## Financial Reporting Standard 102 (FRS 102)

The company has complied with Financial Reporting Standard 102 (FRS 102) during the year.

#### Strategic Report for the year ended 31 December 2019 (continued)

#### Section 172(1) Statement - Directors' responsibilities to stakeholders

#### Stakeholders

The Directors of the Company have acted in accordance with their duties codified in law. In particular, the Directors have acted in the way in which they consider, in good faith, would most likely promote the success of the Company for the benefit of its members as a whole, and in doing so have had regard to the stakeholders and (amongst other matters) to the matters set out in Section 172(1) of the Companies Act 2006.

The Company's ultimate parent company is The Interpublic Group of Companies. Inc. ("IPG") and the Company and all companies within the global IPG group comply with the policies and procedures issued by IPG. This ensures that the companies in the group, including the Company, promote a consistent culture globally that aligns with all key areas of the group policies and procedures, including ensuring that minimum standards and values are adhered to during the financial year in relation to supplier management and outsourcing, customer and business conduct, human resources and the environment.

The following is the Section 172 Statement of the Company and describes how the Directors have had regard to the matters set out in Section 172(1)(a) to (f) of the Companies Act 2006 in exercising their duty to promote the success of the Company for the benefit of its members as a whole.

#### Having regard to the likely consequences of any decision in the long term - s172(1)(a)

The Company, as a strategic media planning and buying agency, relies on the trusting and positive engagement it has with its stakeholders to ensure it operates sustainably in the long term.

The Directors have made decisions and set strategy to ensure that the Company continues to direct its available capital and resources to areas within the business that will produce sustainable profits for shareholders.

Additionally, Throughout the year, the Directors undertake a number of stakeholder engagement activities, which provides them with a better understanding of the views and interests of stakeholders.

Examples of such stakeholder engagements include, monthly Executive Leadership Team meetings covering key agenda points such as regular updates on the company's commercial management and financial metric tracking, our people and staff training and development objectives, client engagement and measurement of latest client rating scores. All of these business management items are underpinned by our objective to improvement across staff Diversity and Inclusivity measures. Under our ultimate parent company, IPG, the company also engages in comprehensive annual budgeting and flexed forecasting process operates throughout each year where the Directors are required to justify key decisions made and held accountable for the both financial and non-financial results of the Company by the parent company stakeholders.

#### Having regard to the interests of the Company's employees - s172(1)(b)

The Company takes pride in its reputation for creativity, high moral and ethical standards and adherence to sound and equitable business ethics. The Directors ensure that the Company strives at all times to promote an inclusive work environment that fosters creativity, encourages collaboration and promotes growth. As such, we aim to treat all of our colleagues with fairness, dignity and respect.

For example, the Directors oversee the annual training for all employees on the content of the Employee Code of Conduct issued by IPG. The Employee Code of Conduct sets expectations for a work environment that embodies respect and dignity for all employees and provides for, amongst other things, anti-harassment and anti-discrimination policies and procedures for the receipt of anonymous complaints or concerns from employees. The Employee Code of Conduct can be found on IPG's website at https://www.interpublic.com/about/corporate-governance/.

Furthermore, an extensive training library and schedule of training activities and programs are driven by the companies Training and Development Leadership personnel, in full support of the Directors. These programs and materials are made available to employees to ensure a continuous development approach to learning across the Company. Training for company staff incorporates both bespoke internally produced modules as well as industry-focused programs managed by reputable training providers and independent industry bodies.

#### Strategic Report for the year ended 31 December 2019 (continued)

#### Diversity

IPG is continually forging a culture of diversity and inclusion, including establishing the industry's first office of global diversity and inclusion, which reports directly to IPG's Chairman and CEO.

For 10 years, IPG has repeatedly received a perfect score of 100 percent on the Human Rights Campaign Corporate Equality Index (CEI), which is a measure of inclusive benefits, policies, and activities that support LGBTQ+ employees.

Consistent with the standards and values of the global IPG group, the Directors recognise the value diversity brings to a company, by building on and embracing the different talents and strengths of each employee. The Directors have fostered a collaborative environment that encourages growth and integrity.

The Company is committed to this important initiative and, with the full support of our global office, most recently held a 'Day of Solidarity' which saw the organisation pause all business activity for a day and make the time available for employees to consider how diversity and inclusion can be further improved across the business whilst also taking a stand with everyone who is working towards a society where there is justice and equality for all. Action points arising from the day's activity were taken and are actively being followed through by management. Directors and members of our Executive Leadership Team (management board) continue to be committed to wide ranging improvements in Diversity and Inclusion measures.

# Having regard to the need to foster the Company's business relationships with suppliers, customers and others - s172(1)(c)

#### Suppliers

The Directors seek to balance the benefits of maintaining strong relationships with a diverse range of key suppliers, in conjunction with ensuring the need to obtain value for money for our investors and proving a high quality of service to customers. The Company seeks out suppliers, consultants, freelancers and other business partners that share the Company's values and ethical standards and those of IPG.

The Company understands that suppliers are independent entities, but the business practices and actions of a supplier may significantly impact and/or reflect upon us, our reputation and our brands, which is one of our most important assets. Because of this, IPG and the Company expect all suppliers and their employees, agents and subcontractors (their representatives) to adhere to The IPG Supplier Code of Conduct while they are conducting business with and/or on behalf of IPG or its affiliates.

The IPG Supplier Code of Conduct can be found on IPG's website at https://www.interpublic.com/wp-content/uploads/2019/07/SPP382SupplierCodeofConduct.pdf.

#### Customers

The Company works with its clients and customers to ensure that the marketing communications programs designed for them are most efficiently and effectively moving their businesses forward. In order to ensure that the Company's clients are successful and that the Company maintains its competitive positioning in the marketplace, the Company always makes certain that its business is aligned with clients' changing needs and the ever-changing consumer landscape. Ours is a talent business and, to serve our clients in the best way possible, the Company must recruit and retain top talent.

Throughout the year, the Company undertakes quarterly client satisfaction surveys in the form of a detailed Net Promotor score ranking as managed by an independently recognised third party consultant, The Referral Rating Company (TRR). The Company is acutely aware that the success of our business is largely dependent on the breath and quality of our client relationships and our quarterly TRR results are tracked and reported on (by client) to Directors and our Global office.

The Company established 'Green Team' four years ago who are tasked with looking at ways to increase the Company's sustainability and reduce its environmental impact, from changing the containers in the onsite cafeteria to be more environmentally friendly to looking at the impact of our forthcoming office move in 2021. The Company is also involved in pro-bono work for local initiatives allowing staff up to three days paid leave to donate time to working for a charity, and raises money for a charities voted on by all staff.

#### Strategic Report for the year ended 31 December 2019 (continued)

#### Having regard the impact of the Company's operations on the community and the environment - s172(1)(d)

IPG believes that the Company and its employees can contribute to global sustainability by making smarter choices in how we conduct business. IPG is committed to operating as sustainably as possible, and in a way that is in sync with the long-term health of our environment. IPG and its global companies are dedicated to three core principles of purpose: we use our expertise as marketers to make a difference in communities locally and around the World; we take care of and invest in our people; and we ensure a fair governance structure at the Company. This policy not only serves to reduce our impact on the environment, but can also lead to cost savings, help us align with our clients' expectations, and demonstrate our responsibility to other important stakeholders by tracking our progress.

IPG has been promoted to a number of sustainability indices (S&P 500 ESG and the S&P Global 1200 index's) for the work it has carried out in promoting sustainability within the group. Additionally, IPG is committed to advancing the United Nations Sustainable Development Goals (SDGs). IPG has adopted SDG 6 access to water and sanitation as part of its role in Common Ground, the initiative that brings together the largest holding companies in the advertising and marketing sector in support of the SDGs.

As part of the global IPG group, the Company complies with a published Sustainability and Environmental Impact Policy which can be found on IPG's website at

https://www.interpublic.com/wp-content/uploads/2019/07/SPP-121-Sustainability-Environmental-Impact.pdf.

This policy serves to establish best practices in which individual employees as well as the Company as a whole can reduce our impact on the environment.

# Having regard to the desirability of the Company maintaining a reputation for high standards of business conduct - s172(1)(e)

The Company's business is based on relationships and trust with all of its stakeholders, including customers, clients and suppliers. Maintaining an excellent reputation is important to the success of the Company and its stakeholders. To ensure the best and most honest relationships with all of our stakeholders, the Company operates with integrity and transparency in all of its interactions. The Employee Code of Conduct and the Supplier Code of Conduct form the foundation of how the Company does business on a day-to-day basis. As stated above, the Directors oversee the annual employee training on the Employee Code of Conduct.

The Directors ensure that the Company adheres to the policies and programs developed and implemented by IPG. This ensures we are accountable to all of our stakeholders—investors, clients, employees and customers. In addition to the Employee Code of Conduct and Supplier Code of Conduct, IPG also has, an Anti-Harassment and Equal Employment Policy and an Anti-Corruption Policy, both of which can be found on IPG's website at https://www.interpublic.com/about/corporate-governance/.

#### Having regard to the need to act fairly as between members of the Company - s172(1)(f)

The Company is ultimately 100% owned and controlled by IPG. The Company has only one class of shares, so all shareholders benefit from the same rights, as set out in the Company's articles of association and the Companies Act 2006. The Directors recognise their legal and regulatory duties, including under the EU Market Abuse Regulation, and do not take actions that would provide any shareholder or group of shareholders with any unfair advantage or position compared to the shareholders as a whole.

# Principal risks and uncertainties

From the perspective of the Company, the principal risks and uncertainties are integrated with the principal risks of The Interpublic Group of Companies, Inc. and are not managed separately. These risks are discussed in The Interpublic Group of Companies, Inc. annual financial statements for the year ended 31 December 2019, which does not form part of this report. Copies of The Interpublic Group of Companies, Inc. consolidated financial statements can be obtained from:

The Interpublic Group of Companies. Inc. 909 Third Avenue
New York, NY 10022, USA

# Strategic Report for the year ended 31 December 2019 (continued)

# Strategy and future developments

The Company continues to invest in staff and appropriate training. In addition, the Company strives to develop value-adding diversified specialisms to enhance the services provided to clients. Identifying new growth opportunities to satisfy the needs of both existing and new clients together with effective cost management will continue to be the focus for the directors.

On behalf of the Board

# Directors' Report for the year ended 31 December 2019

The directors present their report and financial statements of Mediabrands Limited (the "Company") registered number 773961 for the year ended 31 December 2019.

#### **Future developments**

Future developments, strategy and key performance indicators are discussed in the strategic report.

#### Dividends

The Directors did not recommend the payment of a dividend during the year (2018: £4.000,000).

#### Objectives and policies

The Company's operations expose it to a variety of financial risks. These include the credit risk, the liquidity risk associated with recovering customer debt on a timely basis, and the interest rate cash flow risk. The Company has in place a risk management programme that seeks to minimise the potential adverse effects on the financial performance of the Company by monitoring customer debt levels and the related financial risks to the business.

The Company follows the standard policy and procedures (SP&P) manual provided by The Interpublic Group of Companies, Inc., which sets out specific guidelines to manage credit and liquidity risks. Interest rate cash flow risk is managed by The Interpublic Group of Companies, Inc..

#### Financial risk management

The Company's operations expose it to a variety of financial risks that include the effects of changes in debt market prices, credit risk, liquidity risk and interest rate risk. The Company has in place a risk management programme that seeks to limit the adverse effects on the financial performance of the Company by monitoring levels of debt finance and the related finance costs.

Given the size of the Company, the directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The policies set by the board of directors are implemented by the Company's finance department. The department follows the policy and procedures manual provided by The Interpublic Group of Companies, Inc. that sets out specific guidelines to manage credit and liquidity risks. Interest rate cash flow risk is managed by The Interpublic Group of Companies, Inc.

#### Credit risk

The Company has implemented policies to monitor customer debt levels and to ensure that excessive credit is not extended to any particular customer. This provides the business with visibility of balances and ensures that no further credit is extended in cases where this is not merited. The maximum exposure to credit risk at 31 December 2019 was mainly as follows: trade debtors £113,448,000, amounts owed by group undertakings £87,699,000, other debtors £2,370,000, prepayment and accrued income £4,811,000 and debtors due after more than one year £nil (2018: £79,648,000, £14.560,000, £445,000, £3,984,000, £nil respectively).

Credit given to other Group companies is also monitored and credit is extended where it is merited. Group debts are collected on the same basis as non-Group debts.

The Company also attempts to minimize credit exposure to cash investments. Cash investments are placed with high-quality financial institutions with limited exposure to any one institution.

#### Liquidity risk

The Company's customer profile is such that late payments and defaults may reduce the funds available for operations and planned expansions. The Company manages this risk by engaging external collection agencies where required.

#### Political donations

The Company made no political donations in 2019 (2018: £nil).

#### Directors' Report for the year ended 31 December 2019 (continued)

#### Branches outside the UK

The Company has branches in the following countries:

Ireland

#### Disabled employee note

The Company is committed to employment policies which follow best practice based on equal opportunities for all employees. irrespective of sex, race, colour, disability or marital status. The Company gives full and fair consideration to applications for employment from disabled persons, having regard to their particular aptitudes and abilities. Appropriate arrangements are made for the continued employment and training, career development and promotion of disabled persons employed by the Company. If members of staff become disabled the Company continues employment, either in the same or an alternative position, with appropriate retraining being given if necessary.

#### **Employee involvement**

The Company systematically provides employees with information on matters of concern to them, consulting them or their representatives regularly, so that their views can be taken into account when making decisions that are likely to affect their interests. Employee involvement in the Company is encouraged, as achieving a common awareness on the part of all employees of the financial and economic factors affecting the Company plays a major role in maintaining its future success.

#### **Directors**

The directors who held office during the year and up to the date of signing the financial statements are given below.

lan Andrew Courts
Warwick Lee Smith
Daniel James Tedesco

#### Directors' indemnities

As permitted by the Articles of Association, the Directors have the benefit of an indemnity which is a qualifying third party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force. The Company also purchased and maintained throughout the financial year Directors' and Officers' liability insurance in respect of itself and its Directors.

#### Events post statement of financial position

Since 31 December 2019, COVID-19 has been declared as a pandemic. The Company has determined that, in line with Section 32 of FRS102, this is a non-adjusting event after the end of the reporting period.

## Directors' Report for the year ended 31 December 2019 (continued)

#### Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have prepared the Company's financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102, The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102).

Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company, and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards, including FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify its shareholders in writing about the use of disclosure exemptions, if any, of FRS 102 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will
  continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors acknowledge their responsibilities for:

- ensuring that the Company keeps adequate accounting records which comply with section 386 of the Companies Act 2006;
- preparing financial statements which give a true and fair view of the state of the affairs of the Company at 31 December 2019 and its profit or loss for the year then ended in accordance with the requirement of section 394 of the Companies Act 2006, and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements so far as applicable to the Company;
- the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### **Audit exemption**

Advantage has been taken of the audit exemption available for subsidiary companies conferred by section 479A of the Companies Act 2006 on the grounds:

- a) that for the year ended 31 December 2019 the Company was entitled to the exemption from a statutory audit under section 479A of the Companies Act 2006 relating to subsidiary companies; and
- that no notice has been deposited under section 476 of the Companies Act 2006 in relation to the financial statements for the financial year.

On behalf of the Board

# Notes to the financial statements for the year ended 31 December 2019

#### 1 General information

The Company's principal activity during the year was that of media planning and buying specialists carried out mainly in the United Kingdom and in Ireland.

The Company is a private company limited by shares and is incorporated and domiciled in England and Wales. The address of its registered office is 3 Grosvenor Gardens, London UK, SW1W 0BD.

#### 2 Statement of compliance

The individual financial statements of the Company have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102. "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

# 3 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The Company has adopted FRS 102 in these financial statements.

#### a) Basis of preparation

These financial statements are prepared under the historical cost convention. The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies.

#### b) Going concern

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The Company therefore continues to adopt the going concern basis in preparing its financial statements.

# c) Exemptions for qualifying entities under FRS 102

As a qualifying entity, the Company has taken advantage of the exemption, under FRS 102 paragraph 1.12(b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its intermediate parent company, IPG Holdings (UK) Limited, includes the Company's cash flows in its own consolidated financial statements.

The Company has also taken advantage of the exemption, under FRS 102 paragraph 1.12(c) to the disclosure requirements of FRS 102 section 11 Basic Financial Instruments paragraphs 11.39 to 11.48A, and FRS 102 section 12 Other Financial Instrument Issues, paragraphs 12.26 to 12.29A, on the basis that it is a qualifying entity and the consolidated accounts of IPG Holdings (UK) Limited include the equivalent disclosures.

#### d) Consolidated financial statements

The Company is a wholly owned subsidiary of Mediabrands EMEA Limited and of its ultimate parent, The Interpublic Group of Companies, Inc. and its results are included in the consolidated financial statements of The Interpublic Group of Companies, Inc. which are publicly available. The directors have therefore concluded that the Company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements. These financial statements are the Company's separate financial statements.

# Notes to the financial statements for the year ended 31 December 2019 (continued)

# 3 Summary of significant accounting policies (continued)

#### e) Revenue recognition

The Company's revenues are primarily derived from the planning and execution of multi-channel advertising, marketing and communications programs in the United Kingdom and the rest of Europe. Revenues are directly dependent upon the advertising, marketing and corporate communications requirements of existing clients and the Company's ability to win new clients. Revenue is typically lowest in the first quarter and highest in the fourth quarter. Most client contracts are individually negotiated and, accordingly, the terms of client engagements and the bases on which the Company earn commissions and fees vary significantly. As is customary in the industry, contracts generally provide for termination by either party on relatively short notice, usually 90 days.

Client contracts are complex arrangements that may include provisions for incentive compensation and vendor rebates and credits. The Company's largest clients are multinational entities and, as such, the Company provide services to these clients out of multiple offices and across many of our agencies within the Group or with related companies. In arranging for such services, it is possible that the Company enters into global, regional and local agreements. Agreements of this nature are reviewed by The Interpublic Group of Companies, Inc. Corporate legal counsel to determine the governing terms to be followed by the offices and agencies involved.

Revenue for our services is recognised when all of the following criteria are satisfied: (i) persuasive evidence of an arrangement exists; (ii) the price is fixed or determinable; (iii) collectability is reasonably assured, and (iv) services have been performed. Depending on the terms of a client contract, fees for services performed can be recognised in three principal ways: proportional performance (input or output), straight-line (or monthly basis) or completed contract.

Fees are recognised in accordance with contractual terms, which may be either:

- Proportional performance: revenue recognition in situations where our fee is linked to the actual hours incurred to service the client as detailed in a contractual staffing plan, where the fee is earned on a per hour basis or where actual hours incurred are provided to the client on a periodic basis (whether or not the fee is reconcilable), with the amount of revenue recognised in these situations limited to the amount realisable under the client contract.
- Straight-line, fees are recognised on a straight-line or monthly basis when service is provided essentially on a pro-rata basis and the terms of the contract support monthly basis accounting.
- Commission: earned on the sale of media space are recognised at the date of publication or broadcast.

Certain fees (such as for major marketing events) are deferred until contract completion if the final act is so significant in relation to the service transaction taken as a whole or if any of the terms of the contract do not otherwise qualify for proportional performance or monthly basis recognition. Fees may also be deferred and recognised upon delivery of a project if the terms of the client contract identify individual discrete projects.

We receive credits from our vendors and media outlets for transactions entered into on behalf of our clients that, based on the terms of

our contracts and local law are either remitted to our clients or retained by us. If amounts are to be passed through to clients, they are recorded as liabilities as a provision until settlement or, if retained by us, are recorded as revenue when earned.

#### f) Interest income

Interest income is recognised using the effective interest rate method

# Notes to the financial statements for the year ended 31 December 2019 (continued)

# 3 Summary of significant accounting policies (continued)

#### g) Employee benefits

The Company provides a range of benefits to employees, including annual bonus arrangements, paid holiday arrangements and defined benefit and defined contribution pension plans.

#### Short term benefits

Short term benefits, including holiday pay and other similar non-monetary benefits, are recognised as an expense in the period in which the service is received.

#### Pension costs

The Company operates a defined contribution pension scheme. The assets of the scheme are held separately from the Company in an independently administered fund. The pension cost charge disclosed in note 24 represents contributions payable by the Company to the fund.

Contributions payable in respect of employees' personal pension plans are expensed in the statement of comprehensive income as they are incurred.

The Company is a member of the Interpublic Pension Plan. a defined benefit scheme. The Company has adopted the reporting requirements of FRS 102 and is unable to identify its share of the pension scheme assets and liabilities and also its share of the defined benefit costs of the Group scheme. The Company accounts for its contributions as if they were to a defined contribution pension scheme. Contributions are charged to the statement of comprehensive income in the year to which they relate.

Under FRS 102, the deficit of the defined benefit plan should be recognised in the financial statements of the group entity that is legally sponsoring employer for the plan. Accordingly, the deficit is reported in the financial statements of Interpublic Limited, the sponsoring employer of the Interpublic Pension Plan.

#### Annual bonus plan

The Company operates an annual bonus plan for some employees. An expense is recognised in the statement of comprehensive income when the Company has a legal or constructive obligation to make payments under the plan as a result of past events and a reliable estimate of the obligation can be made.

#### h) Foreign currencies

The Company's functional and presentation currency is pound sterling. Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences arising from the revaluation of foreign currency assets and liabilities are taken to the statement of comprehensive income during the year to which they relate.

#### i) Borrowing costs

All borrowing costs are recognised in the statement of comprehensive income in the period in which they are incurred.

#### j) Leases

Rentals applicable to operating leases, where substantially all of the benefits and risks of membership remain with the lessor, are charged to the statement of comprehensive income on a straight line basis over the term of the lease.

#### k) Lease incentives

Incentives received to enter into an operating lease are credited to the statement of comprehensive income, to reduce the lease expense, on a straight-line basis over the period of the lease.

#### I) Exceptional items

Exceptional items comprise those that are by their nature, large unusual non-recurring and are shown separately in the statement of comprehensive income.

#### Notes to the financial statements for the year ended 31 December 2019 (continued)

#### 3 Summary of significant accounting policies (continued)

#### m) Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current and deferred taxation assets and liabilities are not discounted.

Corporation tax payable is provided on taxable profits and is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the year end.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date, where transactions or events that result in an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred at the statement of financial position date. Timing differences are differences between a company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as probable that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates and laws that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been enacted or substantively enacted by the statement of financial position date. Deferred tax is measured on a non-discounted basis in line with FRS 102.

#### n) Intangible assets

Intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses. Amortisation is calculated, using the straight-line method, to allocate the depreciable amount of the assets to their residual values over their estimated useful lives.

Goodwill 10 years

FRS 102 amendments - The Company is unable to accurately measure its intangible assets useful life and has therefore applied the available legislation under July 2015 FRS 102 amendments and is amortising its intangible assets over 10 years.

An impairment review is undertaken at the end of the first financial year of an acquisition and thereafter at each reporting date where events or changes in circumstances indicate that a review is necessary.

#### o) Tangible assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is calculated to write off the cost of the assets evenly over their expected useful lives as follows:

Freehold land and buildings

Equipment, fixtures & fittings

Plant & machinery

Asset retirement obligation

Long leasehold and leasehold improvements

Long leasehold and leasehold improvements

Lesser of 10 years or the remaining life of the lease
Lesser of 10 years or the remaining life of the lease

Computer hardware and software 3-4 years

The assets' useful lives are reviewed, and adjusted, if appropriate, at the end of each reporting period. The effect of any change is accounted for prospectively.

Subsequent costs, including major inspections, are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that economic benefits associated with the item will flow to the Company and the cost can be measured reliably.

Repairs, maintenance and minor inspection costs are expensed as incurred.

# Notes to the financial statements for the year ended 31 December 2019 (continued)

#### 3 Summary of significant accounting policies (continued)

#### o) Tangible assets (continued)

The fair value of estimated asset retirement obligations is recognised in the statement of financial position when identified and a reasonable estimate of fair value can be made. The fair value is determined based on the net present value of the estimated costs which include those legal obligations where the Company will be required to return the properties to their original condition. The asset retirement costs, equal to the estimated fair value of the asset retirement obligation is capitalised as part of the cost of the related long lived asset. Asset retirement costs are amortised over the life of the lease.

Amortisation of asset retirement costs is included in depreciation of fixed assets. Increases in the provision of asset retirement obligation resulting from the passage of time are recorded as interest expense in the statement of comprehensive income. Actual expenditures incurred are charged against the accumulated provision.

#### p) Investments

Investments in subsidiaries are held at cost less accumulated impairment losses.

The Company makes an estimate of the recoverable value of its investments in subsidiaries. When assessing the potential impairment of investments, management considers factors including whether there has been a triggering event that requires an impairment test to be carried out.

#### q) Impairment of non-financial assets

At each statement of financial position date non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset (or asset's cash generating unit) may be impaired. If there is such an indication the recoverable amount of the asset (or asset's cash generating unit) is compared to the carrying amount of the asset (or asset's cash generating unit).

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the profit and loss account, unless the asset has been revalued when the amount is recognised in other comprehensive income to the extent of any previously recognised revaluation. Thereafter any excess is recognised in profit or loss.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the statement of comprehensive income.

#### r) Work in progress

Work in progress comprises external charges for goods and services incurred on behalf of clients which have still to be invoiced to clients. Work in progress is stated at the lower of cost or net realisable value. The Company assesses annually at the reporting date if any impairment is required and recognises any impairment loss to the statement of comprehensive income.

#### s) Financial instruments

The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

#### (i) Financial assets

Basic financial assets, including debtors and cash at bank and in hand balances are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the statement of comprehensive income.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the statement of comprehensive income.

Other financial assets, including equity investments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party, or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

#### Notes to the financial statements for the year ended 31 December 2019 (continued)

# 3 Summary of significant accounting policies (continued)

#### s) Financial instruments (continued)

#### (ii) Financial liabilities

Basic financial liabilities, including creditors and other payables, loans from fellow group companies are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as creditors: amounts falling due over one year. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

#### t) Cash and cash equivalents

Cash and cash equivalents includes cash at bank and in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank loans and overdrafts, when applicable, are shown within borrowings in current liabilities.

#### u) Deferred income

Deferred income represents revenue invoiced in advance of services that have not yet been rendered to clients.

#### v) Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; if it is probable that an outflow of resources will be required to settle the obligation; and the amount of the obligation can be estimated reliably.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provision is not made for future operating losses.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a finance cost.

#### w) Called up share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### x) Distributions to equity holders

Dividends and other distributions to the Group's shareholders are recognised as a liability in the financial statements in the period in which the dividends and other distributions are approved by the shareholders. These amounts are recognised in the statement of changes in equity.

# Notes to the financial statements for the year ended 31 December 2019 (continued)

# 3 Summary of significant accounting policies (continued)

#### y) Related party disclosures

The Company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned.

#### z) Incentive compensation plans

Compensation costs related to share-based transactions, including employee stock options, are recognised in the financial statements based on fair value. Stock-based compensation expense is generally recognised over the requisite service period based on the estimated grant-date fair value. Cash settled share based payments are measured at fair value at the statement of financial position date and are included in creditors.

The movement in cumulative expense since the previous statement of financial position date is recognised in the statement of comprehensive income, with a corresponding entry in creditors.

Cash awards are generally granted on an annual basis and have a service period vesting condition and generally vest in three years. Cash awards do not fall within the scope of share based payments as they are not paid in equity and the value of the award is not correlated with The Interpublic Group of Companies, Inc. share price. The present value of the amount expected to vest for cash awards and performance cash awards over the vesting period is amortised using the straight-line method in the statement of comprehensive income.

#### aa) Netting off policy

Balances with other companies in The Interpublic Group of Companies, Inc. are stated gross, unless all of the following conditions are met:

- (i) The Company and the counterparty owe each other determinable monetary amounts, denominated either in the same currency, or in different but free convertible currencies:
- (ii) The Company has the ability to insist on a net settlement; and
- (iii) The Company's ability to insist on a net settlement is assured beyond doubt. For this to be the case it is necessary that the debit balance mature no later than the credit balance. It is also necessary that the Company's ability to insist on a net settlement would survive the insolvency of the counterparty.

#### 4 Critical accounting estimates and assumptions

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### (a) Critical judgements in applying the entity's accounting policies

# Group defined benefit pension scheme

The Company does not have sufficient information on the plan assets and liabilities to be able to reliably account for its share of the defined benefit costs, defined benefit plan liabilities and plan assets and therefore accounts for the scheme as a defined contribution scheme. Please refer to note 24.

#### (b) Critical accounting estimates and assumptions

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

# Notes to the financial statements for the year ended 31 December 2019 (continued)

# 4 Critical accounting estimates and assumptions (continued)

(i) Useful economic lives of tangible assets (note 3o)

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets. See note 14 for the carrying amount of the property plant and equipment, and note 30 for the useful economic lives for each class of assets.

(ii) Useful economic lives of goodwill (note 3n)

The annual amortisation charge for goodwill is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. The useful economic life of the assets are amended when necessary to reflect current estimates, based on historic and expected future performance of the asset. See note 13 for the carrying amount of the intangible assets.

#### 5 Turnover

	2019 £000's	2018 £000's
Turnover by origin		
Rest of Europe	382,594	330,209
	382,594	330,209

Europe is the only classification shown. The directors believe it would be prejudicial to the Company to show a further breakdown. All revenue arose from a single class of business.

Total deferred taxation	73	18
Tax on profit	1,171	1,166

# Factors affecting the tax charge for the year

The tax assessed for the year is lower (2018: lower) than the standard rate of corporation tax in the UK of 19.00% (2018: 19.00%). The difference is explained below:

2019	2018
£000's	£000's
78,344	7,152
14,885	1,359
105	88
(12,918)	-
(810)	(250)
-	1
(87)	(29)
(4)	(3)
1,171	1,166
	14,885 105 (12,918) (810) (87) (4)

A reduction in the rate of UK corporation tax from 19% to 17% from 1 April 2020 has been substantively enacted. However, this was subsequently reversed in March 2020.

At 31 December 2019 there were unused trading losses and non-trading deficits of £nil (2018: £nil) that are available indefinitely for offset against the Company's future taxable profits, and capital losses of £nil (2018: £nil) that are available for offset indefinitely against the Company's future capital gains.

# 16 Debtors

# Debtors: amounts falling due within one year

	2019 £000's	2018 £000's
Trade debtors Amounts owed by group undertakings Other debtors Prepayments and accrued income Deferred taxation (see below)	113,448 87,699 2,370 4,811 370	79,648 14,560 445 3,984 443
	208,698	99,080
Deferred taxation		
	2019 £000's	2018 £000's
Accelerated capital allowances Other short term timing differences	285 85	370 73
Total deferred tax asset	370	443
The movement in the deferred taxation balance can be summarised as follows:		
		£000's
At 1 January 2019 Charged to statement of comprehensive income		443 (73)
At 31 December 2019	=	370

The amount of the net reversal of deferred tax expected to occur in 2020 is £33,000.

This primarily relates to the reversal of timing differences on tangible fixed assets through depreciation and capital allowances.

#### 19 Provisions for liabilities

Credits, discounts and	Total
rebates	
£000's	£000's
108	108

At 1 January 2019 and 31 December 2019

#### Credits, discounts and other rebates

In the normal course of business the Company receives rebates, discounts, and other credits from vendors for the procurement of goods and services that the Company commission on behalf of third party clients. Following an extensive review in 2004, the Group established that in some instances, the accounting for these amounts was inconsistent with the underlying contractual requirements and a provision was established. In the current year, the Group has reviewed the arrangement to see whether criteria for recognition in the statement of comprehensive income have been met. In instances where those criteria have been met, corresponding amounts have been recognised in the statement of comprehensive income. In addition, as the statute of limitations period of 6 years has passed in relation to certain credits, these amounts have been released in the current year.

The claim is expected to be fully resolved by 2020.

# 21 Capital and other commitments

2019	2018
£000's	£000's

#### Capital commitments

At 31 December, the Company had no capital commitments or future contracts (2018: none)

#### Operating lease commitment

As at 31 December, the Company had the following total future minimum lease payments commitments under non-cancellable operating leases for each of the following periods:

#### Payments due:

- Not later than one year	121	129
- Later than one year and not later than five years	485	514
- Later than five years	121	257
Total minimum lease commitments	727	900

# 22 Contingent liabilities

The Company is not party to any commitments or guarantees including composite cross guarantees between banks and fellow subsidiaries except for The Interpublic Group of Companies, Inc. pooling arrangements with Lloyds Banking Group plc. The interest rate is linked to a variable base rate and borrowings are secured by parent company guarantees.

#### Notes to the financial for the year ended 31 December 2019 (continued)

# 23 Share based payments

#### Long term incentive plans

The Interpublic Group of Companies, Inc. issues stock and cash based incentive awards to employees under a plan established by The Interpublic Group of Companies, Inc., along with other companies in the Interpublic group, participates in The Interpublic Group of Companies, Inc. long term incentive plans. Refer to The Interpublic Group of Companies, Inc. 2019 Form 10-K for further disclosures relating to their long term incentive plans.

#### Effect of share-based payment transactions on company's results and the financial position

Total expense recognised for equity-settled share based transactions	127	80
Total expense recognised for share based transactions	127	80
Closing liability/other reserves for equity-settled share based transactions	50	27

#### **Equity Settled Restricted Stock Units**

Awards to be settled in shares are granted to certain key employees and are subject to certain restrictions and vesting requirements, as determined by The Interpublic Group of Companies, Inc.'s Compensation Committee. The vesting period is generally three years. The fair value of the restricted stock awards is based on The Interpublic Group of Companies, Inc.'s share price on the date the award is granted. No monetary consideration is paid by a recipient for a stock-settled award and the fair value of the shares determined on the grant date is amortized over the vesting period.

There were no equity settled restricted stock units awarded to Mediabrands Limited's employees prior to 2007.

The Interpublic Group of Companies, Inc. grants both time based and performance based restricted stock units to be settled in shares.

Performance-based awards have been granted subject to certain restrictions and vesting requirements as determined by The Interpublic Group of Companies, Inc.'s Compensation Committee. Performance-based awards are a form of stock-based compensation in which the number shares ultimately received by the participant depends on the Company and/or individual performance against specific performance targets.

The awards generally vest over a three-year period subject to the participant's continuing employment as well as the achievement of certain performance objectives. The final number of units and therefore shares that could ultimately be received by a participant ranges from 0% to 300% of the target amount of units originally granted. Stock-based compensation expense is amortised for the estimated number of performance-based awards that are expected to vest over the vesting period using the fair value of the shares at the end of the period.

#### Notes to the financial for the year ended 31 December 2019 (continued)

## 23 Share based payments (continued)

#### Share Settled Performance Related Restricted Stock Units

Movements in the number of awards outstanding and their related weighted average exercise prices are as follows:

	2019 No. of units	2019 Weighted average fair value (£)	2018 No. of units	2018 Weighted average fair value (£)
Outstanding as at 1 January Granted during the year	6,301 5,456	16.32 17.28	2,917 3,384	19.03 17.16
Vested during the year Outstanding at 31 December	(1,546) 10,211	17.28 17.49	- 6,301	16.32

Compensation expense in connection with the restricted stock awards was £71.814 in 2019 (2018: expense £62,315). The Interpublic Group of Companies, Inc. is responsible for issuing the shares upon settlement of the awards and therefore holds the equity balance for the equity settled awards.

Total accrued liability in relation to unvested awards as at 31 December 2019 is £nil (2018: £nil).

#### **Share Settled Time Based Restricted Stock Units**

Movements in the number of awards outstanding and their related weighted average exercise prices are as follows:

	2019 No. of units	2019 Weighted average fair value (£)	2018 No. of units	2018 Weighted average fair value (£)
Outstanding as at 1 January	3,384	16.32		-
Granted during the year	5,456	17.28	3,384	17.16
Outstanding at 31 December	8,840	17,49	3,384	16.32

Compensation expense in connection with the restricted stock awards was £54.854 in 2019 (2018: expense £17.674). The Interpublic Group of Companies, Inc. is responsible for issuing the shares upon settlement of the awards and therefore holds the equity balance for the equity settled awards.

# Notes to the financial statements for the year ended 31 December 2019 (continued)

#### 24 Pensions

#### Defined contributions scheme

The Company participates in a number of defined contribution pension schemes. The assets of the schemes are held separately from those of the Company in an independently administered fund. The pension cost represents contributions payable by the Company to the fund and amounted to £1,706.716 (2018: £1,153.187). At 31 December 2019. £144,801 remained unpaid and accrued (2018: £104,321).

#### **Defined Benefit Scheme**

During the year, the Company, along with other companies in The Interpublic Group of Companies. Inc., also participated in The Interpublic Pension Plan ("the Plan"), which is a defined benefit plan providing benefits based on members' pensionable service and pensionable earnings. Mediabrands Limited, along with other companies in the Group, is unable to identify its share of the underlying assets and liabilities in the Plan and so accounts for its participation in the Plan as a defined contribution plan, with contributions payable being charged to the profit & loss account in the period to which they relate, in accordance with FRS 102.

The latest actuarial valuation of the Plan for funding purposes was carried out as at 31 March 2018 by a qualified actuary appointed by the Trustee of the Plan. The key financial assumptions used in the valuation were as follows:

Discount rate: 2.10% a year

Rate of Price Inflation (CPI): 2.30% a year Rate of Price Inflation (RPI): 3.30% a year

Rate of pay increases: n/a

Rate of pension increases: 3.10% a year (benefits accrued up to 30 June 2007) Rate of pension increases. 2.10% a year (benefits accrued from 1 July 2007)

Towards the cost of ongoing benefit accrual, the participating employers paid contributions of 19.0% of active members' pensionable earnings for the period from 12 June 2013 to 31 March 2016 increasing to 27.9% of active members' pensionable earnings from 1 April 2016 to 30 September 2016. The balance of this cost was met by the active members who each paid contributions at the rate of 10.2% of pensionable earnings. Effective 1 October 2016, the Plan was closed to future accrual and the salary link for both active and linked members was broken. As a consequence, contributions from both employers and active members, relating to the cost of ongoing accrual, ceased from this date.

As at 31 March 2018, the actuary calculated the funding deficit to be £91.4 million. In respect of this shortfall in funding, in accordance with the Recovery Plans in force over the period and with the Schedules of Contributions in force over the period, the employers are to contribute amounts to the Plan such that the cumulative amount totalled at least £483,333 per month from 1 April 2016 to 30 September 2019 and £541,667 per month from 1 October 2019 until 31 October 2026. In addition, further contributions of £1,968,000 and £1,500,000 were paid to the Plan during 2016.

Mediabrands Limited contributed £111,355 per month from 1 January 2019 to 30 September 2019, and £298,089 per month from 1 October 2019 and 31 December 2019.

The employers also make contributions to the Plan in respect of administration, running costs and statutory levies. The amount of such contributions to the Plan over the year by Mediabrands Limited, was £66,813

The cost of contributions to the Plan by the Company amounted to £476,258 during the year (2018: £437.912).

#### 25 Events after the reporting period

Since 31 December 2019, COVID-19 has been declared as a pandemic. The Company has determined that, in line with Section 32 of FRS102, this is a non-adjusting event after the end of the reporting period. Accordingly, the financial position and results for the year ending 31 December 2019 have not been adjusted to reflect the impact of the pandemic. The duration and impact of the COVID-19 pandemic remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Company for future periods.
