The financial statements were approved by the Board of Directors and authorised for issue on 15 December 2021 and were signed on its behalf by:

F Wells - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentation currency is £ sterling.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Turnover

Turnover represents net amounts invoiced during the year (excluding value added tax) adjusted for accrued and deferred income where applicable.

Turnover received from operating leases is recognised on a straight line basis over the period of the lease.

Turnover is recognised on the provision of the service.

Tangible fixed assets

All fixed assets are initially recognised at cost.

Freehold property is carried at cost and no depreciation is provided in respect of these properties as the depreciation charge would be immaterial due to the high residual values of these assets, which are ensured by a programme of regular maintenance and repair. Freehold properties will be subject to regular review.

The Companies Act 2006 requires all fixed assets to be depreciated, however, the directors consider that because of the high residual values of land and buildings any charge would be immaterial and therefore to depreciate them would not give a true and fair view.

An annual impairment review is undertaken for those tangible fixed assets which are not depreciated.

Investment property

Investment property is shown at fair value. Any aggregate surplus or deficit arising from changes in fair value is recognised in profit or loss.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred.

Current tax is measured at amounts expected to be paid using tax rates and laws enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except for the recognition of deferred tax assets which are limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences. Deferred tax balances are not discounted.

Financial instruments

Basic financial instruments are measured at amortised cost.

Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2020

1. ACCOUNTING POLICIES - continued**Significant judgements and estimates**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date, and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

Investment property

The classification of property between tangible fixed assets and investment property is subject to judgement, determined by a review of the current rental leases in place and usage of the property.

Other key sources of estimation uncertainty;

Investment property

The investment property is held at fair values which are subject to estimation. The directors have used a valuation based on post year end sales price.

2. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2019 - NIL).

3. TANGIBLE FIXED ASSETS
