Directors' report

The directors present their directors' report and financial statements for the year ended 30 June 2020.

Principal activities

The principal activity of Gossard Limited, ("the Company") is the import, supply and wholesale and retail sale, via the internet, of branded intimate apparel.

Dividends

The directors do not recommend the payment of an ordinary dividend (2019: £nil).

Directors

The directors who served during the year and subsequently are shown on page 1.

Political and charitable donations

No charitable gifts and donations were made during the year (2019: £nil).

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

By order of the board

Roger Broadberry
Director

Dated: 11 October 2021

Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Gossard Limited

Opinion

We have audited the financial statements of Gossard Limited, ("the Company"), for the year ended 30 June 2020 which comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 June 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Material uncertainty related to going concern

We draw attention to note 1 of the financial statements which indicates that the whilst the Company was profitable during the year ended 30 June 2020 and had net assets of £214,000 (2019: £129,000), it is likely that additional support from its immediate parent, Kadima Holdings Limited, will be required in order for the Company to meet its liabilities as they fall due. These events and conditions, along with the other matters explained in note 1, constitute a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Directors' report

The directors are responsible for the directors' report. Our opinion on the financial statements does not cover the directors' report and we do not express an audit opinion thereon.

Our responsibility is to read the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the directors' report;
- in our opinion the information given in the directors' report for the financial year is consistent with the financial statements; and
- in our opinion the directors' report has been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

Independent auditors' report to the members of Gossard Limited *(continued)*

Directors' responsibilities

As explained more fully in their statement set out on page 3, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes

(forming part of the financial statements)

1 Accounting policies

Gossard Limited, (the "Company"), is a company incorporated in the UK. The registered number is 00596205 and the registered address is The Courtaulds Building, 292 Haydn Road, Nottingham, NG5 1EB.

These financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("*FRS 102*") as issued in August 2014. The amendments to FRS 102 issued in July 2015 and effective immediately have been applied. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

Going concern

The financial statements have been prepared on a going concern basis.

Whilst the Company made a profit for the year of £85,000 (2019: £33,000) and has net current assets of £263,000 (2019: £129,000), from March 2020 the COVID-19 virus has emerged and during the year the UK Government put in place stringent measures limiting the movements of the UK population as part of its strategy to delay and contain the impact of the virus. Sales were significantly reduced during the year but the directors are confident that the company can continue to operate and meet demand as sales recover. The directors have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that the company will be cash generative. The directors have given careful consideration in order to include severe but plausible downside sensitivities to the base forecast cash flows for the company. These sensitivities have incorporated the impact of failing to achieve forecast sales growth and allow for the potential impact of two further lockdowns during the forecast period. The effect of this is that the company's cost structure is such that the sensitised forecast indicates that under these circumstances the company is unlikely to be cash generative over the twelve months to 30 September 2022. Having performed this cash flow forecast and sensitivity analysis the directors remain confident that any adverse impact on the cash flows of the company can be managed but acknowledges that continued support from related party suppliers will be required to meet working capital requirements for the period of the forecast.

The forecasts are, as in prior years, dependent on the Company's immediate parent company, Kadima Holdings Limited not seeking repayment of the amounts currently due from the Company, which at 30 June 2020 amounted to £2,050,000 (2019: £1,714,000) and on additional financial support being provided during the forecast period.

The financial statements of Kadima Holdings Limited, which have been prepared on the going concern basis, indicate a material uncertainty over its ability to continue as a going concern as it is reliant on its ultimate parent company, Magellan Textile Holdings Limited, not calling in any of the debt owing to it by Kadima Holdings Limited.

As the Company is reliant on its immediate parent company, Kadima Holdings Limited, the directors have assessed the ability and intention of Kadima Holdings Limited to continue to provide that support. Kadima Holdings Limited has indicated its intention to continue to make available such funds as are needed by the Company, and that it does not intend to seek repayment of the amounts due at the balance sheet date, for the period covered by the forecasts. However, due to the challenging economic situation, there are uncertainties that Kadima Holdings Limited will be able to continue to provide the support required. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on these indications the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. However, these circumstances represent a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern and, therefore, to continue realising its assets and discharging its liabilities in the normal course of business. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

Measurement convention

The financial statements are prepared on the historical cost basis except that the following assets and liabilities are stated at their fair value: derivative financial instruments. Non-current assets are stated at the lower of carrying amount and fair value less costs to sell.

Notes (continued)

1 Accounting policies (continued)

Foreign currency

Transactions in foreign currencies are translated at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated at foreign exchange rates ruling at the dates the fair value was determined.

Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity and debt securities, trade and other receivables, cash and cash equivalents, loans and borrowings, and trade and other payables.

Trade and other receivables

Trade and other receivables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses.

Trade and other payables

Trade and other payables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method.

Investments in debt and equity securities

Investments in jointly controlled entities, associates and subsidiaries are carried at cost less impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is based on the first-in first-out principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

Impairment excluding inventories and deferred tax assets

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment; a financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the income statement.

Employee benefits

Defined contribution

A defined contribution plan is a post-employment benefit plan under which the Company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to the defined contribution pension plan are recognised as an expense in the income statement as incurred.

Notes (continued)

1 Accounting policies (continued)

Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

Sales of goods are recognised when the Company has transferred the significant risks and rewards of ownership of the goods to the buyer, the amount of revenue can be measured reliably and it is probable that the economic benefits of the transaction will flow to the Company.

Expenses

Operating lease

Payments made under operating leases are recognised in the income statement on a straight-line basis over the term of the lease. Lease incentives received are recognised in the income statement as an integral part of the total lease expense.

Financing income and expenses

Financing expenses comprise interest payable, finance charges on shares classified as liabilities and finance leases, unwinding of the discount on provisions, and net foreign exchange losses that are recognised in the income statement (see foreign currency accounting policy). Financing income comprise interest receivable on funds invested, dividend income, and net foreign exchange gains.

Interest income and interest payable is recognised in the income statement as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

Taxation

Tax on the profit or loss for the period comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years. Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Adoption of new standards

There have been no new standards, interpretations and amendments to published standards which have had a material impact on the results or the financial position of the Company for the year ended 30 June 2020 or that are expected to have a material impact in future years.

Factors that may affect future tax charges

A reduction in the UK corporation tax rate from 19% to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. The March 2020 Budget announced that a rate of 19% would continue to apply with effect from 1 April 2020, and this change was substantively enacted on 17 March 2020. The UK deferred tax liability as at 30 June 2020 was calculated at 19% (2019: 17%). An increase in the UK corporation rate from 19% to 25% (effective 1 April 2023) was substantively enacted on 24 May 2021. This will increase the company's future current tax charge accordingly.

To secure the revolving facility made available to the Company and to provide it with sufficient comfort to continue to provide it, on 9 January 2020 Magellan Textile Holdings Limited registered a fixed and floating charge over the assets of the Company.

18 Impact of COVID-19

During March 2020, as a result of the recognition of COVID-19 as a pandemic, the Company sought, and continues, to take all measures necessary to protect the health and well-being of employees and their families, agency workers, contractors, customers and suppliers. Following guidance from government, government agencies and the World Health Organisation actions were taken to support employees working from home, to minimise interpersonal interactions and to eliminate, as far as possible, the risks to the health of individuals.

The financial security of both the Company and all employees is under constant review and reassessment by the directors. To that end the Company has availed itself of all relevant measures and forms of assistance made available by government, government agencies, financial institutions and others to support both individuals and businesses.

19 Ultimate parent company and parent company of larger group

The Company is a subsidiary undertaking of Magellan Textile Holdings Limited which is the ultimate parent company incorporated in Hong Kong. The ultimate controlling party is Neo Hwee Khim, the 100% shareholder of Magellan Textile Holdings Limited.

The only Group in which the results of the Company are consolidated is that headed by Kadima Holdings Limited, incorporated in England. The consolidated financial statements of this Group are available to the public and may be obtained from The Courtaulds Building, 292 Haydn Road, Nottingham, NG5 1EB.
