AUDITORS' REPORT TO THE MEMBERS OF ARRIVA TEESSIDE LIMITED

We have audited the financial statements on pages 4 to 12 which have been prepared under the historical cost convention and the accounting policies set out on page 6.

Respective responsibilities of Directors and Auditors

The Directors are responsible for preparing the Annual Report. As described on page 2, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the United Kingdom Companies Act. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of the information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the Company's affairs at 31st December 2000 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST DECEMBER 2000

1 Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, using the accounting policies set out below and in accordance with applicable accounting standards.

Cash flow statement

The Company is a wholly owned subsidiary and the ultimate parent company has prepared a group cash flow statement. Accordingly, under FRS 1, the Company is exempt from preparing a cash flow statement.

Turnover

Turnover consists of the gross revenue for road passenger transport together with the aggregate amounts receivable for other goods and services supplied in the ordinary course of business, excluding VAT.

Depreciation

Depreciation is calculated to write off cost or valuation of tangible fixed assets on the following bases:

Freehold properties
Plant and machinery
Fixtures, fittings and equipment
Other motor vehicles
Public service vehicles

2% per annum on cost or valuation 10% to 20% per annum on cost 10% to 20% per annum on cost 24% to 48% per annum on cost Over periods up to 15 years

Stocks

Stocks are valued at the lower of cost and net realisable value.

Deferred taxation

Provision is made on a liability basis for tax deferred by timing differences to the extent that there is a reasonable probability that the tax deferral will crystallise in the forseeable future.

Pensions

ARRIVA plc operates retirement benefit schemes, both defined benefit and defined contribution schemes, which cover employees of the Company. Contributions made to the defined benefit scheme are based on the cost of providing pensions across all participating group companies. Costs are not determined for each individual company. Contributions payable by the Company are charged to the profit and loss account in the period in which they fall due. Contributions payable under the defined contribution scheme are charged to the profit and loss account as they arise.

Hire purchase and leased assets

Where assets are financed by leasing agreements ('finance leases') the assets are included in the balance sheet at cost less depreciation in accordance with the Company's normal accounting policies. The present value of future rentals is shown as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease in proportion to the balance of capital repayments outstanding.

20 Pension scheme

At 31 December 2000 the ultimate parent company, ARRIVA plc, operated both defined benefit and defined contribution retirement benefit schemes providing benefits to certain employees within ARRIVA Teesside Limited. The schemes are financed through separate Trustee administered funds managed by independent professional fund managers on behalf of the Trustees.

Contributions to the defined benefit fund, the ARRIVA North East Limited Retirement Benefits Plan, are based upon actuarial advice following the most recent actuarial valuation of the fund. The latest actuarial valuation was performed as at 5th April 2000, using the Projected Unit Method. The principal actuarial assumptions were that:

- (i) the annual rate of return on investment would be 2.5 per cent higher than the annual increase in total pensionable remuneration:
- (ii) there would be no variation from a scheme's rules to pensions in payment.

On the basis of these assumptions the actuarial value of the funds at 5th April 2000 was sufficient to cover 108 per cent of the benefits then accrued to members. The market value of the scheme's assets at 5th April 2000 was £3.9 million.

The pensions cost charge for the year represents contributions payable by the Company to both schemes and amount to £42,000 (1999: £59,000).

21 Ultimate parent company

The ultimate parent company and ultimate controlling party is ARRIVA plc, a company which is registered in England and Wales, and which has prepared group accounts incorporating the results of ARRIVA Teesside Limited. Copies of these accounts can be obtained from Admiral Way, Doxford International Business Park, Sunderland, SR3 3XP.

Transactions with other companies in the ARRIVA Group are not specifically disclosed as the company has taken advantage of the exemption available under FRS 8 "Related Party Disclosures" for wholly-owned subsidiaries.
