.2 At the date of appointment, Wells Fargo was owed £7.17 million under its security and has now been repaid in full.

Secured creditor – Alteri

- 4.3 Alteri holds second and third ranking fixed and floating charges which are cross-guaranteed by the Companies.
- 4.4 At the date of appointment, Alteri was owed approximately £18.24 million (excluding interest and charges) under its security.
- 4.5 To date, Alteri has received funds totalling £7.04 million from the Companies and a further £78,395 from the ARCS, which was previously in Administration.
- 4.6 It is anticipated that the total return to Alteri under its security will be approximately £8.24 million, however this return is subject to the success of the Companies' claim against the merchant providers.

Preferential creditors

- 4.7 On 22 June 2017, the Administrators distributed a dividend of £24,476 to the preferential creditors of ARGL, representing a dividend rate of 100 pence in the pound.
- 4.8 No further preferential dividends will be distributed by the Companies.

Unsecured Creditors' Fund

- 4.9 Where there is a floating charge which was created on or after 15 September 2003, the Administrators are required to create a fund from the company's net property available for the benefit of unsecured creditors (**Unsecured Creditors' Fund**), commonly known as the 'Prescribed Part'.
- 4.10 As all floating charges granted by the Companies post-date 15 September 2003, there is a requirement to create a fund in each case.
- 4.11 On 23 March 2018, the Administrators distributed a dividend of £117,073 (after costs) to the unsecured creditors of ARL via the Unsecured Creditors' Fund, representing a dividend rate of 0.22 pence in the pound.
- 4.12 On 29 March 2018, the Administrators also distributed a dividend of £569,625 (after costs) to the unsecured creditors of ARGL via the Unsecured Creditors' Fund, representing a dividend rate of 3.80 pence in the pound.

- 4.13 The Administrators anticipate that there will be insufficient funds to enable any further distributions to the unsecured creditors of the Companies, however this is subject to the success of the potential claim detailed in section 3.

Unclaimed dividends

- 4.14 Any cheques sent to the creditors of ARL and ARGL which were not banked by 23 September 2018 and 29 September 2018, respectively have been forwarded to The Insolvency Service, Estate Accounts Directorate, Unclaimed Monies Team, PO Box 3690, Birmingham, B2 4UY.
- 4.15 If your cheque was not banked before the above deadlines, please contact The Insolvency Service via email at **eaips.unclaimed@insolvency.gsi.gov.uk** and put the relevant company name as the subject.
- 4.16 The transfer of responsibility to the Insolvency Service is a routine step which requires administrators of an insolvent company to transfer unclaimed dividends to the agency six months after the cheques were issued. The agency will hold the funds for the next six years, after which it will return any money that remains unclaimed to HM Treasury, however, this does not affect creditors' rights to claim funds after the six years has passed.

5. What happens next

Creditors' rights

- 5.1 Within 21 days of the receipt of this report, a secured creditor, or an unsecured creditor (with the agreement of at least 5% of the value of the unsecured creditors in the relevant entity) may request in writing that the Administrators provide further information about their fees or expenses which have been itemised in this progress report.
- 5.2 Any secured creditor, or an unsecured creditor (with the agreement of at least 10% of the value of unsecured creditors in the relevant entity) may, within eight weeks of receipt of this report, make an application to court on the grounds that the basis fixed for the Administrators' fees is inappropriate, or that the fees charged or the expenses incurred by the Administrators during the period of this report are excessive.

Next report

- 5.3 The Administrators are required to provide a progress report within one month of the end of the next six months of the Administrations, or earlier if the Administrations have been finalised. For details of the proposed exit route please see Appendix G.

Appendix F. Additional information in relation to the Administrators' fees

Policy

Detailed below is AlixPartners' policy in relation to:

- staff allocation and the use of sub-contractors;
- professional advisors; and
- disbursements.

Staff allocation and the use of sub-contractors

The Administrators' general approach to resourcing their assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The case team will usually consist of a managing director or director, a senior vice president, a vice president and a consultant. The exact case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. On larger, more complex cases, several staff at all grades may be allocated to meet the demands of the case. The Administrators' charge-out rate schedule overleaf provides details of all grades of staff.

With regard to support staff, time spent by treasury staff in relation to tasks such as recording transactions and dealing with bank accounts is charged but secretarial time is only recovered if a large block of time is incurred, e.g. report compilation and distribution.

The following services are being provided on these assignments by external sub-contractors.

Service type	Service provider	Basis of fee arrangement	Cost to date £
Employee claim processing	ERA Solutions Limited	Rate per employee	71,825
Debt collection	Consultiam Property Limited	20% of recoveries	1,604
Debt collection	PHD Property Advisory Limited	20% of recoveries	3,053

Professional advisors

On these assignments the Administrators have used the professional advisors listed below. The Administrators have also indicated the basis of their fee arrangement with them, which is subject to review on a regular basis.

Name of professional advisor	Basis of fee arrangement
Squire Patton Boggs UK LLP (legal advice)	Hourly rate and disbursements
Willis Towers Watson Limited (insurance)	Risk based premium
Gooch Cunliffe Whale LLP (property agent)	Percentage of realisations
Alteri Agency Investments Limited (retail agent)	Daily rate and element of fixed cost
Hilco Appraisal Limited (valuation and disposal advice)	Hourly rate and disbursements
Olswang LLP (legal advice)	Hourly rate and disbursements
MBM Commercial (legal advice)	Hourly rate and disbursements

The Administrators' choice was based on their perception of the professional advisors' experience and ability to perform this type of work, the complexity and nature of the assignments and the basis of their fee arrangement with them.

Disbursements

Category 1 disbursements do not require approval by creditors. Category 1 disbursements may include external supplies of incidental services specifically identifiable to the case e.g. postage, case advertising, invoiced travel and external printing, room hire and document storage. Any properly reimbursed expenses incurred by the Administrators and their staff will also be chargeable.

Category 2 disbursements do require approval prior to being paid and will be drawn in accordance with the approval given, they may include printing and photocopying, and business mileage for staff travel, charged at the rate of 45 pence per mile.

ARG Realisations 2016 Limited (**ARGL**), AR Realisations 2016 Limited (**ARL**), ARG (Property) Limited (**ARGP**) and CC Realisations 2016 Limited (**CCL**) – all in Administration (together the **Companies**)

Appendix G. Exit route and discharge from liability

Dissolution of the Companies

Based on current information, ARGL and ARL have no property to permit a distribution to their unsecured creditors other than by way of the Unsecured Creditors' Fund, which was distributed in March 2018. ARGP and CCL have no property to permit a distribution to their unsecured creditors.

In all cases, the Administrators will file notices, together with their final progress reports, at court and with the Registrar of Companies for dissolution of the Companies. The Administrators will send copies of these documents to the Companies and their creditors and the appointments will end following the registration of the notices by the Registrar of Companies.

Discharge from liability

On 3 January 2017, the secured creditors and, where applicable, the preferential creditors, approved that the Administrators will be discharged from liability under paragraph 98 of schedule B1 of the Insolvency Act 1986 directly after their appointments as Administrators cease to have effect.
