### NOTES TO THE ACCOUNTS - YEAR ENDED 30 SEPTEMBER 2019

#### Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's accounts.

#### (a) Basis of preparation

These financial statements have been prepared in accordance with the historical cost convention, Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and in accordance with applicable United Kingdom laws. The Company has not prepared consolidated financial statements as it is a subsidiary of Compass Group PLC, a United Kingdom company and ultimate parent which prepares consolidated financial statements (section 400 CA 2006).

The Company is dormant within the meaning of the CA 2006 and in accordance with the requirements of FRS 102 paragraph 35.10(m) will retain its historic accounting policies for reported assets, liabilities and equity at the date of transition until there is any change to those balances or the Company undertakes any new transaction. In the transition to FRS 102 the Company made no measurement and recognition adjustments.

Under Financial Reporting Standard 1 (revised), the Company is exempt from the requirement to prepare a cash flow statement on the grounds that its ultimate parent company includes the Company's cash flows in its own published consolidated accounts.

#### (b) Intercompany and other receivables

Intercompany and other receivables are measured at amortised cost using the effective interest method less any impairment. Intercompany and other receivables are assessed for indicators of impairment at each reporting end date and are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated cash flows have been adversely affected.
