NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of investment properties, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods and services, excluding value added tax, and is derived from the ordinary activities.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 20% on reducing balance
Fixtures and fittings	- 10% on reducing balance
Motor vehicles	- 25% on reducing balance

Computer equipment is depreciated over 3 years on cost.

Investment property

Investment property is shown at valuation and is not depreciated. Any aggregate surplus or deficit arising from changes in valuations is transferred to a revaluation reserve.

Depreciation is only provided on the leasehold investment properties held by the company where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible fixed assets to be depreciated. In the opinion of the directors compliance with the Financial Reporting Standard for Smaller Entities (effective April 2008) is necessary for the financial statements to give a true and fair view.

Depreciation or amortisation is only one of the many factors reflected in the valuation and the amount of depreciation which might have been charged cannot be separately identified or quantified.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date and is calculated on an undiscounted basis.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
