DIRECTORS' REPORT (CONTINUED)

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will
 continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

CLOSE COMPANY

In the opinion of the directors the company is a close company within the provision of the Income and Corporation Taxes Act 1988.

AUDITORS

A resolution to re-appoint the auditors, Price Waterhouse will be proposed at the Annual General Meeting.

By Order of the Board

AUDITORS' REPORT TO THE MEMBERS OF EUROFLEET RENTAL LIMITED

We have audited the accounts on pages 5 to 14 whire have been prepared under the historical cost convention and the accounting policies set out on pages 7 and 8.

Respective responsibilities of directors and auditors

As described on page 3 the company's directors are responsible for the preparation of accounts. It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

Opinion

In our opinion the accounts give a true and fair view of the state of the company's affairs as at 30 September 1993 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE ACCOUNTS - 30 SEPTEMBER 1993

1 ACCOUNTING POLICIES

The accounts have been prepared under the historical cost convention and the same with applicable accounting standards. The principal accounting policies of the company, which nave been applied consistently, are as follows:

(a) Tangible fixed assets

Non-refrigerated trailers are depreciated over a period of 12 years to a residual value of the greater of 10% of cost or £1,000. Refrigerated trailers are depreciated over a period of 10 years to a 10% residual value.

Plant and equipment is depreciated on a straight line basis at rates between 7 1/2% and 25% after taking account of expected residual values. Other annual rates of depreciation used are:

Motor vehicles

- 25%

Fixtures and fittings Computer software - 10% to 20%

- 33 1/3%

(b) Stocks and work in progress

Stocks of consumable parts are stated at the lower of cost and net realisable value.

(c) Finance leases and hire purchase contracts

Certain items of plant and equipment are financed by leasing agreement that give rights approximating to ownership ("finance leases"). These are included in the balance sheet as ilxed assets at cost less depreciation and the capital element of future rentals is treated as a liability. The interest element is charged to profit and loss account over the period of the finance lease in proportion to the balance of capital repayments outstanding. Assets held under hire purchase contracts are accounted for on a basis similar to that adopted for finance leases and are included in the balance sheet under that heading.

(d) Deferred taxation

Deferred taxation is provided on differences arising from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the accounts, to the extent it is probable that a liability will crystallise in the foreseeable future.

1 ACCOUNTING POLICIES (CONTINUED)

(e) Repairs and maintenance of vehicles

Costs of repairs and maintenance of vehicles including tyres are charged to revenue as incurred.

(1) Pension costs

For pensions which are to be met from externally funded defined benefit schemes, costs are accounted for on the basis of charging the pensions cost over the period during which the company will benefit from the employee's services.

2 TURNOVER

Turnover, all of which was within the United Kingdom, represents the invoiced amount of goods and services during the year, stated net of trade discounts and value added tax, including intercompany sales which are at normal commercial prices.
