## 1. Accounting policies

These financial statements are prepared on the realisable value of assets and liabilities therein and in accordance with applicable accounting standards in the United Kingdom and the Companies Act 2006.

### *Accounting basis*

The financial statements are prepared under the historical cost convention.

### *Group accounts*

The financial statements contain information about the company as an individual company and do not contain consolidated financial information as parent of a group. The company is exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the financial statements of Honeywell International Inc., a company registered in the USA, and whose financial statements the directors consider to be drawn up in a manner equivalent to the 7th Directive. The financial statements of Honeywell International Inc. are publicly available.

### *Investments*

The company's interest in subsidiary undertakings is shown at cost less provision for permanent impairment. The value of investments is reviewed annually by the directors or more frequently if there is a triggering event, and provision made where it is considered that there has been a permanent impairment of value.

## 2. Cash flow statement and related party transactions

The company is a wholly owned subsidiary company of a group headed by Honeywell International Inc., and is included in the consolidated financial statements of that company, which are publicly available. Consequently, the company has taken advantage of the exemption within FRS 1 "Cash flow statements" (revised 1996) from preparing a cash flow statement.

In accordance with the exemptions available under FRS 8 "Related party disclosures", transactions with other wholly owned undertakings within the Honeywell group are not required to be disclosed in these financial statements, on the grounds that this company is a wholly owned subsidiary of Honeywell International Inc., whose financial statements are publicly available.

## 3. Employees and directors

In 2014 and 2013, all directors were remunerated by other group companies for their services to the group as a whole. No charge has been made to the company as in the opinion of the directors it is not possible to determine with reasonable accuracy the split by company.

The company has no other employees.
