## Notes

### *(forming part of the Financial Statements)*

#### **1 Accounting policies**

The following accounting policies have been applied consistently in the current and prior period in dealing with items which are considered material in relation to the Company's Financial Statements.

#### ***Basis of preparation***

These Financial Statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

In preparing these Financial Statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The Company's ultimate parent undertaking, Hill & Smith Holdings PLC includes the Company in its Consolidated Financial Statements. The Consolidated Financial Statements of Hill & Smith Holdings PLC are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from Group Headquarters (see Note 7).

In these Financial Statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- a Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital, tangible fixed assets and intangible assets;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs; and
- Disclosures in respect of the compensation of Key Management Personnel.

As the Consolidated Financial Statements of Hill & Smith Holdings PLC include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- IFRS 2 Share Based Payments in respect of group settled share based payments
- Certain disclosures required by IAS 36 Impairment of assets in respect of the impairment of goodwill and indefinite life intangible assets;
- Certain disclosures required by IFRS 3 Business Combinations in respect of business combinations undertaken by the Company; and
- Certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

#### ***Measurement convention***

The Financial Statements are prepared on the historical cost basis except that the following assets and liabilities are stated at their fair value: derivative financial instruments, financial instruments classified as fair value through the profit or loss or as available-for-sale, investment property and liabilities for cash-settled share-based payments. Non-current assets and disposal groups held for sale are stated at the lower of previous carrying amount and fair value less costs to sell.

## Notes (continued)

### 1 Accounting policies (continued)

#### Going concern

On 10 July 2017, the directors of the ultimate parent company, Hill & Smith Holdings PLC, took the decision to commence the rationalisation of a number of their subsidiary entities, including the Company. Accordingly the directors have not prepared the financial statements on a going concern basis. As there are no material assets remaining in the balance sheet, this decision has had no impact on the financial statements.

#### Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the Balance Sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the Balance Sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

### 2 Directors and employees

The Company had no employees during either the current or prior year and, as such, the aggregate payroll costs in both periods were £nil. The remuneration of the Directors are paid by another Hill & Smith Holdings PLC group company as their services to the Company are incidental to their services provided to other Hill & Smith Holdings PLC group companies.
