WIRE & PLASTIC PRODUCTS LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2021

The Directors present their Strategic report on Wire & Plastic Products Limited (the 'Company') for the year ended 31 December 2021.

Principal activities

The Company is a member of the WPP plc Group (the 'Group'). The Company's principal activity is to act as an intergroup financing company.

Future developments

The Directors do not envisage any major change to the nature of the business in the foreseeable future.

Business review

The Company made a loss for the year ended 31 December 2021 of £6,666 which will be transferred from reserves (2020: a loss of £66,631 which was transferred from reserves).

From April 2021, following an update to Group policy, the Company's syndicated banking arrangements with the Group have been restructured into 'zero balancing' pooling arrangements with a fellow Group company acting as the cash pool leader of these cash pools within the UK. All such receivables and/or payables shall be short term in nature and the Company, as a participant in the cash pooling arrangements, can transact as normal on its bank accounts, notwithstanding that any cash and/or overdraft will be held by the cash pool leader.

The Directors are of the opinion that the current level of activity and performance is sustainable, due to continued support from the Group and will remain so for the foreseeable future. Further details are provided in the "Going concern and liquidity risk" section.

Dividends

The Company did not pay a dividend either in the current year or prior year. No dividends have been declared since the balance sheet date.

Going concern and liquidity risk

The Directors have assessed the ongoing business activities and the potential impact that the Covid-19 pandemic, Russian invasion of Ukraine and general global economic conditions may have on the liquidity, performance and financial position of the Company for at least the next 12 months from the date of signing the financial statements.

The Company is a subsidiary of WPP plc and is supported by the overall WPP plc financing arrangements via the cash pooling arrangements and can therefore meet its short and long-term liabilities as they fall due.

The Directors therefore continue to adopt the going concern basis of accounting in preparing the financial statements.

STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

Financial risk management and principal risks and uncertainties

The Directors of the Company have considered the principal risks and uncertainties affecting the Company as at 31 December 2021 and up to date of this report. The Company's activities expose it to a number of financial risks including credit risk, currency risk and liquidity risk. The principal risks for the Company are shown below:

Credit risk

The Company's principal financial assets are bank balances and cash and trade and other receivables. The Company's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows. The credit risk is limited because the counterparties are intergroup companies which are supported by the overall Group financing arrangements.

Currency risk

The Company's activities expose it to the financial risks of changes in foreign exchange rates. Overall, the Company has minimal exposure to currency risks due to it mainly transacting in Pounds sterling. The Group's treasury function takes out contracts to manage the risk at a Group level.

Financial key performance indicators

	2021	2020	Change
	£	£	%
Loss before tax	(6,666)	(66,631)	(90.0)%
Net liabilities	(922,932)	(916,266)	0.7%

The Company is a wholly owned subsidiary of WPP plc. For this reason, the Company's Directors believe that further key performance indicators for the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of WPP plc, which includes this Company, is discussed in the Group's annual report, which does not form part of this report. The financial statements of WPP plc are available at www.wpp.com/investors.

Directors' statement of compliance with duty to promote the success of the Company

The Directors of the Company, as those of all UK companies, must act in accordance with section 172 of the UK Companies Act 2006. The Directors are of the opinion that they have acted fairly and in good faith to promote the success of the Company for the benefits of its members.

The Directors have carried out these duties and have made decisions and undertaken short and long term strategies to maintain its financial performance and position. The Directors continue to recognise the importance of the Company's partnership with all stakeholders, including employees, members, suppliers, customers and the community, as well as maintaining its high standards of business conduct and reputation.

The Directors are of the opinion that the remaining details of how they meet their duty is in line with those reflected by the Directors of WPP plc in their Annual report. Refer to pages 113-115 of the Annual report of WPP plc available at wpp.com/investors for more information on how the Group directors meet their duty.

This report was approved by the board on 16 December 2022 and signed on its behalf.

2. Accounting policies (continued)

The registered address of WPP Jubilee Limited is Sea Containers House, 18 Upper Ground, London, SE1 9GL, United Kingdom. The immediate parent undertaking is Belgrave Square. These financial statements are separate financial statements.

The Directors have assessed the ongoing business activities and the potential impact that the Covid-19 pandemic, Russian invasion of Ukraine and general global economic conditions may have on the liquidity, performance and financial position of the Company for at least the next 12 months from the date of signing the financial statements.

The Company is a subsidiary of WPP plc and is supported by the overall WPP plc financing arrangements via the cash pooling arrangements and can therefore meet its short and long-term liabilities as they fall due.

The Directors therefore continue to adopt the going concern basis of accounting in preparing the financial statements.

2.5 Impact of new international reporting standards, amendments and interpretations

2.6 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.7 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

2.8 Investments in subsidiaries

Investments in subsidiaries are measured at cost less accumulated impairment.

WIRE & PLASTIC PRODUCTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.9 Trade and other receivables

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Trade and other receivables are carried at original invoice amount less any provisions for doubtful debts.

Provisions are made where there is evidence of a risk of non-payment, taking into account ageing, previous experience and general economic conditions. When a trade or other receivable is determined to be uncollectable it is written off, firstly against any provisions available and then to the income statement.

Subsequent recoveries of amounts previously provided for are credited to the income statement. Long-term receivables are discounted where the effect is material.

2.10 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. WIRE & PLASTIC PRODUCTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In the application of the Company's accounting policies, the Directors are required to make judgements (other than those involving estimations) that have a significant impact on the amounts recognised and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimate are recognised in the period in which the estimate is revised if the revision only affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In the opinion of the Directors there are no critical accounting estimates or judgements that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year.
