## A. H. BOWERMAN AND SON LIMITED

## NOTES TO THE ABBREVIATED ACCOUNTS

### FOR THE YEAR ENDED 31 MARCH 2013

### 1 Principal accounting policies

#### Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### Turnover

Turnover represents the value of goods and services provided, net of VAT, and the fair value of the right to consideration in exchange for the performance of its contractual obligations

### Depreciation

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost less estimated residual value, of each asset over its expected useful life, as follows

Improvements to property Office equipment Deadstock Motor vehicles and tractors 10% per annum on cost 10% per annum on net book value 10% per annum on net book value 25% per annum on net book value

#### Stocks

Stocks are consistently valued at the lower of cost and net realisable value

#### Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's financial statements. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws

## Operating lease commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the lease term

## 2 Going concern

The financial statements have been prepared on a going concern basis. The company's ability to continue to trade is dependant upon the support of its directors and associated company. If this assumption proves to be inappropriate, then adjustments may have to be made to adjust the value of assets to their recoverable amounts, to provide for any further liabilities which might arise and reclassify fixed assets as current assets.
