6 YOUR ADDITIONAL OBLIGATIONS

6.1 You agree that, at all times during the continuance of this security, you:

- (a) will carry on your business in a proper and efficient manner and will not make any material alteration to your business, constituting a change from that carried on at the date hereof;
- (b) will maintain proper and up to date books of account of your business; will keep such books of account and all other documents relating to your affairs at your registered office or at such other place where the same ought to be kept and will promptly provide copies thereof to us upon request;
- (c) will deliver to us the copies of your audited financial statements and any reports and notes accompanying them within 6 months of each year end;
- (d) will punctually pay all your debts and liabilities becoming due and payable and which would, on your winding up, have priority over the charges created by this deed;
- (e) will punctually pay all outgoings payable in respect of the Mortgaged Property and will promptly produce the receipts for them to us upon request;
- (f) will keep all your freehold and leasehold property in good and substantial repair and will allow us free access, at all reasonable times, to view the state and condition of any such property, but without us becoming liable to account as a mortgagee in possession;
- (g) will observe and perform all the lessee's covenants in any lease under which any of the Mortgaged Property may be held and will take no action which might lead to such lease being surrendered or forfeited;
- (h) will allow us, at your expense, to carry out repairs or take any action which we shall reasonably consider necessary should you fail to observe or perform your obligations as a lessee;
- (i) will not exercise the powers of leasing or accepting surrenders of leases, conferred on a mortgagee in possession by Sections 99 and 100 of the Law & Property Act 1925, or any other powers of leasing or accepting surrenders of leases, without our prior written consent;
- (j) will make sure that an order of the Court is obtained, under Section 38(4) of the Landlord and Tenant Act 1954, excluding the security of tenure provisions of that Act, before granting any lease;

- (m) will observe and perform all restrictive and other covenants and stipulations for the time being affecting the Mortgaged Property or its use or enjoyment;
- (n) will not do or allow anything to be done on your freehold or leasehold property which shall be treated as a development or a change of use within the meaning of the Town and Country Planning Acts unless our prior written consent has been obtained;

- (p) will deposit with us all deeds and documents of title relating to your freehold and leasehold property and the insurance policies relating to the same, (subject only to the requirements of any prior Encumbrance or of your landlord);
- (q) will not permit any person to become entitled to any proprietary right or interest which might affect the value of the assets subject to the fixed charges herein.

6.2 If you hold property as a tenant or lessee and shall be required by the landlord either to insure or to reimburse your landlord for any insurance premium paid by him then you shall be treated as having complied with your insuring obligation under this deed if you duly and promptly comply with such requirements. However this shall not affect our right to require you to produce satisfactory evidence that you have complied with the landlord's requirements.
