The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th April 2019.

The members have not required the company to obtain an audit of its financial statements for the year ended 30th April 2019 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
  - preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each
- (b) financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

Page 2 continued...

BALANCE SHEET - continued 30TH APRIL 2019

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors on 5th January 2020 and were signed on its behalf by:

P M S Newsome - Director

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH APRIL 2019

#### 1. STATUTORY INFORMATION

Newsome Properties (Coventry) Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

#### 2. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

#### Significant judgements and estimates

There are no significant judgements that have a material effect on the accounts nor any accounting estimates that have a high risk of causing a material adjustment in a future accounting period.

#### **Turnover**

Turnover represents the invoiced amount of rents and service charges. The company is not registered for value added tax.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Investment property - not provided Computer equipment - 33% on cost

#### **Investment property**

The directors have agreed that the cost of valuing the investment property under the fair value methodology outweighs the benefits provided to the users of the financial statements, and therefore have opted to account for the investment property in accordance with Section 17 of the Financial Reporting Standard 102.

The directors have used the valuation of the property as at the transition date of 1st April 2016 as the deemed cost for this purpose.

The directors are of the opinion that the residual value of the investment property is at least equal to the book value and therefore no depreciation is provided.

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
