Haymarket Network Limited Annual Report and financial statements Strategic Report for the Year Ended 30 June 2014

The directors present their strategic report for the year ended 30 June 2014. The directors, in preparing this strategic report, have complied with s414c of the Companies Act 2006.

Principal activities

The principal activity of the company has continued to be the publishing of magazines and other printed material for clients, together with the provision of editorial content for use online. These activities are carried out predominantly in the UK. The Company's trade and assets have been transferred to its parent company Haymarket Media Group Limited since the year end.

Fair review of the business

The Company's results for the year and state of affairs as at 30 June 2014 are shown in the attached financial statements. Turnover was down from £25.9m to £12m, the loss, after taxation, for the year is £55,000 (period to 30 June 2013: £712,000 profit).

The prior period's result included turnover and profits arising from work performed for the London 2012 Olympics and Paralympics.

In addition to the financial performance indicators set out above, the Company's principal non-financial key performance indicator is headcount, details of which are set out in note 2.

Environmental matters

The Company recognises the importance of its environmental responsibilities, monitors its impact on the environment and designs and implements policies to reduce any damage that might be caused by the company's activities. Initiatives designed to minimise the company's net impact on the environment include compliance with ISO 14001.

Principal risks and uncertainties

The financial risks that the Directors consider most applicable to the Company are credit risk, liquidity risk, interest rate risk and, to a lesser extent, currency risk.

The Company's credit risk is primarily attributable to its trade receivables (which are held in a subsidiary company). The Company actively monitors amounts owed by its customers by way of comprehensive and detailed information that is supplied regularly to management. The Company has no concentration of credit risk, with its exposure being spread over a large number of clients.

The Haymarket Group mitigates liquidity risk by assessing working capital requirements against its undrawn facilities to ensure that it has availability of funds for day-to-day operations. The Group uses a combination of long-term and short-term debt finance to ensure that sufficient funds are available for ongoing operations and future developments. As discussed below in this directors' report and in note 1, the Group has renegotiated its banking facilities during the period.

A proportion of interest rate and currency risk is hedged by a parent company by way of fixed interest and foreign currency bank loans.

The directors acknowledge that there is inherent execution risk associated with the group's property sale and the move into rented accommodation. However, the directors have confidence that they could secure an alternative buyer considering the competition that led to the current contract.

Haymarket Network Limited Annual Report and financial statements Directors' Responsibilities Statement

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent; and
- State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2014 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
 and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Emphasis of matter - financial statements prepared on a basis other than that of a going concern

In forming our opinion of the financial statements, which is not modified, we have considered the adequacy of the disclosure made in Note 1 to the financial statements, which explains that the financial statements have been prepared on a basis other than that of a going concern.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- · the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.
