#### THE DIRECTORS' REPORT

#### YEAR ENDED 31st MARCH 2009

The directors present their report and the financial statements of the company for the year ended 31st March 2009.

#### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The company's principal activity is the management of global fixed income and associated currency overlay programmes and the provision of investment advice for institutional clients and regulated investment management companies.

The directors continue to refocus the company's activities to take advantage of the global demand for alternative products and to seek to manage money for other regulated investment managers who require exposure to these markets.

The company is authorised and regulated by the Financial Services Authority (FSA) in the United Kingdom and the Securities & Exchange Commission (SEC) in the United States.

#### **Financial Key Performance Indicators**

The directors consider the Financial Key Performance Indicators to be the following:

|                                 | 2009     | 2008     |
|---------------------------------|----------|----------|
| Turnover                        | 50,993   | 70,858   |
| Increase/(Decrease) in turnover | (28)%    | (83)%    |
| Operating loss                  | (57,561) | (15,818) |

# Non-Financial Key Performance Indicators

The directors believe that building investment management businesses is a long term activity and that in the initial years it is difficult to achieve profits given the dynamics of the market place for investment management services (which do not favour relatively new businesses). The key values imbedded in an investment management business are the staff and the investment management performance they create; the ability of the company's processes to continually produce competitive performance and the reputation the company achieves by being fully compliant with the rules and requirements of its regulators across varying jurisdictions. The company will be judged successful if in a compliant manner it can achieve better than average investment performance for its clients while experiencing a below average turnover in its professional staff. In a company this size the directors consider there are collectively other numerous non-financial performance indicators but none individually are key.

# THE DIRECTORS' REPORT (continued)

#### YEAR ENDED 31st MARCH 2009

#### **RESULTS AND DIVIDENDS**

The loss for the year amounted to £56,350. The directors have not recommended a dividend.

#### FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The company had no hedging arrangements at 31st March 2009.

As the company is a regulated company, management gives continuous attention to the company's financial position especially in terms of its net regulatory capital position (NRCP). The NRCP is calculated by the company annually following the annual audit, using the current rules set down by the company's regulator. In achieving NRCP compliance, the company identifies and provides for financial risks it may encounter and, for example, it seeks to allocate capital in excess of NRCP to cover exposures, if any, to illiquid assets, prepayments, foreign exchange exposures and debtors in excess of one month.

As the company's income may be denominated in foreign currency, management's normal policy is to hedge back into sterling expected future foreign exchange receivables. Such transactions are unlikely to involve sales with a tenor of more than six months. However, as foreign exchange management is a key competence of the company, management may in the light of the company's analysis of future foreign exchange movements leave receivables denominated in foreign currency un-hedged in anticipation of a fall in the external value of Sterling.

The company, pursuing its new business plan (which could extend to a further ten years) seeks to gain and retain a small number of clients and anticipates that their investment needs are likely to be similar. The company may therefore be exposed to, for example, a market-driven switch in investment product by a significant number of clients simultaneously, or alternatively, may under-perform other managers leading over time to the loss simultaneous of clients.

The company monitors all cash, debtors, creditors and foreign exchange rate fluctuations on an ongoing basis to ensure that it has sufficient cash flows and funds for its working capital requirements.

#### **DIRECTORS**

The directors who served the company during the year were as follows:

M J W Daley A R C Taylor M S Carter

M S Carter was appointed as a director on 31st October 2008.

A R C Taylor resigned as a director on 31st October 2008.

# THE DIRECTORS' REPORT (continued)

#### YEAR ENDED 31st MARCH 2009

#### **DIRECTORS' RESPONSIBILITIES**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information of which the company's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Signed on behalf of the directors

MJWIL

M J W Daley Director

Approved by the directors on 7th July 2009

# INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF AVEBURY ASSET MANAGEMENT LIMITED

#### YEAR ENDED 31st MARCH 2009

We have audited the financial statements of Avebury Asset Management Limited for the year ended 31st March 2009 on pages 7 to 15, which have been prepared on the basis of the accounting policies set out on pages 9 to 10.

This report is made solely to the company's shareholders, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

#### RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITOR

The directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

#### **BASIS OF AUDIT OPINION**

We conducted our audit in accordance with international Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

# INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF AVEBURY ASSET MANAGEMENT LIMITED (continued)

#### YEAR ENDED 31st MARCH 2009

#### **OPINION**

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 31st March 2009 and of its loss for the year then ended;
- $\cdot$  the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' Report is consistent with the financial statements.

#### **Emphasis of matter - Going concern**

In forming our opinion on the financial statements, which is not qualified, we have considered the adequacy of the disclosures made in note 1 to the financial statements concerning the company's ability to continue as a going concern. These indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern.

These financial statements were approved by the directors and authorised for issue on 7th July 2009, and are signed on their behalf by: MJWZ

Director

The notes on pages 9 to 15 form part of these financial statements.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEAR ENDED 31st MARCH 2009

#### 1. ACCOUNTING POLICIES

#### Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

#### Going concern

The profit and loss account for the year shows a loss of £56,350 and the group balance sheet shows shareholders funds of £68,306. The company has £65,863 cash at bank and no bank borrowings. The company finances its activities via the support of M J W Daley (director/shareholder) who has confirmed his continued support.

Avebury Asset Management Limited is regulated by the FSA and has complied and continues to comply with the FSA's funding requirements.

The directors continue to refocus the company's activities to take advantage of the global demand for alternative products and to seek to manage money for other regulated investment managers who require exposure to these markets.

The company maintains positive cash balances to enable it to meet its liabilities as they fall due. The directors continue to seek further opportunities in its regulated market and has reduced its overheads to enable it to continue to trade for the foreseeable future. The directors do not expect to have to renegotiate any bank facilities or extend support from the directors in the forthcoming 12 months and as a consequence they believe that the company is well placed to manage its business risks successfully despite the uncertain economic outlook.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

#### Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated cash flow statement.

#### Turnover

Turnover represents management performance fees received and receivable on portfolios managed and investment advisory services provided during the year. All amounts are stated net of attributable value added tax.

#### **Fixed assets**

All fixed assets are initially recorded at cost.

# Depreciation

Depreciation is calculated so as to write off the cost of an asset over the useful economic life of that asset as follows:

Fixtures & Fittings

25 - 33.3% straight line

#### Pension costs

Pension costs charged against profits represent the amount of the contributions payable to employee pension schemes in respect of the accounting period.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### YEAR ENDED 31st MARCH 2009

#### 1. ACCOUNTING POLICIES (continued)

#### Deferred taxation

4 t 2

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

#### Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction or an agreed forward contract rate. Exchange differences are taken into account in arriving at the operating profit.

#### Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

#### 2. TURNOVER

The turnover and loss before tax are attributable to the one principal activity of the company.

An analysis of turnover is given below:

|                | 2009        | 2008   |
|----------------|-------------|--------|
|                | £           | £      |
| United Kingdom | 45,833      | 1,508  |
| USA            | 5,160       | 69,350 |
|                | 50,993      | 70,858 |
|                | <del></del> |        |

#### 3. OPERATING LOSS

Operating loss is stated after charging/(crediting):

|  | 2009    | 2008   |
|--|---------|--------|
|  | £       | £      |
| Depreciation of owned fixed assets                         | 1,353   | 1,425  |
| Net (profit)/loss on foreign currency translation          | (3,312) | 2,076  |
| Auditor's remuneration - audit of the financial statements | 4,500   | 4,500  |
| Auditor's remuneration - other fees                        | 16,165  | 25,826 |

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED 31st MARCH 2009

#### 6. INTEREST RECEIVABLE

|                          | 2009  | 2008  |
|--------------------------|-------|-------|
|                          | £     | £     |
| Bank interest receivable | 1,211 | 3,734 |

#### 7. TAXATION ON ORDINARY ACTIVITIES

#### Factors affecting current tax charge

The tax assessed on the loss on ordinary activities for the year is higher than the standard rate of corporation tax in the UK of 21% (2008 - 20%).

|  | 2009<br>£         | 2008<br>£ |
|--|-------------------|-----------|
| Loss on ordinary activities before taxation  | (5 <u>6,350</u> ) | (12,084)  |
| Loss on ordinary activities by rate of tax   | (11,834)          | (2,417)   |
| Expenses not deductible for tax purposes     | 12,529            | 64        |
| Depreciation in excess of capital allowances | (32)              | 132       |
| Unutilised current year losses               | ` <u>-</u>        | 2,189     |
| Brought forward tax losses utilised          | (410)             | -         |
| Group relief                                 | (253)             | 32        |
| Total current tax                            | -                 |           |
|  |                   |           |

# Factors that may affect future tax charges

The company has available tax losses of £50,993 (2008: £52,943) to carry forward against future trading profits.

No deferred tax has been provided on the above tax losses due to the uncertainty of the timing of the recovery of these losses.
