# Mortgage of a Ship to secure Account Current etc/other obligation

- . If more than one mortgagor then a separate mortgage is required from each mortgagor, unless shares are jointly held.
- In respect of fishing vessels, mortgages may be registered only against those registered with FULL registration.
- The prompt registration of a mortgage deed with the Registry is essential to establish the priority of the mortgage. This is because
  the priority of the mortgage is determined by the date on which it is produced for registration and not from the date of the mortgage
  itself.
- If the mortgagor is a company the mortgage must be registered with the Registrar of Companies within 21 days of its execution.
- It is important that the Registry is informed of any changes.
