Notes to the financial statements
Year ended 30 June 2017

1 Accounting policies

Laces and Textiles Limited (the "Company") is a company incorporated in the UK.
The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

The Company has considered the revised reporting standards for the UK and Ireland effective from 1 January 2015. The Company is a dormant company as defined by the Companies Act 2006, and as such has elected to retain its accounting policies for reported assets, liabilities and equity at the date of transition to these financial reporting standards until there is any change to those balances or the Company undertakes any new transactions.

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules.

Classification of financial instruments issued by the Company

Following the adoption of FRS 25, financial instruments issued by the Company are treated as equity (i.e forming part of shareholders' funds) only to the extent that they meet the following two conditions:

(i) they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and

(ii) where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this defintion is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital exclude amounts in relation to those shares.
Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges. Finance payments associated with financial instruments that are classified as part of shareholders' funds, are dealt with as appropriations in the reconciliation of movements in shareholders' funds.

2 Directors' remuneration

None of the directors received any emoluments or accrued retirement benefits under defined contribution or defined benefit schemes in respect of their services to the Company (2016: £nil).

The average number of employees during the year was nil (2016: nil).
