These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the income statement has not been delivered.

For the year ending 30 April 2021 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The member has not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

Statement of Financial Position (continued)

30 April 2021

B Falkingham Director

Company registration number: 00522120

Notes to the Financial Statements

Year ended 30 April 2021

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Hull Road, Hemingbrough, Selby, North Yorkshire, YO8 6QJ.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102 Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

3. Accounting policies

(a) Basis of preparation

The financial statements have been prepared on the historical cost basis.

The financial statements are prepared in sterling, which is the functional currency of the entity.

(b) Going concern

In March 2020 the UK was impacted by the outbreak of Covid-19. The Government imposed significant restrictions at that time in an effort to manage the spread of the virus which resulted in the company having to review and change its working practices to ensure compliance with these restrictions. At the date of signing these financial statements, the directors have considered the effect of the Coronavirus pandemic on the company with the information available to it and do not believe that it will affect the ability of the company to continue to trade for the foreseeable future. On this basis, the directors have prepared these financial statements on a going concern basis

(c) Consolidation

The entity has taken advantage of the option not to prepare consolidated financial statements contained in Section 398 of the Companies Act 2006 on the basis that the entity and its subsidiary undertakings comprise a small group.

(d) Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer, usually on despatch of the goods, the amount of revenue can be measured reliably, it is probable that the associated economic benefits will flow to the entity, and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Notes to the Financial Statements (continued)

Year ended 30 April 2021

3. Accounting policies (continued)

(e) Current and deferred tax

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

(f) Intangible assets

Intangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated amortisation and impairment losses.

(g) Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful life of that asset as follows:

E-Commerce development - over 1 year costs

If there is an indication that there has been a significant change in amortisation rate, useful life or residual value of an intangible asset, the amortisation is revised prospectively to reflect the new estimates.

(h) Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

Notes to the Financial Statements (continued)

Year ended 30 April 2021

3. Accounting policies (continued)

(i) Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Leasehold Property

over 50 years

Plant & Machinery, Office

over 3-5 years

Equipment and Computer

Equipment

Motor Vehicles

over 4 years

(j) Investments

Fixed asset investments are initially recorded at cost, and subsequently stated at cost less any accumulated impairment losses.

(k) Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

(I) Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

(m) Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised using the accrual model. Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it it becomes receivable.

. July bear

Notes to the Financial Statements (continued)

Year ended 30 April 2021

3. Accounting policies (continued)

(n) Provisions

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event, it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the statement of financial position and the amount of the provision as an expense.

Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset.

(o) Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

(p) Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 21 (2020: 27).

5. Intangible assets

Subsidiary Undertaking

The company owns 100% of the issued ordinary share capital of R & R Country (Melton) Limited, a company registered in England and Wales.

Under the provision of section 398 of the Companies Act 2006 the company is exempt from preparing consolidated accounts and has not done so, therefore the accounts show information about the company as an individual entity.

Notes to the Financial Statements (continued)

Year ended 30 April 2021

8. Debtors

	Trade debtors	2021 £ 450	2020 £ 512
	Amounts owed by group undertakings and undertakings in which the company has a participating interest Other debtors	213,230 10,071	110,630 7,547

	Accruals and deferred income	195,424	73,117
		574,323	292,730

The bank loan is secured over the company's assets by way of a fixed and floating charge. Interest is charged at 2.25% over bank base rate. Loan repayments are made in equal instalments and at 30 April 2021 the loan is wholly repayable within 1 year.

10. Related party transactions

The company has taken advantage of the exemptions provided in FRS 102 from reporting transactions between wholly owned members of the group.
