## 53 weeks ended 4 February 2007

## **Directors' report**

The Directors have pleasure in presenting their report and the Company's audited financial statements for the 53 weeks ended 4 February 2007

## Result and dividend

The profit for the period after taxation amounted to £244 2m (2006 £420 8m loss as restated) The Directors do not propose a dividend (2006 £nil)

## Business review and principal activities

The Principal activity of the Company is the operation of retail supermarket stores and associated activities within the United Kingdom. The Directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year.

The results for the Company show a pre-tax profit of £247 5m (2006 £485 2m loss as restated) for the year and sales of £6,391 2m (2006 £6,312 3m as restated)

The Company's ultimate parent company is Wm Morrison Supermarkets PLC

2006/7 was the first year of operating under one brand – Morrisons With new systems and processes attention was on delivering Morrisons best practice through the Company and on recovering profitability. Targets in this regard were laid out in the Morrisons Group. Optimisation Plan, published in March 2006, and all of these were achieved. Total turnover of £6.4bn was in line with the previous year - although the reporting period benefited from an extra,  $53^{rd}$  week, it was disadvantaged by the continuing drag effect of store disposals in the previous year.

For a number of years, food retail prices have been declining, giving ever greater value to consumers and reflecting the intense competition in the market. In 2006/7, there were reports of inflation once again entering the market, as producers and retailers sought to pass on to customers the cumulative effect of high energy, commodity and business rates costs. Overall, however, through the whole year, the Company's customers paid less for their average shopping basket than they would have paid the previous year. Fuel sales in the past two years have been heavily affected by high oil prices. These price rises boost sales, but contribute little to profits, as fuel is a low margin business and the Company seeks to remain highly competitive in the marketplace.

The stores made good progress in the year, delivering sales growth ahead of the average for the market as a whole Smaller stores, defined as having less than 25,000 square feet of selling area performed particularly well, with sales densities up 12% in the year. These stores are not able to carry the full Morrisons range, but can still offer customers our unique Market Street experience and a comprehensive range of grocery, frozen and household items.

Improvements to range selection and merchandising techniques, found ways of delivering labour efficiency whilst maintaining service levels and taking cost out of the back office administration. After the cost of goods sold, the biggest cost is store wages. For a number of years, wage inflation has been running ahead of food price inflation, meaning that productivity improvements are required in order to keep labour ratios to sales on an improving trend. In the period after the Safeway acquisition, store labour productivity had declined for two years. In 2006/7 it has started to improve, with sales per labour hour, a key measure for us, improving by 14% year on year. Another significant cost, both in store and throughout the business, is energy. Despite energy efficiency improving, the high cost of gas and electricity in the year had a significant impact on the result.

A court of Appeal ruling in July 2005 re Debenhams Retail Plc vs. Revenue and Customs Commissioners has changed the way in with the Company records its costs in relation to card handling services made by another group company. The impact of those changes is discussed in Note 18 to the financial statements.

14 smaller stores and other properties were disposed of during the period

## Directors' report (continued)

#### **Future outlook**

As a subsidiary of Wm Morrisons Supermarket PLC the Company will benefit from the implementation of changes resulting from the Morrisons Group business review (announced on 15<sup>th</sup> March 2007) This started with the business analysing feedback from customers, employees and suppliers to develop a clear picture of issues the business faces and matters for the business to concentrate on Amongst other things, this will lead to changes to branding, product ranging and systems, all of which will help make stores more appealing, efficient and responsive to customer needs

#### **Environment**

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with Group policies, which are described in the Group's Annual report and financial statements which do not form part of this Report. Initiatives designed to minimise the Company's impact on the environment include safe disposal of manufacturing waste, recycling and reducing energy consumption.

## **Employment policy**

The Company's comprehensive employment policies cover recruitment, selection, retention, remuneration, education, development and equality

## Employee involvement

Employees are kept as fully informed as possible about the activities of the business. This is achieved through internal publications, communications programmes, notice boards, briefings, local, regional and national consultative committees.

The Company recognises a number of trade unions and has a partnership agreement with USDAW

The Company encourages employee involvement in the financial performance of the business through profit share and savings related share option schemes

#### Equal opportunities

Equal opportunities are offered to all, regardless of race, colour, nationality, religion, sex, marital status, disability or age. All applicants and employees are treated equally in respect of recruitment, promotion, training, pay and other employment policies and practices. All decisions are based on merit. Reasonable adjustments will be made to accommodate those with special needs. Under no circumstances will discrimination against any individual or group be tolerated. All employees have access to confidential counselling provided by trained counsellors as part of our special complaints procedure and occupational health team.

The Company is conscious of its responsibility to society and to the local community in particular and we aim to provide employment opportunities which are compatible with work and family responsibilities. Management is required to apply all of the Company's policies fully and diligently to ensure that the highest standards are maintained.

All employees have access to confidential counselling provided by trained counsellors as part of our special complaints procedure

The Company is conscious of its responsibility to society and to the local community in particular. Management is required to apply all of the Company's policies fully and diligently to ensure that the highest standards are maintained.

53 weeks ended 4 February 2007

## Directors' report (continued)

## Disability

The Group gives full and fair consideration to applications for employment made by people with disabilities. Where an employee becomes disabled whilst in employment, every effort will be made to look at appropriate and reasonable adjustments and to offer suitable employment together with assistance in retraining. The Company's policy is to offer equal opportunity to all disabled applicants and employees who have a disability or who become disabled during the course of their employment in respect of recruitment, career development, promotion, training, pay and other employment conditions

# Statement of Directors' responsibilities in respect of the Directors' report and the financial statements

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year Under that law the Directors have elected to prepare the financial statements in accordance with UK Accounting Standards

The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period

In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

KPMG Audit Plc 1 The Embankment Neville Street Leeds LS1 4DW United Kingdom

## Independent auditor's report to the members of Safeway Stores Limited

We have audited the financial statements of Safeway Stores Limited for the 53 weeks ended 4 February 2007 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

## Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities on page 6

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland)

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it

## Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

## Opinion

In our opinion

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the company's affairs as at 4 February 2007 and of its profit for the 53 weeks then ended
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements

## **Accounting policies**

## Basis of preparation

These separate financial statements which have been prepared under the historic cost convention and in accordance with applicable accounting standards under UK GAAP, are presented as required by the Companies Act 1985

The format of the income statement has been changed to that of a functional style. Further details are provided in note 1.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements

The Directors have chosen not to prepare consolidated financial statements for Safeway Stores Limited in accordance with the provisions of section 228 of the Companies Act 1985. The results of the Company are included in the consolidated accounts of Safeway Limited and of Wm Morrison Supermarkets PLC.

Under FRS 8 the Company is exempt from the requirement to disclose related party transactions with the Wm Morrison Supermarkets plc Group on the grounds that it is a wholly owned subsidiary

Under FRS1 the Company is exempt from the requirement to prepare a cash flow statement on the grounds that Wm Morrisons Supermarkets plc includes the Company in its own published consolidated financial statements and these are publicly available

FRS 26 "Financial instruments recognition and measurement" has been applied but does not have any effect

FRS 29 "Financial instruments disclosures" comes into effect next year but has no impact on the Company

## Accounting reference date

The accounting period of the Company ends on the Sunday falling between 29 January and 4 February each year

#### Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods to customers during the period All turnover is to customers based in the United Kingdom

## Income from suppliers

Supplier incentives, rebates and discounts are recognised when all performance criteria have been met. All such payments are offset against cost of goods sold

#### Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases, all other leases are classified as finance leases

a) Finance leases The present value, calculated using the interest rate implicit in the lease, of the future minimum lease payments is included within fixed assets and financial liabilities as an obligation to pay future rentals. Depreciation is provided at the same rates as for owned assets, or over the lease period if shorter.

Rental payments are apportioned between the finance charge and the outstanding obligation so as to produce a constant rate of charge on the remaining balance

## 53 weeks ended 4 February 2007

b) Operating leases Rental payments are taken to the income statement on a straight line basis over the life of the lease. Leases that contain predetermined, fixed rental increases are accounted for such that the predetermined, fixed rental increases are recognised on a straight-line basis over the life of the lease.

Property leases are analysed into separate components for land and buildings and tested to establish whether the components are operating leases or finance leases. Premiums paid for land are treated as a prepayment of an operating lease rental and recognised on a straight line basis over the life of the lease.

## Fixed assets and depreciation

The policy of the Company is to provide depreciation at rates which are calculated to write off the cost less residual value of tangible fixed assets by equal annual instalments. The rates applied are

Freehold land	0%
Freehold and long leasehold buildings	2 5%
Short lease buildings	Over lease period
Plant, equipment and vehicles	15 -33%
Assets under construction	0%

Assets are reviewed for indications of impairment when events or changes in circumstances indicate that their carrying amount may not be recoverable. If there are indications then a test is performed on the unit affected to assess its recoverable amount against carrying value. An asset impaired is written down to the higher of value in use or its fair value less costs to sell

#### Investments

Investments properties are recorded at cost less accumulated depreciation and any recognised impairment loss

Investments are reviewed for indications of impairment when events or changes in circumstances indicate that their carrying amount may not be recoverable. If there are indications then a test is performed on the investment affected to assess its recoverable amount against carrying value. An investment impaired is written down to the higher of value in use or its fair value less costs to sell.

#### Retirement benefits

The Group operates defined benefit and defined contribution schemes. A defined contribution scheme is a pension scheme under which the Company pays fixed contributions into a separate entity. A defined benefit scheme is one that is not a defined contribution scheme. Pension benefits under defined benefit schemes are defined on retirement based on age at date of retirement, years of service and either the employee's final compensation package or career average earnings.

The Company operates a defined benefit retirement scheme which is funded by contributions from the Company and members. The defined benefit scheme is not generally open to new members. Pension scheme assets, which are held in separate trustee administered funds, are valued at market rates. Pension scheme obligations are measured at discounted present value and other assumptions as shown in note 14. The operating and financing costs of the scheme are recognised separately in the profit and loss account in the period in which they arise. Actuarial gains and losses are recognised immediately in the statement of total recognised gains and losses.

## 53 weeks ended 4 February 2007

Payments by the Company to the defined contribution scheme are charged to the profit and loss account as they arise

#### Deferred and current taxation

Current tax payable is based on the taxable profit for the period using tax rates enacted or substantively enacted at the reporting date. Taxable profit differs from the profit as reported in the profit and loss account as it is adjusted both for items that will never be taxable or deductible and temporary timing differences.

Deferred tax is provided in full on timing differences between the accounting and tax cost bases that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date. Deferred tax is calculated based on current tax law and is provided at rates that are expected to apply when the timing differences crystallise. Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

#### Stocks

Stocks are valued at the lower of weighted average cost and net realisable value. Cost comprises purchase price, import duties, rebates and other non-recoverable taxes. Stocks are primarily goods for resale.

#### Investments

Investments in subsidiary undertakings are stated at cost less provision for impairment.

## Capitalisation of interest

The cost of financing property developments prior to their opening date is included in the cost of the project

## Profit and loss account

	· · · · · · · · · · · · · · · · · · ·	
	£m	£m
Supermarket takings	6,373 2	6,293 6
Income from concessions	17 1	16 8
Other tumover	0 9	19
Turnover	6,391 2	6,312 3

#### **Restatement of Income Statement**

The format of the income statement has been changed to that of a functional style that is consistent with the key competitors in the Food and Drug Retail Sector sector. The practice in the Retail sector is to show Cost of Sales and a subtotal of Gross Profit The cost of operating Morrisons integrated manufacturing businesses are considered as part of the cost of sales of the retail business and have been incorporated within the Cost of Sales in this new format. The impact of this change is that

- Operating profit remains unchanged
- Raw materials are subsumed into cost of sales
- Staff costs, impairment and depreciation split between cost of sales and administrative expenses as appropriate

## 2. Staff numbers and costs

The average number of persons employed by the Company during the period was as follows

Number	of	employees
--------	----	-----------

	2007	2006
Full time	21,470	30,248
Part time	35,228	45,562
	56,698	75,810

The aggregate payroll costs of these persons were as follows

53 weeks ended 52 weeks ended 4 February 2007 29 January 2006

	£m	£m
Wages and salaries	574 3	759 5
Social security costs	39 8	51 4
Redundancy costs (note 3)	-	75 5
Other pension costs	23 8	34 6
	637 9	921 0

During the period no emoluments of the Directors have been allocated to Safeway Stores Limited Details of the emoluments and accrued benefits under defined benefit pension schemes that the Directors received for the 53 week period to 4 February 2007 from its ultimate parent company Wm Morrison Supermarkets PLC are disclosed in those accounts

## 53 weeks ended 4 February 2007

## 3. Exceptional items

**53 weeks ended** 52 weeks ended **4 February 2007** 29 January 2006

	£m	£m
Operating exceptional items		
Redundancy costs (included in cost of sales)	-	75 5
Other payroll costs (included in cost of sales)	-	10 6
Divestment costs (included in cost of sales)	-	11 0
Store conversion costs (included in cost of sales)	-	136 4
Impairment of fixtures and fittings (included in administration expenses)	-	127 6
Impairment of stores and depots to be closed (included in administration		
expenses)	-	42 8
	-	403 9

The current period profit on divestment of assets of £29 5m (2006 £38 6m) relates to 14 smaller stores and other administration and distribution property no longer required to support the business as part of the enlarged Morrisons Group

The prior year's exceptional items relate to the 219 stores converted from the Safeway format to Morrisons, 256 stores (including 30 joint venture properties with BP) were disposed of and a number of administration and distribution functions either closed or merged. The resulting costs, and profits and losses on disposal of properties, are included with integration costs. Any impact on trading is included within operating profit.

## 4. Net finance income

**53 weeks ended** 52 weeks ended **4 February 2007** 29 January 2006

	4 February 2007	29 January 2006
	£m	£m

Hire charges under operating leases		
- Plant and equipment	2.4	4 4
- Property	23.8	47 8
Auditors' remuneration	0.1	0 1

Fees paid to the auditors in relation to non-audit services were borne by the Morrisons Group

## 6. Taxation

Analysis of charge in period

	53 weeks ended 52 weeks ended 4 February 2007 29 January 2006	
	£m	£m
Current taxation	1	
UK corporation tax at 30% (2006 30%)	6 4	-
Adjustment in respect of prior periods	0 1	35
	6 5	3 5
Deferred taxation		
Origination / reversal of timing differences	27 8	(61 9)
Adjustment in respect of prior periods	(31 0)	(6 0)
	(3 2)	(69 9)
	33	(64 4)

The deferred tax credit (excluding the movement reflected in the STRGL) includes a charge of £16 0m (2006 credit of £10 9m) relating to the movement on the pension deferred tax asset The pension deferred tax asset is deducted from the net pension liability on the balance sheet

On the 21st March it was announced that the rate of corporation tax will be changing from 30% to 28% The calculations in the statutory account accounts are based on the rates applicable at the balance sheet date and does not reflect the change in tax rate which is anticipated to become effective as of 1 April 2008 as it is not yet considered to be substantively enacted. The impact of the change of the corporation tax rate is anticipated to be an increase of £15 6m in the deferred tax credit in these financial statements

## 53 weeks ended 4 February 2007

The current taxation charge differs from the standard rate of UK corporation tax due to the following factors

		As restated	
		52 weeks ended 29 January 2006	
	£m	£m	
Profit /(loss) before tax	247 5	(485 2)	
Tax on loss on ordinary activities at 30 % (2006 30%)	74 3	(145 5)	
Expenses not deductible for tax purposes	10 8	55 4	
Non-qualifying (profit)/loss on disposals	(16 7)	(53 4)	
Capitalised interest	(0 5)	(1 3)	
Dividend income not taxed	(33 7)	-	
Group relief not paid for	-	85 9	
Short term timing differences	(27 8)	58 9	
Adjustments to tax charge in respect of previous periods	01	3 5	
Resulting current tax charge for the period	6.5	35

## 14. Pension scheme

#### Defined benefit scheme

The Company operates a pension scheme providing benefits based on final pensionable pay. The assets of the scheme are held in a separate trustee administered fund. The latest full actuarial valuation was carried out at 1 April 2004 and was updated for FRS 17 purposes to 4 February 2007 and 29 January 2006 by a qualified independent actuary.

## **Assumptions**

The major assumptions used in this valuation to determine the present value of the scheme's liabilities were as follows

	2007	2006	2005
Rate of increase in salaries	4 25%	4 25%	4 25 – 5 25%
Rate of increase in pensions in deferred pensions	3 20%	3 00%	3 00%
Discount rate applied to scheme liabilities	5 00%	4 75%	5 25%
Inflation assumption	3 20%	3 00%	3 00%

Assumptions regarding future mortality experience are set based on advice in accordance with published statistics. The current mortality table used is PA92 C2020.

The major assumptions used to determine the expected future return on the scheme's assets, were as follows

Scheme assets long term rate of return	2007	2006	2005
Equities	7 00%	7 00%	7 00%
Bonds	5 00%	4 25%	5 00%
Property	6 00%	7 00%	7 00%
Cash	5 25%	4 50%	4 75%

#### **Valuations**

The fair value of the schemes assets, which are not intended to be realised in the short term and may be subject to significant change before they are realised, and the present value of the scheme's liabilities which are derived from cash flow projections over long periods and are inherently uncertain, were as follows

	2007 £m	2006 £m	2005 £m
Equities	922 2	940 8	754 1
Bonds	178 3	<b>1</b> 77 1	152 4
Property	225 1	53 3	12 5
Cash	84 3	61 4	71 7
Total market value of assets	1,409 9	1,232 6	990 7
Present value of scheme liabilities	(1,539 3)	(1,542 4)	(1,295 1)
Deficit in the scheme - pension liability	(129 4)	(309 8)	(304 4)
Related deferred tax asset	38 8	92 9	91 3
Net pension liability	(90 6)	(216 9)	(213 1)

The movement in the deficit during the period was as follows

Closing shareholders' funds	840 3	507 2

## 18 Prior year adjustment

The Profit and loss account was restated for 2006 due to the fact that in previous years, a fellow group company (Safeway Stores (Card Services) Limited) accounted for revenues and costs in relation to card handling services associated with retail sales made by Safeway Stores Limited The contract law position regarding such arrangements was clarified by a legal case – Debenhams Retail PLC v Revenue and Customs Commissioners, which examined a similar arrangement. The Directors have reconsidered the accounting treatment previously adopted by the Company in light of this clarification and have concluded that it is more appropriate for the Company to record these revenues and costs, rather than Safeway Stores (Card Services) Limited, on the basis that the transactions are for the account of Safeway Stores Limited. The revised accounting treatment has been adopted in these accounts and the adjusted figures for 2006 have been restated accordingly.

The effect of this prior year adjustment is to increase the net assets of the Company as at 29 January 2006 to £507 2m (£287 4m previously stated) The impact on the profit and loss account is as follows

	As previously stated £m	Restatement £m	As restated £m
Tumover	6,286 5	25 8	6,312 3
Administration expenses	(177 8)	(6 5)	(184.3)
Operating loss post exceptional items	(561 1)	193	(541 7)
Loss for the period	(440 1)	19 3	(420 8)

## 53 weeks ended 4 February 2007
