## **Fanfare Music Company Limited**

### **Notes to the financial statements for the period ended 30 September 2009**

#### **1. Accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements

##### ***Basis of preparation***

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules, as modified by the periodic revaluation of certain fixed assets. Under FRS 1 'Cash Flow Statements' the Company is exempt from the requirements to prepare a cash flow statement on the grounds that it is included in the consolidated accounts of its parent company, Chrysalis PLC.

##### ***Going concern***

The accounts have been prepared on a going concern basis in view of the fact that Chrysalis PLC, the company's ultimate parent company, has formally indicated that it will provide sufficient funding to the company to enable it to meet its liabilities as they fall due, for at least the next twelve months.

##### ***Group accounts***

The company is entitled to the exemption under Section 398 of the Companies Act 2006 from the obligation to prepare group accounts. These financial statements represent information about the company as an individual undertaking and not about its group. The company's results are included in the consolidated accounts of Chrysalis PLC, registered in England and Wales.

##### ***Turnover***

Turnover represents music publishing royalties (excluding value added tax) and relates wholly to the company's principal activity undertaken in the UK.

##### ***Music publishing royalties***

Music publishing royalties derived from the inclusion of the company's copyrights on recorded music products or from performance are recognised when they are earned by the company from the relevant collection society or record company. Royalties derived from the synchronisation of the company's copyrights on television programmes, films or advertisements are recognised as earned. Any unrecouped royalty advances received are carried forward until the end of the relevant contract period.

Royalties payable are expensed on an accruals basis except when advances payable are carried forward within trade and other receivables where they relate to proven artists or songwriters and where it is estimated that sufficient future royalties will be recouped against those advances. Advances paid to unproven songwriters are written off in the income statement in the period they are incurred.

##### ***Investments***

Investment in subsidiary is stated at cost less amounts written off.

##### ***Foreign currencies***

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date and the gains or losses on transaction are included in the profit and loss account.

continued

#### ***Taxation***

The charge for taxation is based on profit for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19

Chrysalis PLC entities are able to relieve their taxable losses by surrendering them to other group companies where capacity to utilise those losses exists. There is an agreement between members of the group that such losses will be purchased and paid for by the recipient company. Where there is reasonable certainty that taxable losses can be utilised the group relief receivable is included in the taxation charge or credit for the period
